

# Year 2 Home Learning Menu

WEEK B

Sent: 1.3.18

Due in: **6.3.18**

## Starters: Science

Find a light source in your home.

Think about what would happen if we didn't have natural light sources.

Find 3 light sources that are manmade and 3 that are natural.

Find out how light travels.

## Main Course – you **MUST** do these every week:

- Read for 15 minutes - 5 times per week
- Learning weekly spellings
- Times table practise
- 15 minutes on Mathletics/Reading Eggs – 3 times per week
- 1 x Numeracy – Worksheet
- 1 x Literacy Activity Sheet

- Everyone **must** finish the main course every week. Work must be completed in your Home Learning books and returned to school on Wednesday of each week.
- Everyone **must** attempt one, or both, of the project deserts. You will be asked to present your work to your teachers and peers.
- If you are feeling *extra* hungry, you can order from the starters. These will focus on a different subject each week. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes. Time spent as a family is important and you can learn together whilst having fun.

## Dessert: Project to be completed by **28 March!**

- Use software online to create a mind map about a topic of your choice.
- Find out how cameras work and make your own pinhole camera.

## Sides: Family Fun

- Take a video of yourself reading your favourite story. Share it using the hashtag #shareastory.
- Read a book in a new place. Get someone to take a photo of you and share it using #shareastory.
