Admissions Information

Parents seeking admission for their children are invited to make an appointment with our Admissions Officer, in order to pay an initial visit to view the school. At that time, parents can discuss at length the future educational needs of their children and how we can best meet those needs. We recognise that it is often not possible, but it is helpful if children can accompany their parents on this first visit. Our Admissions Policy and the details of our Admissions Procedures offer useful guidance for this initial visit to the school.

We reserve the right to exercise discretion on age entry criteria. Children joining us from another school must provide the most recent reports from their current school, and parents are requested to ensure that any special educational requirements have been fully discussed before a place has been offered. We must reserve the right not to admit children when we believe that we cannot meet their behavioural or educational needs.

ADMISSIONS POLICY

Nord Anglia International School Shanghai is an independent co-educational day school for children aged 18 months to 18 years (Pudong) 2 to 18 years (Puxi). In keeping with our ethos as a multicultural, inclusive and caring community, we are proud to welcome students of all nationalities, races and creeds. As an inclusive school, we seek always to promote equal opportunity, applying our regulations on admissions fairly and without prejudice.

The British education system operates on the premise that students thrive best in their correct class age groups. Differentiated teaching caters for differences in needs and abilities; the most able children are challenged, while children needing support or more time are cared for and encouraged to fulfil their potential.

We believe that it is important for children to be with peers at a similar stage in social maturity and experience tells us that changes made early on may have negative consequences later. For these reasons, we adhere to the policy of keeping children within their correct age band.

If parents feel that their child would benefit from being placed out of age, the school will assess the child, talk to the child's parents and, where possible, to former teachers to make the best decision. In general it is much more advantageous for a child to be older rather than younger in a class.

If a student in Y10 or upwards and working in a second language does not have a level of English high enough to follow successfully

the IGCSE or IB programmes at our school, provided there is evidence of academic ability and the student has a reasonable basic level of English, the school will consider options which would allow the student time to focus on English skills and then join the appropriate programme.

Class Organisation

In managing the composition of classes within a year group, our policy is to achieve as close a balance as possible, considering the following factors: language experience, nationality, ability and gender.

If it is felt it will be beneficial to the year group as a whole, existing class groups may be re-organised at the start of the academic year to ensure an appropriate balance. The children are given many opportunities to work and socialise with all of their peers across the year group, and this is especially encouraged by the House system.

In all issues of child placement the Principal's decision is final.

English Entry Requirements

The English level required is dependent on the age of the child and the course to which entry is sought. Please consult with the Admissions Officer and the School's EAL Policy for further details.

SEN Regulations

Our school has a Special Educational Needs (SEN) Policy based on provision available. The acceptance of students with learning needs will only be confirmed by the appropriate Head of School after discussion with parents. Upon application, it is important that parents share all of the information regarding their child's learning needs, including any professional assessments. Failure to do so might risk the loss of the place once the child has joined our school if we discover that we are not equipped to best assist and support the child's development.

Please note that the Learning Support fee may be higher than those stated. The final cost will be determined on an individual basis after analysis by our Special Needs department.

Admissions Information

STAGE 1 - INITIAL VISIT

We recognise that your first visit to Nord Anglia International School may well be just one step in your introduction to a new life in Shanghai. It is often the case that parents have only a few days to find a school for their children, to choose a home and to begin the induction process in an unfamiliar place of work. With this in mind, we aim to make the choice and the transition as smooth as possible.

It is helpful if your child is able to accompany you on your initial visit, but we recognise that this is not always possible. However, it is certainly the case that the more information we have, the easier it is for us to prepare for your child's first day at school. For this reason, we request that you bring with you a copy of your child's latest school reports, preferably translated into English, and any other relevant details such as examination results.

During your visit, we will explain to you:

- the formal admissions procedure
- the details of our British Education
- all payments due, stating refund and notice requirements
- whether or not there is a waiting list at your child's level (we generally place children in the correct chronological year group according to the British system).

We will provide you with a school brochure and should you wish, answer your more detailed questions on such matters as school uniform, transport, school routines, extracurricular activities and lunch arrangements.

We will expect to answer your queries on these or other matters and clear guidance is given in the documentation. You may also have the opportunity to meet with the Principal or the appropriate Head of School. It may also be helpful for you to meet other senior or specialist teachers, though this may not always be possible on your initial visit. The Admissions Officer will be able to guide you through the process and advise you on class placement and choice of academic subjects. However, it must be clearly understood that such advice does not constitute part of the formal offer. Only senior academic staff can confirm such details after receipt of the formal application and following initial assessments.

STAGE 2 - APPLICATION

Should you decide to apply formally for admission to Nord Anglia International School Shanghai on behalf of your child, we will require:

- a completed Application Form
- a copy of your child's passport and visa
- copies of your child's latest school reports

- An non-refundable application fee of RMB 2,000. Please note that we will not be able to progress your application further until the application fee is paid.

If at this stage you have a need to discuss the particulars of your application with the Principal or the appropriate Head of School, we will be pleased to make an appointment for you. We will acknowledge your application as soon as we receive it and progress it as quickly as possible. If there is a waiting list, we will then contact you when a place becomes available. If you would like more information during the waiting period please contact our Admissions Officer.

STAGE 3 - ADMISSION TO THE SCHOOL

Please note that we assess all students in order to ascertain their level of English and to see their level of achievement relative to our current students. The level of attainment at Nord Anglia International School is high and we need to be sure that your child will cope and settle happily with us. We will also request references and reports from your child's previous school. We have support staff who offer additional help where there are gaps to fill or, for younger children where additional reading or maths support is required. We do offer EAL support, the details of which may be found in our EAL Policy. Such support will incur an additional fee. A formal offer of a place will be made in writing for your child/children should a place be available or alternatively when a place becomes available if there is a waiting list at your child's year level. Your acceptance of the offer should be made prior to your child starting school.

ENROLMENT FEE & DEPOSIT

We will require the non-refundable application fee of RMB 2,000 payable on submission of the application and a non-refundable enrolment fee of RMB 4,000 payable on acceptance of place in school. Your acceptance of the offer should be made prior to your child starting school. The payment of the application and enrolment fees constitutes your acceptance of a place.

Application Fee <i>RMB 2,000</i>	Non-refundable fee payable on submission of application.
Enrolment Fee <i>RMB 4,000</i>	Payable on acceptance of place in school. A seat will not be guaranteed until these fees are paid.
Enrolment Deposit <i>RMB 20,000</i>	
Re-enrolment Deposit – <i>RMB 20,000</i>	The RMB 20,000 deposit will be credited against the next term's tuition fees.
