

Year 2 Home Learning Menu

WEEK B

Sent: 02.11.17

Due in: 07.11.17

Starters: Numeracy

Look for numbers around your house. Can you say the numbers you see?

Double all of the numbers from 1 to 9. Do you know half of 16?

Write down a 2dg number. E.g. 23. Double it! Practise with different numbers.

Learn the two and five times tables off by heart.

Main Course – you **MUST** do these every week:

- Read for 15 minutes - 5 times per week
- Learning weekly spellings
- Times table practise
- 15 minutes on Mathletics/Reading Eggs – 3 times per week
- 1 x Numeracy – Worksheet
- 1 x Literacy Activity Sheet

- Everyone **must** finish the main course every week. Work must be completed in your Home Learning books and returned to school on Wednesday of each week.
- Everyone **must** attempt one, or both, of the project deserts. You will be asked to present your work to your teachers and peers.
- If you are feeling *extra* hungry, you can order from the starters. These will focus on a different subject each week. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes. Time spent as a family is important and you can learn together whilst having fun.

Dessert: Project to be completed by 6

December!

- Create a poster showing all of the different rocks and what they are used for. You could also find rocks and attach them to your poster.
- Create a guidebook to show others how to be a good friend. It should have at least 10 pages.

Sides: Family Fun

- Learn to make bread. What type of bread did you make? What ingredients did you use?
- Go to a museum. What new things did you learn? Was it a museum with old or modern objects?
