# Council of International Schools Accreditation

Teaching Staff 2014/15

Almost every employee of The British School of Guangzhou is currently involved in a two-year process of self-study and improvement that will be assessed by representatives from the Council of International Schools.

Regular independent surveys are a big part of this process, with results from these published in full on our website twice a year.

We would like to thank everyone for taking part in the latest survey and look forward to your input in the next community survey scheduled for July 2015.

Kind regards,
