WINDERMERE PREPARATORY SCHOOL
A NORD ANGLIA EDUCATION SCHOOL

TOGETHER AGAIN

OVERVIEW OF THE WINDERMERE PREP PLAN TO REOPEN FOR THE 2020-2021 SCHOOL YEAR

August 2020 Communication

Dear Windermere Prep Families,

Our campus is bustling with preparations for school next week. We are thrilled that we are finally able to reopen our campus to students after five long months away. Our faculty and staff are in the process of learning all of the new health procedures to ensure the safety of all members of our community. They are also developing their Canvas and Google Classroom pages, which will provide the continuity of learning for students who are at home due to our blended start in the MS and HS or their choice to participate in Campus Connect. As promised in our July communication, we are happy to share that about 30% of our students will be starting the year at home through Campus Connect. Here is a breakdown of participation in the program by grade level.

Campus Connect Statistics

Total students (as of July 31, 2020): 391

- LS: 133
- MS: 79
- HS: 179

PK3	PK4	K	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th	11th	12th
2	10	12	22	18	18	21	30	18	25	36	33	47	49	50

Please note that we will be reaching out directly to families enrolled in Campus Connect with more information in the coming days.

Reminder for the FIRST DAY OF SCHOOL August 12th

- Pk3 - 5th grade: On-Campus
- 6 - 12: Virtual sessions (orientations and classes)

Our August edition of Together Again should be read as an addendum to our July plan with more details regarding the first few weeks of school. All updates will also be posted on our new WPS Updates website. Thank you for your patience and support as we continue to make adjustments to provide the safest environment for all and create learning communities both on-campus and online.

We look forward to being TOGETHER AGAIN next week.

Sincerely,

STEVEN J. LYNG, PH.D.
Head of School

FAQS 11

Appendix

HEALTH AND SAFETY

1 **SCREEN** | All individuals coming on campus are subject to health checks

2 **CLEAN** | Regular disinfecting and deep cleaning of areas in, during, and after use

3 **HYGIENE** | Regular handwashing and availability of hygiene supplies

4 **DISPOSE** | Proper disposal of PPE and used cleaning supplies

5 **DISTANCE** | Maintenance of grouping size and separation guidelines

SEE NEXT PAGE FOR MORE DETAILS

OPENING PLAN - HEALTH AND SAFETY PROCEDURES

- **Updates in Bold**

SCREEN

- Community education on self monitoring of possible COVID-19 symptoms
- Staff, students, and parents be on alert for any symptoms of COVID-19 and will be required to stay home if not feeling well
- Staggering arrival/dismissal times to limit contact and exposure
- Designated staff members for student check in
- Health/temperature screenings will be conducted daily for all staff, students, and visitors
- Any person exhibiting symptoms of COVID-19 on campus will immediately be brought to an isolation area and the WPS COVID-19 Response Plan will be implemented by the school nurse or designated person
- Support for students who are on self-quarantine following travel to high-risk areas or who have been excluded from campus due to screening
- A daily screening questionnaire will take place. If any of the answers flag a questionable exposure, the staff or student will be sent home to be further evaluated
- Recommendations to our students,staff and families to self assess in the mornings prior to arrival and contact your healthcare provider for guidance

CLEAN

- Community education on scheduled cleaning during school day
- Minimize use of shared supplies
- Individual grab and go items from cafe
- Adherence to CDC recommendations for proper cleaning and enhanced sanitation procedures of our facility
- Disinfection protocols for high use areas scheduled through the school day and each evening
- **Installing UV coil lighting system in each of the classrooms HVAC units. A coil sterilization UV light runs 24/7. The UV-C light is a simple, cost-effective way to prevent the growth of bacteria and mold on cooling coils and HVAC ductwork.**
- **Installing Camfil Dual 9 MERV-9/9a which is a breakthrough product where every component has been engineered to deliver the highest level of continuous particle removal**

HYGIENE

- Community education on correct personal hygiene, (handwashing, coughing and sneezing properly)
- CDC approved signage throughout campus on handwashing
- Increased availability of supplies to support healthy hygiene guidance
- Additional 150 sanitizer stations added throughout campus and at all doorways around campus
- Visitors are required to wear face coverings while on campus
- Community education on proper usage and cleaning of face coverings
- All staff and students will be required to wear a face covering while on campus
- Face coverings will be mandatory during instruction, class change, arrival and dismissal
- Teachers will be able to utilize face shields while teaching socially distanced, if a student needs individual assistance, a face covering will need to be used by both parties

DISPOSE

- Community education on proper PPE usage and disposal
- CDC approved signage throughout campus on PPE usage and disposal

DISTANCE

- Community education on CDC guidelines for social distancing
- CDC approved signage throughout campus on social distancing
- Current social distancing guidelines will be monitored and enforced in common areas
- Capacity limits will be placed on common areas such as shared restrooms, Laker Cafe, locker rooms and the Campus Store
- Students seating will be arranged to maximize social distancing

SAFELYPASS: DAILY HEALTH ASSESSMENT

Windermere Preparatory School is committed to the health and safety of our students, staff and visitors. As a part of that commitment we are updating our COVID-19 screening process and will begin using SafelyPass. SafelyPass allows individuals to use mobile devices to submit self declaration forms for themselves or their students. Once a self declaration form is submitted, the school's monitors can grant clearance in a short period of time. To help expedite this process, we are asking that you install SafelyPass on your device.

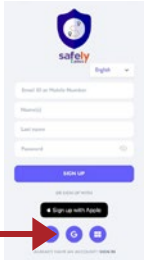
1 Download the SafelyPass App

Download on the App Store

GET IT ON Google Play

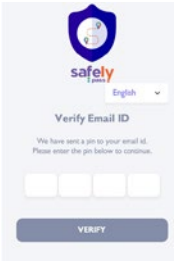
2 Create your account

To get started, enter your data on the sign-up page. You can use an email address or mobile number.



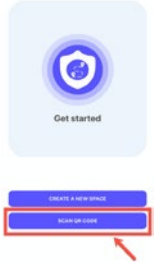
WPS staff and students should use their WPS Google accounts to sign up.

Complete the email or mobile number verification screen to proceed to the next step in the account set up process. Then, log into the SafelyPass app to connect to your location.

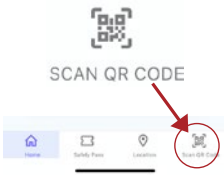


3 Scan the QR code to join your location

Select "Scan QR Code" and your device's camera will open. Point the camera at the QR Code on the right.



OR



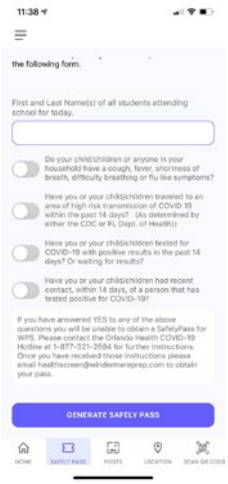
WPS Families

-- Continued on Next Page --

SAFELYPASS: DAILY HEALTH ASSESSMENT

4 Complete your health assessment before visiting campus

Each day prior to arriving on campus, take you or your student's temperature(s) at home and obtain a SafelyPass by completing the Self Declaration form in the app. If you or your students do not meet the requirements, **do not report to campus and contact healthscreen@windermereprep.com for further instructions.** Once you generate your SafelyPass, travel to campus and reopen the app when you arrive to present it to security or a designated school monitor. Your SafelyPass is only valid for a limited amount of time so it is best if it is completed within the hour before arriving on campus.



5 Scan your SafelyPass

Scan your SafelyPass at the Security Gate or with a designated school monitor to gain access to campus.

If you have questions, please contact Steve Shehan (steve.shehan@windermereprep.com) in Facilities or WPS Tech Support (tech@windermereprep.com).

MONDAY, AUGUST 10TH

NEW FAMILY ORIENTATION
- 1:00 pm via Google Meet

BACK TO SCHOOL KICKOFF
- 2:30 pm via Zoom

WEDNESDAY, AUGUST 12TH
- Virtual orientation for all students via homeroom classes
  - Work with your homeroom teacher & classmates
  - Meet with MS admin team
  - Receive your schedule
- Wear WPS spirit wear
- Be prepared with all supplies & info as outlined here: MS Back to School

THURSDAY, AUGUST 13TH
- TEAM RED on campus
  - Wear WPS uniform
  - Bring all supplies, laptop, backpack (remember no lockers!), lunch
  - Follow your schedule: Homeroom, Periods 1-7
- TEAM BLUE at home
  - Review all MS Info: MS Back to School
  - Get acquainted with your schedule

FRIDAY, AUGUST 14TH
- TEAM BLUE on campus
  - Wear WPS uniform
  - Bring all supplies, laptop, backpack (remember no lockers!), lunch
  - Follow your schedule: Homeroom, Periods 1-7
- TEAM RED at home
  - Review all MS Info: MS Back to School

ATHLETICS AND FINE ARTS

ALL ON-CAMPUS PRACTICES AND REHEARSALS WILL BEGIN ON AUGUST 24

ATHLETICS

The Florida High School Athletic Association (FHSAA) Board of Directors voted on Thursday, July 23 to delay the start of fall sports until August 24th. The FHSAA will reevaluate the status of fall sports during the week of August 10-17. WPS will follow the recommendations of the FHSAA and evaluate our fall sports situation at that point.

For more information visit the Athletics Homepage.

FINE ARTS

In just a few short weeks, we will welcome back our students to the beautiful Cypress Center for the Arts. We look forward to seeing all of you again for an exciting year of imagining, creating, producing, and performing. Our ongoing promise to look carefully and tend to individual needs of every child in the fine arts is what we believe truly sets us apart.
Visit our website for information relating to our programs, calendar, events, and our curriculum.

Contact Jason King, Director of Fine Arts, jason.king@windermereprep.com for any questions that you may have about our fine arts programs. Contact Mr. John Rifenberg, wpsfineartsbooster@gmail.com, Fine Arts Boosters President, regarding how you can become a Patron of the Arts this year.

Private Lesson Registration Form (Due August 27, 2020) (offered during after school hours only)
Fine Arts Guidelines COVID-19 Specific

FLEX AND LEAP

The morning FLEX and afternoon LEAP programs will be open for students from PK4 - 12th grades this year. There is a new process for both programs for all families.

Registration is now required for both programs in order to attend each day.

Please click on this link for information on LEAP:

LEAP Program 2020-2021

Please click on this link for information on FLEX:

Morning FLEX

NEW MIDDLE AND HIGH SCHOOL BEFORE AND AFTER SCHOOL PROCEDURES

- Please note that Middle School students who arrive before 7:45 AM either with an older sibling or with a parent, must check into the morning FLEX program in the Laker Lounge
- Students are not permitted to gather and socialize on the campus before homeroom
- Middle and High School students who are not a part of an athletic team, practice, match or training OR a Fine Arts program, lesson or session WILL BE REQUIRED to check into the afternoon study hall MS/HS LEAP program located in the Learning Commons. This is for families who are unable to pick their child up by the regular dismissal time
- This service is free until 4 PM
- Students remaining in the program from 4 PM - 6 PM will incur a $10/day fee, which will be billed to your school account
- The campus closes at 6 PM, so all students must be picked up from the Learning Commons by 6 PM

FLIK AND BOONLI

In order to provide your children their lunch in safe manner during the Covid Pandemic we will be preparing and distributing boxed lunches at school.

Lunch orders will need to be placed and paid online only.
Create your new account at https://wps.boonli.com/login.

The cutoff time for placing orders is 11:59pm for the next day.
However we recommend ordering one week and up to 30 days in advance.
The Boonli website is to be used in all grades PreK3 - Grade 12.

DINING

FAQ

Has the calendar for the 2020 - 2021 school year changed?

The calendar for the school year remains the same. The first day of school will be Wednesday, August 12, 2020.

Will the dress code change for school this year?

The dress code will remain the same. Consideration for PE and Dance classes will be made as needed.

How can I help prepare my child for the new school year?

Our virtual school experience was created to continue the learning objectives that were already planned and complete the assessments necessary to determine if students were able to move on to the next school year. As a school, we do not believe that you have to do anything different this summer than you would have done in previous summers.

HEALTH AND SAFETY

What happens if there is a confirmed COVID19 case? (class, grade, division, teacher)

See the WPS COVID19 Response Plan. Windermere Prep will follow the CDC's and local health partners' guidelines.

How will the school ensure that the CDC guidelines are followed by students, faculty, staff, and guests?

Over the summer and throughout the school year, we will educate all members of our community about our new and increased health and safety protocols. Community education will include new and increased signage for protocols, social media outreach, and lessons embedded in the classroom. As a school, we will work closely with our local health partners to review and evaluate rules and procedures regarding health and safety.

Will WPS be supplying face coverings for students?

Every student will get a face covering from WPS at the beginning of the school year. The student is responsible for cleaning the face covering. Students may also use their own face coverings, provided that graphics and text are school appropriate.

How will WPS practice social distancing while walking around each area?

Social distancing around campus will happen in a variety of ways, including, but not limited to:

- Students restricted to their grade level neighborhoods
- One way traffic around buildings
- Limiting the number of students in common areas, including, but not limited to, bathrooms, indoor hallways, lunch rooms, and common areas.

Has WPS increased the number of hand sanitizing dispensers around the campus?

WPS now has over 250 hand sanitizer dispensers located throughout campus in easy to view locations.

Will students be required to get tested for COVID19 before the start of the school year?

Students who are arriving at the start of school from an area of high risk, have recently traveled from overseas, or have been in close contact with someone who has been diagnosed, should get tested prior to the start of school.

Will there be social distancing inside the classrooms?

Students will be distanced as best we can inside of classrooms rooms. We will try to keep desks and tables so that students are not facing one another within close proximity or in small groups, but in situations where this is not possible we will maintain high levels of personal hygiene and cleanliness.

How is Windermere Prep handling families that travel internationally?

We ask that all families self-report their travel and self-quarantine for 14 days before returning to campus. We are supporting our families who are under quarantine through Campus Connect.

Are there plans to specify hand washing breaks or a hand washing schedule (the whole class washes hands every hr for example)?

Hand washing will be frequently encouraged at every grade level.

For Lower School - Teachers will incorporate frequent hand washing into their everyday routines and schedules.

ON-CAMPUS LEARNING

Will class sizes be reduced?

Class sizes will not be reduced when we return to school. If we are required to move to one of our emergency plans, then class sizes will decrease when students are on campus.

How will the new health and safety guidelines affect the WPVA activities?

The WPVA will remain active during this time, but some events may change due to health and safety protocols.

Will students be able to bring lunches from home?

Students always have the option to bring lunch from home.

For Lower School - Teachers will communicate at the beginning of the school year if there are any allergy restrictions in the classroom.

How do middle and high students order lunch in advance?

Students need to pre-order lunch on the Boonli website. If a student in Middle or High School forgets their lunch, there will be a limited grab and go menu in the Cafe and Campus Store. Lower School students will always have the option to bring lunch from home.
If forgotten, FLiK will provide a boxed lunch and charge the student's account.

CAMPUS CONNECT

Can a student be enrolled in Campus Connect for the whole semester or school year?

Yes, students can be enrolled in Campus Connect for the whole semester or school year.

Will the transcript be the same as if students are learning on-campus?

All students will receive the same transcript, regardless of their location.

Will attendance be taken?

LS - Attendance will be taken during live daily lessons.

MS - via daily check-in form, as well as participation during lessons.Students who are not able to attend due to difference in time zone will be given an alternate way to show their daily work and participation.

HS - Attendance will be taken during live daily lessons. Students who are not able to attend due to difference in time zone will be given an alternate way to show their daily work and participation.

If a student is unable to attend lessons due to illness, parents should email their Campus Connect contact.

Will students have internal and external assessments?

Yes, students will be assesed. Students in Campus Connect will be able to privately ZOOM with a staff member take their NWEA MAP Growth test remotely.

How often can my child switch in-between Campus Connect and on-campus learning?

Consistency is very important for any child's educational growth. Therefore, families should limit switching back and forth between the two programs, unless absolutely necessary. The experience inside the classroom is the best environment for learning, but we know that due to circumstances, some students will need to spend extended time in Campus Connect. We are here to support families, whether their child is in Campus Connect for 10 days or the entire school year.

How will my student participate in labs and other hands-on classroom experiences?

Assignments, assessments, projects, and labs may look different than the on-campus experiences due to supplies, ability to collaborate with other students, and other logistics.

Can students who are sick and need to be absent for less than 10 days participate in Campus Connect?

Campus Connect is only for students who will be absent for 10 days or longer.

Will the school provide supplies for students who are in Campus Connect?

Parents should plan on purchasing supplies just as they would if their child was attending classes on campus. However, parents are not required to purchase additional supplies, such as a frog dissection kit. Virtual opportunities and experiences will supplement what would have happened in the classroom.

Is there a difference between Campus Connect and Virtual School Experience 2.0?

There is a difference between Campus Connect and VSE 2.0.

Campus Connect is for students who are unable to return to campus when classes are in session at school. It will utilize our familiar VSE 2.0 digital platforms, but will follow the traditional schedule for synchronous (live) and asynchronous (recorded) lessons and assignments.

VSE 2.0 will only be used as an emergency response to a state mandate that would require a school closure. Alternate timings for the daily schedule will apply.

EMERGENCY LEARNING (SCHOOL CLOSURE)

When would WPS move to emergency learning?

We will only move to emergency learning if mandated by the government or local health officials.

If emergency learning is mandated, will it be the same program that took place during the spring of 2020?

VSE 2.0, our emergency learning plan, has been updated for the 2020 - 2021 school year. It reflects best practices for students in an online learning environment and allows us to continue to teach and assess students remotely.

What happens if use of VSE 2.0 occurs during an external assessment window?

NWEA MAP Growth testing date(s) will be moved to a time when students may take the tests on-campus

WPS will coordinate with the College Board and IBO to determine next steps

ATHLETICS

Will my child be able to participate on athletic teams?

We are committed to providing athletic teams and seasons based on the guidelines and recommendations of the FHSAA.

Will teams play games against other schools?

We will follow the guidelines and recommendations of the FHSAA.

All home games in the gymnasium will be live-streamed to limit the indoor attendance.

What will happen with locker rooms?

Locker rooms will be available on a limited basis for much of the 2020-21 school year.

All students using any athletic facility will need to bring their own water bottle.

FINE ARTS

How does the current health situation affect the 20-21 Fine Arts calendar?

We are committed to producing all of our fine arts events this year.

Performances will take place on stage inside the Dr. Thomas L. Marcy Theatre.

Activities will continue while adhering to social distancing guidelines.

Will there be performances this year?

Yes. Performances will be live-streamed using four high-quality cameras. Live-stream ticketing options will be made available to families and patrons.

The theatre will reopen for live performances as our state and local guidelines allow.

What are you doing to keep fine arts classrooms clean and safe?

Enhanced cleaning and sanitizing of our facility including daily sanitizing of our marley floors, and more frequent cleansing as per CDC guidelines of the ballet barres and instructional supplies such as shared art supplies and specialized equipment.

Access to proper restrooms in the Cypress Center with proper sanitation areas for frequent handwashing.

Traffic patterns will be marked clearly with entrance, exit, and directional signage.

Students will not be permitted to rehearse in any hallway. Students will rehearse in classrooms and the stage.

Dance students will change in and out of their dress attire (as needed/required) in the first-floor dressing rooms, studio dressing rooms, and top floor restrooms.

Personal bags will need to be stored at least six feet apart from other personal belongings. This will be clearly marked.

There will be no shared equipment: instruments, pom poms, costumes, props.

Band, choir, and theatre arts classes will be taught in a round or U-shape.

MS & HS Visual Arts students will be required to wear masks during class time, while theatre arts students will be provided with a face shield that will belong only to him or her.

Teachers and staff will be required to wear face coverings during classes and after school activities.

Students will not be permitted to sit or congregate in the Cypress Atrium and hallways.

APPENDIX

WPS COVID-19 RESPONSE PLAN

This document was done in consultation with the Orlando Health Business Ready Task Force. All WPS plans follow policies and procedures outlined by NAE and the CDC Guidelines for schools. For use when a member of the WPS Community presents with signs/symptoms of COVID-19. Please contact your Division Director and Nurse for further Instructions.

What will WPS do if a member of a staff or student's household tests positive for COVID 19:

- Refer to Orlando Health COVID 19 Hotline for guidance and next steps- 1-877-321-2684
- Communicate to WPS the recommendations from Orlando Health.
- Staff, students and families are responsible for making the school aware of any COVID 19 positive household members asap
- Staff, students and family are responsible for making the school aware of any COVID 19 exposure they may have had
- Staff /Student will be required to self isolate and monitor their symptoms for 14 days
- Staff /Student will be allowed to return to campus with clearance from the FLDOH, CDC and their physician
- WPS will follow all local and state recommendations on contact tracing and communication to direct contact individuals

What will WPS do if there is a positive case of COVID 19 on campus:

- If WPS has a staff or student with a suspected case of COVID 19, that person will be placed in a separate contained isolation room, given the proper PPE for protection and a family member will be called to collect the individual and require further evaluation
- The individual will not be allowed to return to campus without clearance from the FLDOH and the CDC
- Once a COVID 19 positive case is confirmed from the FLDOH and the CDC, WPS will adhere to their guidelines on contact tracing and isolation
- The suspected contact areas will be isolated and sanitized per CDC standards
- Any suspected individuals with exposure will be notified for further instructions based on FLDOH and CDC guidelines

Return to Work/School Guidelines After Positive COVID-19 Test:

- Based on updated criteria from the Centers for Disease Control and Prevention (CDC), Orlando Health is following a symptom-based and time-based strategy to return team members and clinicians back to work after a positive COVID-19 test. Under the symptom-based guidelines, students and personnel can return to work when the following criteria are met:
  1. At least 24 hours have passed since recovery, which is defined as resolution of fever without the use of fever-reducing medications and improvement in respiratory symptoms (e.g., cough, shortness of breath); AND
  2. At least 10 days have passed since symptoms first appeared
- Those with a positive Covid-19 specimen test, will be required to have a negative Covid-19 specimen test to return to campus.

When should a student or staff member stay at home:

Staff and students should be self monitoring themselves for COVID-19 symptoms.

Any questions or concerns, we encourage you to call Orlando Health COVID-19 Hotline, call 1(877)321-2684 for next steps then communicate with WPS their recommendations.

COVID 19 SYMPTOMS:

- Cough
- Shortness of breath

Or at least 2 of the following symptoms:
