

*Welcome to*  
The British School  
of Guangzhou

THE BRITISH SCHOOL  
OF GUANGZHOU  
A NORD ANGLIA EDUCATION SCHOOL

*Be Ambitious*

## About Us

Established in 2005 for international students aged 1 to 18, The British School of Guangzhou quickly gained widespread recognition for excellence, helping graduates enter some of the world's top universities.

The school is housed on an exclusive **39,000m<sup>2</sup> lakeside campus** located 25 minute drive from the centre of Guangzhou City. Facilities nurture individual academic ability with a wide range of performing arts and sports amenities available to challenge student ambitions daily.

In an independent survey administered by the Council of International Schools (CIS) in recent years, 97% of parents said their children find school interesting and engaging and a full 100% of staff said they enjoy working with their colleagues.

Currently the school has around **1400 international students** from 53 countries, making The British School the largest international school in Guangzhou and the clear school of choice for international families relocating to the south of China.

## Core Values

The overarching aim of the school is to 'create a lifelong love of learning' within students applying the core values of **responsibility, commitment, respect and integrity**. This aim and these values permeate the school and are visible in the classroom and beyond each day.

Principal of the school, Mr. Mark Thomas, wholeheartedly believes that *"engaging students in a fun stimulating environment is the key, academic and personal success simply follows"*.

## Our Curriculum

Top academic results are achieved using the globally applauded English National Curriculum, enhanced to serve the school's fully international student body. High performance at primary level is generally equal to or exceeds student performance in the UK and full externally marked and monitored IGCSE and A-Level programmes ensures graduates have a clear pathway to the **world's top ranked universities**.

## World-Class Collaborations

In 2017, the school was also excited to announce Nord Anglia Education's collaboration with the **Massachusetts Institute of Technology (MIT)** and the launch of the science, technology, engineering, arts and mathematics (STEAM) programme.

In 2014, The British School of Guangzhou was one of 10 schools worldwide chosen to help launch Nord Anglia Education's collaboration with **The Juilliard School, New York**. This ongoing collaboration gives the school a now firmly embedded music curriculum created with Juilliard School, a world leader in performing arts education.

## Juilliard

## The Power of Many

The British School of Guangzhou is part of Nord Anglia Education, the world's leading premium schools organisation for pre-school to secondary education. This means your child will be part of a growing global family of 46 schools located in 17 countries.

Nord Anglia Education schools are amongst the most respected international schools in their locations, each united by the common philosophy of being ambitious for each and every student. As part of this philosophy, a British School of Guangzhou student is;

**Academically Ambitious**, which means your child will be challenged by professional teachers and a world-class curriculum to achieve academic success.

**Personally Ambitious**, ensuring your child will develop a lifelong love of learning by embracing the core values of respect, responsibility, commitment and integrity.

**Socially Ambitious**, helping your child to be inspired within a truly international environment to grow as a confident, well-mannered, global citizen.

Being ambitious each day means there is no limit to what your child can achieve and we will support them to achieve more than you may have thought possible.

## Benefiting from a Global Campus

Our unique **Global Campus** helps students explore the world, learn new skills and set their sights higher, developing a truly international perspective through outstanding online, in school and worldwide experiences.

**Global Campus Online** provides a learning environment where students can create content, work with invited experts and debate with others. Your child will grow with the help of a 34,000 student community and experts from around the world through access to a wide variety of courses, information and challenges tailored to their age group.

**Global Campus In School** offers global activities, challenges and competitions where your child will work with fellow students to create innovative solutions for a wide variety of real world situations. Working with world leading partners, such as Oxfam and Imperial College London, students are set an interactive challenge and then take responsibility to manage the project from start to finish.

**Global Campus Worldwide** brings students from across the world together to work on service, leadership or adventure experiences in some of the world's most stimulating locations. Designed to broaden students' horizons, take them away from the beaten track and open their eyes to the world around them, recent programmes have included a global orchestra that performed in New York, summer adventure programmes in the Swiss Alps and leadership courses that took place in Oxford, England.

# Welcome to our Nord Anglia Education Family

Our growing family of 46 outstanding schools, located in 17 countries, offers 39,000 students a unique and truly international education. This exclusive Global Campus will help your child to develop knowledge, skills and behaviours that can be used for success anywhere in the world.
