Dear Secondary School Students and Parents

Please see below the Term 2 assessment schedule. The assessments will take place in the lessons printed in pink. In order to avoid confusion, the teaching groups have been highlighted or circled by hand during Tutor Time. Please note: the week preceding the assessment week is revision week. This information is also available on Show My Homework, as well as the revision lists.

We could not stress enough that consistent regular work throughout the academic year is more beneficial than intense periods of revisions ahead of assessments. Similarly, a regular sleep pattern combined with healthy eating habits will enhance the chances of success at academic examinations.

For further information, please contact the Form Tutor through the school reception.
