

Year 2 Home Learning Menu

WEEK A

Sent: 4.1.18

Due in: 9.1.18

Starters: Numeracy

Say doubles to 10 to a friend.

Write doubles to 20.

Explain how to find a double for any 2dg number. Prove it!

Explain to a family member how to solve problems that use near doubles.
E.g. $7 + 8 =$ or $4 + 3 =$ or $11 + 12$.

Main Course – you **MUST** do these every week:

- Read for 15 minutes - 5 times per week
- Learning weekly spellings
- Times table practise
- 15 minutes on Mathletics/Reading Eggs – 3 times per week
- 1 x Numeracy – Worksheet
- 1 x Literacy Activity Sheet

- Everyone **must** finish the main course every week. Work must be completed in your Home Learning books and returned to school on Wednesday of each week.
- Everyone **must** attempt one, or both, of the project deserts. You will be asked to present your work to your teachers and peers.
- If you are feeling *extra* hungry, you can order from the starters. These will focus on a different subject each week. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes. Time spent as a family is important and you can learn together whilst having fun.

Dessert: Project to be completed by 18 January!

- Create a circuit board showing how electricity can make a lamp turn on.
- Create a 3D model of a famous building. Write facts about it.

Sides: Family Fun

- Explore a new part of Qatar. Where did you go? What did you see? Would you go again?
- Track the International Space Station on the computer.
<https://spotthestation.nasa.gov/>
Did you know it travels over Qatar regularly? See if you can spot it!
