## Deputy Consul-General British Consulate

It is with some sadness that I find myself writing my last contribution to the school's yearbook. I have been associated with the British School for over 4 years, both as a parent and in my capacity as Deputy Consul-General. But like the students who will graduate this summer, I too am moving on.

During these four years I have seen massive changes at the school. Perhaps the most radical change has been with ownership, as the school moved to become part of the Nord Anglia Education family, which includes 42 schools across 15 countries, and provides education to over 32,000 students. I have been impressed by how smoothly this transition has been handled. This is testament to the deft leadership of Mark Thomas and his senior management team.

During this year, the school has also continued to change in other ways. Student enrolment now stands at over 1,100. The campus has also grown with the addition of the new Secondary building that includes a state-of-the-art Sixth Form centre for A-Level students. But getting larger is not in itself a measure of success - bigger isn't always the route to better. However, the school has succeeded in achieving both. Exam results were once again impressive, with 80% of A-Level students gaining entry to their first choice university, including a good number who were accepted to universities ranked in the top 20 worldwide. This is no mean feat and a testament to the quality of teaching available at the school.

For those of you who have read my previous yearbook contributions, you'll know that I firmly believe that a good education is about more than simply achieving good academic results. Here the school continues to perform strongly. The collaboration with the Julliard School, New York, has brought a wealth of opportunities to the school's budding musicians.

The continuing commitment of the children to actively get involved in raising money for charity (this year for "Hopeful Hearts") has again made a significant difference to the local community, with the money raised paying for heart surgery for a local child who would otherwise not have had access to this life-saving treatment. Finally, I have seen first-hand the success and pride of the students in completing both Bronze and Silver levels of the Duke of Edinburgh's International Awards scheme. All of this is contributing to their physical and emotional growth, and the school can be proud of its role in producing both intelligent and fully rounded individuals ready to take their places in the world.

Overall this has been another year of notable success and achievement for the school, and I want to congratulate everyone - staff and students alike - for their efforts in contributing to it.

# Mr. Mark Thomas

## PRINCIPAL

This has been another year of impressive development for The British School of Guangzhou. Back in April we celebrated the official opening of our new Secondary campus. The Celebrations were an opportunity to showcase this impressive new facility, which provides VI Form students, in particular, with independent study space and encourages them to demonstrate our core values of responsibility and commitment.

We used the official opening to commemorate the tenth anniversary of the opening of the British School in 2005. For me, this was a particularly poignant celebration as it gave us a chance to thank those students, staff and parents who have contributed so much to the success of our school. Our longest serving students have been with us for 10 years and I would like to personally thank their parents for believing in our school and offering us so much support as we have grown. I would also like to thank this unique group of students; for being such excellent role models and for embracing the opportunities that have come their way. Their achievements are a testament to the quality of teaching that they have experienced and I look forward to hearing about their future successes.

I personally joined the school back in 2008 and it seems amazing to think that back then we only had 175 students. At that time we were not part of FOBISIA, had not even opened our Secondary campus. We had no swimming pool, no orchestra, no residential trips programme and had no Global Campus or Juilliard collaboration. The one thing we did have was ambition. We also believed in the dream of creating a school where children enjoy their learning and go on to achieve great academic results at the same time. As we come to the end of the 2015-16 academic year I believe that we have made this dream a reality. Our students experience a very busy, fun-filled curriculum and go on to achieve excellent academic results. More importantly they study in a safe and supportive environment that encourages them to be actively involved in learning and helps them to become the self-confident young men and women who graduate from our school in ever growing numbers. As we say goodbye to this year's graduates, we will be encouraging them to keep in touch with us, through the NAE Alumni network. While we can be proud of our achievements to date we are no less ambitious. Having become the number one school for the majority of expatriates who come to Guangzhou; we are determined to become one of the top international schools in the China region.

The year has been marked by the expansion of our extra-curricular programme under the direction of Mr Dean, our Director of Sport. It has long been our intention for BSG to be at the hub of the community. This is certainly the case with a plethora of weekend and evening activities providing students with an increasing range of opportunities to develop their skills and enjoy social, academic and sporting activities. This will continue throughout the summer holidays with our summer school staff, providing opportunities for those students who will be in Guangzhou this summer.

This year we will say goodbye to Christine Haslett, who is moving to a promoted position in Shanghai. Christine has led a number of initiatives in our Primary school, and we wish her well in the future. She leaves us with her husband Jonathan, whose legacy to BSG will be our thriving orchestra, which the new Director of Music will be keen to continue. Also moving on to a promoted post is Mark Howe. Mark has held a number of positions in our Secondary School but will be best remembered for helping to create a high quality VI Form and for his ability to motivate students to fulfil their potential. Mark is returning to the UK with his fiancée Miss Walsh who has contributed so much to our Maths department. We wish them all the very best in the future.

I will look forward to seeing everyone in August and until then wish you all a relaxing and safe summer holiday.

“I personally joined the school back in 2008 and it seems amazing to think that back then we only had 175 students.”

## HEAD OF EARLY YEARS

We began this year with the much anticipated unveiling of our newly renovated Early Years campus. It was so wonderful to see the surprise and excitement in both the student's and staff faces when they saw the changes that had taken place over the summer.

Just some of the many highlights were the new library, which had been designed specifically for early years children, the new child-friendly kitchen for cooking activities, the refurbished Activity Room and the new look Front Desk area.

The refurbishment of our Early Years campus has had such a positive impact on our staff and students - all enjoying both working and playing in our new environment.

A first for this year was the opening of our Toddler Class. Due to popular demand, in August 2015, we opened our educational doors to children as young as 12 months old. We were pleasantly surprised to see how popular this programme has been. With Miss Sophie leading this class, it has been much more of a success than predicted and we look forward to continuing, and may be expanding, the programme in the future.

Another highlight from this year has been the students and watching them develop and mature as they progress throughout the year. I will never underestimate the privilege of being able to watch our youngest of children grow and change over such a short period of time and I know the early years Teachers and Teaching Assistants feel immensely proud of the children's achievements by the end of the year.

From the age of 12 months, we encourage our students to be risk takers, to be socially aware, to explore, to find solutions to problems, to find alternatives when faced with a failure, to be experimental, to be confident, to be creative... Ultimately, we strive for the children to be the very best they can be, and most importantly, for them to be ambitious in everything they do.

My final note for this year goes to the Early Years team. We are very fortunate to have such delightful students and parents, superb facilities and quality resources; however, the thing I feel most fortunate to have is the kind of teachers, teaching assistants and administrative support staff that we have. Not only are they quality educators, but most importantly - they care. They care about our school, each other, the level of education we provide, our parents and ensuring the children are safe. We have the most amazing team of staff I have ever had the pleasure of working with, and I look forward to working with such professionals for hopefully many years to come.

# WELCOME TO PLAYGROUP!

## *Mrs. Katherine Weir-Davis* PLAYGROUP LEADER

BSG Playgroup is now into its 8th year and continues to be an incredibly valuable resource for expatriate families looking for a safe and stimulating place for their children to explore, play and develop. The Playgroup also gives parents a unique opportunity to meet other families from the community with whom they can ask advice or simply share experiences with, ultimately offering a crucial social network.

Playgroup takes place in our Indoor Activity Room complete with ball pool, role play areas, soft play area specifically for under twos, climbing frames, slides, cars, trikes, and many other stimulating resources for little ones.

The Coffee Shop that is attached to the Activity Room is of course the crowning glory for parents, with windows looking directly into the Activity Room, where better to relax with an invigorating cup of coffee and a delicious snack whilst being able to keep an eye on your little ones!

We welcome children of all ages, so if you have a new born baby to pre-school aged, please do feel free to join us. BSG Playgroup is free and takes place every Thursday (excluding school holidays) between 9:30-11:30am. Please note that upon your first visit you should bring your child's international passport for registration. There is no need to book a place, you can just come along and join in the fun!

Please note that the Playgroup is not exclusively for BSG families, our doors are open to the wider community – the more the merrier!

The Activity Room and Coffee Shop are also available for party bookings in the evenings or at weekends – a great place to have your child's birthday party!

If you would like further details about the Playgroup or party bookings please do not hesitate to contact Ms. Kathy at [Katherine.weir@bsg.org.cn](mailto:Katherine.weir@bsg.org.cn)

# Mr. Edward Pearce

## HEAD OF PRIMARY SCHOOL

“Good morning, Mr. Pearce, and welcome to the British School!”

These are the words that I was greeted with when the students of BSG arrived for the first day of this academic year. For Omar, it was his way of welcoming me to the school community, as I, along with many other students and staff, arrived for our first day at BSG.

New beginnings can be a challenge. However, when arriving new to an environment that so highly values the core attributes of respect, integrity, commitment and responsibility it is easy to feel welcome from the very first moment you arrive.

The British School of Guangzhou this year celebrates it's 10th year of operation, and from those small beginnings has grown to a school of over 1000 students. The Primary Phase now has almost 600 students from Years 1-6 and does an outstanding job at promoting a lifelong love of learning, not just for it's students, but for all the community. It is a school where the staff are encouraged to be lifelong learners, and with such positive and dedicated role models responsible for the education of our students we are highly effective in promoting this value within our students.

The opportunities and experiences available for our children are amazing, from the minute they come through the school gates to the moment they leave in the afternoon. Through the Julliard collaboration the students thrive in performing arts, and our Global Campus initiative allows our students to collaborate and compete with over 34,000 other students across the 42 schools in the Nord Anglia family. Our after school activity programme, residential visits, sporting teams and cultural celebrations further promote a love of learning that extends beyond the school curriculum and form a major part of what makes this such a fantastic community to be part of.

Thank you to the staff for your efforts this year, I am proud to call you my colleagues and your efforts to inspire the pupils at BSG are a credit to you all. To the parents, thank you for you ongoing support and I look forward to working with you more in the coming years. To the students, thank you for welcoming me into your community and for amazing me every day.

And to Omar, thank you for being you.

“Thank you for welcoming me into your community and for amazing me every day.”

HALLOWEEN!!

White man burden  
The white man burden was  
cultural belief mostly in Britain  
when people believed that white  
people should take care of  
other people. Asia or Africa  
were people have slightly  
darker skin tone). The British  
also have with the fact that the  
British were extremely racist in  
the past which led to the thought of  
treated the slaves terribly.  
The white man burden is linked to slavery because  
they feel like they are more superior and it is their  
duty to other races, such as Asians or Africans.  
were brought to America to trade. The British  
begin. This also links with slavery because the  
From this because they linked trade to or fr  
The slaves are said to rich people as m  
work that they don't like. They work  
with no food to eat, or no water to  
concern of them. They whip them. It  
As they rather take advantage. It is also  
as they are of no use. It is also  
they say that they are going  
go to other countries and give  
to avoid this and to make  
creating the British Empire.

Mr. Iain Ruck

## HEAD OF SECONDARY SCHOOL

Dear parents, students and colleagues,

The 2015-16 year has been most notable for our move to the new building at the start of Term 2. The students were delighted with the increased space and purpose built areas that have enriched their secondary school experience. The improved canteen facility and increase in lunch options topped the poll for the most popular new addition. I am certain that the new e-library and library facility as well as the student social and work areas are equally as well received by the senior students.

2015-16 has seen the school build on the strong foundations set in previous years. Our premium residential trip to New York has been influenced by our Julliard collaboration and our orchestra has continued to grow and gather momentum with more events attended.

The Arts have really shone again this year with the help of an artist in-residence, Mr. Tony Piggott. We have been treated to exhibitions and shows and the displays of student work have been stunning. As ever, the School production was also a highlight of the year. Our students tackled the challenging story of Hairspray with maturity and consideration and the level of performance was incredibly high due to the support that the cast received from numerous teaching faculties, sound and lighting and the stage crew.

Our sports provision continues to grow with a number of clubs now running after the ASAs as well as BSG sending a team to compete in the inaugural NAE games in March. It is fantastic to see so many students across the school either arriving early, staying late or attending practices and fixtures at weekends. BSG also had a number of successes that are directly attributed to the commitment shown by our students and the supporting staff. With our ACAMIS membership being agreed, the sports provision at the school will continue to grow.

Experiential learning and outdoor education opportunities also expanded with students achieving the Bronze and Silver International Awards. Will 2016-17 see our first gold award achieved? Those students in the Model United Nations club went to a conference in KL and our FOBISIA Maths teams competed well in HCMC. The premium trip saw our musically inclined students travel to New York for an incredibly enriching trip and we also took 80 students to Inner Mongolia to enjoy Yurt camping, horse-riding and archery.

Our students continued to show the Core Value of Respect through their support of community and Charity activities. The donations that our communities' charity efforts raised for the Hopeful Hearts charity particularly resonated with our students.

“2015/16 has seen the school build on the strong foundations set in previous years.”

## CHINA „auf Deutsch“

China

Das Land heißt China. Die Hauptstadt ist Peking und sie liegt in Nordost-China.

Chinas andere wichtige Städte sind Shanghai, Chongqing und Guangzhou. China

hat 1.357 Billionen Einwohner. In China gibt es ganz viele Menschen und Städte.

China hat die höchste Weltbevölkerung und es ist größer als USA. Die wichtigsten

Flüsse sind der Yangtze und der Gelbe Fluss. Beide Flüsse sind mindestens 5000

Kilometer lang. Der höchste Berg heißt Mount Everest. Er liegt an der Grenze

zwischen Tibet und Nepal. Der Mount Everest ist 8848 Meter hoch. Er ist nicht nur

**El colegio de mi y mis amigo**  
 En mi colegio, tengo que llevar uniforme. Es una falda gris, una camisa blanca, una corbata azul y amarilla y zapatos negros. Pero en el colegio de mi amigo, no tenía que llevar uniforme. ¡Qué suerte!  
 También en mi colegio, no se permite hablar con mis amigos o salir durante la jornada escolar. Está prohibido masticar chicle, fumar y acoriar. Pero en su colegio, no se debe llevar maquillaje, tener piercings, tener tatuajes tampoco. No me gustan mis profesores de inglés y matemáticas porque son unos tipos raras y son muy aburridos. Pero me gusta mucho mi profesora de geografía, porque es graciosa y nos deja relaxar. Me encanta la profesora de música el año pasado, estaba rara porque llevaba un vestido verde, todos los días, pero era muy divertida. Prefiero mi colegio porque es más grande que el colegio de mi amigo y el uniforme es muy bonito.

## Tajfel & Turner's Social Identity Theory

Being in a group gives us a sense of social identity, and belonging to the social world. This boost a person's pride and self-esteem.

Stereotyping often comes naturally when group is formed:

Intergroup - between in-out group  
Intragroup - within in-group

**Social Categorisation:** To understand the social environment, members of group categorise themselves between 'us' and 'them'. Being in a category (group) tells others about the person, as well as ourselves. Example: group of students

**Social Identification:** People act differently in a categorised group, as we tend to adapt to the identity, behaviour, norms of our group. Also, there are emotional significance to your identification in the group - self esteem. For example, sports member in a team will wear team uniforms to show membership.

**Social Comparison:** if the group's self-esteem is to be maintained, there would be rivalry and comparison between out-groups to prove who is better. Competitions, hostility between out-groups are results of comparing identities. For example: In-group will discriminate against out-group to increase their self-image, looked superior to them.

WE CARE ABOUT YOUR CHILD!

SQUIRREL NUTKINS NURSERY

## WHY CHOOSE US?

Our services conform to the requirements of daycare by Campbell et al (2000)

We have caring, well-trained staff who we have carefully chosen through interviews. We can ensure that every member of staff knows about attachment theory, and we will allow your child to form attachments with the caregivers here as well as learn social skills

**FEATURES:**

- # Adult to child ratio is 1:4
- # Only a small sized group
- # Mixed age groups
- # Low staff turnover
- # Well-trained, caring staff

BUT THAT'S NOT ALL!

WE ALSO HAVE:

- # THE HEAD OF NURSERY WHO IS WARM AND ATTENTIVE TO CHILDREN - ACTS AS A STABLE ATTACHMENT FIGURE.
- # A STRUCTURED DAY, WHICH HELPS YOUR CHILD TO FEEL THAT THEIR ENVIRONMENT IS PREDICTABLE AND HELPS THEM TO FEEL SAFE.

Spaces limited to ensure quality of care. Contact us now!

By: Valzar

### The effects of individual differences on prejudice and discrimination

The 'Big Five' personality dimensions:

- **Neuroticism** - a fundamental personality trait in the study of psychology characterized by anxiety, fear, moodiness, worry, envy, frustration, jealousy, and loneliness
- **Extraversion** - defined as a behavior where someone enjoys being around people more than being alone
- **Conscientiousness** - the personality trait of being thorough, careful, or vigilant
- **Openness to experience** - open people tend to be creative, liberal, curious, aesthetically-minded and fantastical; they are more likely to be artists or scientists
- **Agreeableness** - individual behavioral characteristics that are perceived as kind, sympathetic, cooperative, warm and considerate

The link between the 'Big Five' personality dimensions and prejudice:

**Openness to experience** shows a **negative relationship** to **prejudice** → the more someone is open to experience; the less they are likely to be prejudiced against others.

**Agreeableness** too has a **negative relationship** with **prejudice** → the more agreeable someone is; the less likely they are to be prejudiced against others.

**Conscientiousness** can link to **right-wing authoritarianism** and **prejudice** → the more conscientious someone is; the more they are likely to be prejudiced against others.

Right-Wing Authoritarianism:

Right-Wing Authoritarianism is someone who has a very closed perspective on the society and wants society to have strict rules. That person believes that rules are essential for society to function properly.

The more of a RWA mind-set a person has, the more likely he/ she is to have prejudice against others.

Personal Characteristics: Mentally inflexible; See the world in simple terms; Have a high need for closure; Not interested in experiencing new things; Place a high value on security; Self-righteous.

Social Dominance Orientation:

Social Dominance Orientation is an ideology where an individual looks at the society as being a hierarchy. They consider themselves as being in a superior place within that hierarchy. These people are again against the idea of equality.

The more of a SDO mind-set a person has, the more likely he/ she is to have prejudice against others.

Personal Characteristics: Competitive juggle characteristics; Ruthless and amoral; Winning is everything; Tough-minded; Low in empathy, sympathy and benevolence.

### SCHOOL REPORT FOR GENIE

Genie is making great progress both physically and emotionally in the years following her discovery. When she arrived, she had a very poor posture - slouched - and had a bunny-like walk - she held her hands up in front of her like paws and moved in a halting way. We worked tirelessly to improve her posture and get rid of her odd walk. Fortunately, in just a few months Genie had an upright posture and began moving more smoothly.

Though her posture and walk improved, Genie was still not able to chew food and could hardly swallow. After weeks of giving Genie solid food and patiently practicing chewing and swallowing with her, Genie eventually was able to swallow adequately. Having Genie being able to swallow food significantly improved her health - she started eating much more frequently. In a few months, the malnourished, 59 pound Genie was no more.

One of the many things Genie quickly caught on was being able to use the toilet. When she arrived, Genie was not toilet-trained; however, in just three days Genie began using the toilet voluntarily - something we were all very proud of. This shows that Genie wants to learn and improve herself.

In terms of communication skills, Genie arrived with the ability to only say a few words such as "nomore" and "stopit" and could barely understand people. Though she had limited language skills, Genie was hungry to learn words, pointing at things until people would give her a word for them. Within several months, Genie had a vocabulary of over one hundred words that she understood (though she was still very silent). However, her progress is very gradual. Being able to communicate is one of Genie's weaknesses. Her talking is limited to short, high-pitched squeaks that are hard to understand. Even though Genie has learned to say simple sentences like "No have toy", she is still very behind in language development - after several months Genie still says "No have toy". Genie is unable to master the basics of language, which is quite abnormal.

Nevertheless, Genie is excellent at nonverbal communication. When Genie is frustrated because she can't express herself, she illustrates complex ideas and even feeling on paper. Additionally, she scored the highest recorded score ever on tests that measure a person's ability to make sense out of chaos and to see patterns - something she should be very proud about.

Genie is also now able to form attachments - has formed an attachment with David Rigler (her 'father'), something she was not able to do before. She is now able to look people in the eye and enjoys the company of people (smiles and laughs when people are talking to her).

All in all, Genie is a joy to teach. She shows progress physically and emotionally, but is not really improving her language skills. She still communicates through sign language and gestures, which is very disappointing, given all the years we have worked to allow her to communicate with words.

## A world class opportunity for your child

The Juilliard-Nord Anglia Performing Arts Programme has been designed to give your child a deep engagement with music, dance and drama. Your child will follow an innovative embedded arts curriculum created in collaboration with The Juilliard School, a world leader in performing arts education. It enriches the high-quality teaching and learning offered in our school with the artistic values, traditions and expertise of Juilliard.

Your child will learn from Juilliard's approach where iconic works of music become the catalyst for learning new skills.

## Exploring the world of music

The repertoire consists of twelve core categories of music which will open doors to different cultures, genres and historical periods.

Each category is exemplified by an iconic work ranging from *Ambush from Ten Sides*, a traditional Chinese pipa solo, to *Beethoven's Fifth Symphony*, and several extension works for further exploration. Your child will study these works throughout their school career to give them a deep engagement and appreciation with each piece. Interactive activities encourage students to engage with the works and key concepts while developing connections between the pieces, as well as other subjects.

## 2015/16 A Year to Remember!

Mr. Andrew Dean, Director of Sport

This year of sport is yet to be completed. At the time of writing, the Primary Games are still to be played, along with the U14 PRC Basketball Tournaments.

However, already this has been the most successful year to date, whilst also seeing a significant amount of transition and development in the sporting set up in the school..

The number of fixtures our students have been offered is at a new high and it will only get higher. We have entered two teams into every U14 tournament, taken part in the inaugural NAE Games in Hong Kong, been successful at the FOBISIA Games so far, and also taken part in the first U19 GISAC league.

Next year sees us as unaligned members of the HS PRC leagues and also ACAMIS. As well as starting regular primary fixtures and competitions, we also take part in the newly created U14 Guangzhou Cups. It is a very special time for sport and PE in Guangzhou and at BSG.

We look forward to even more success next year!

Come on your Rhinos!

## ROLL OF HONOUR

### *Football Season*

- U9 Boys UISG Invitational 2nd Place
- U11 Boys UISG Invitational Winners
- U11 Girls UISG Invitational Winners
- U11 Girls UISG Invitational 2nd Place

**Target: 250,000 RMB**  
**Money Raised: 223,982.4 RMB**

## **The Nature Conservancy** **8042 RMB**

12 members of staff competed in a 30km/43km race through the night over Lantau peak in Hong Kong. The Nature Conservancy, which has helped to save 120,000,000 acres of land over the last 60 years. Money was raised through sponsorship or through the sale of second hand uniform. <http://www.nature.org/>

## **Room to Read** **38,308 RMB**

Money raised from International day, second hand uniform sales and a book sale was donated to support the Literacy program in Cambodia (please see the Literacy report and certificate of thanks from Room to Read). <http://www.roomtoread.org/>

## **Hopeful Hearts** **119,478.6 RMB**

Hopeful Hearts is a non-profit charity based in Nanjing, Chengdu and Guangzhou. Their mission is to raise money and fund life-saving heart surgery for children of low-income Chinese families. Money was raised from International Day, Bake Sales, non-uniform days, Y2 Christmas cup sale and Young Enterprise. <https://hopefulheartsguangzhou.shutterstock.com/>

## **November** **3187 RMB**

Some of our male members of staff decided to grow their moustache throughout the month of November (Movember) in order to raise money and awareness for prostate cancer. <https://uk.movember.com/>

## **GETCH** **35,052 RMB**

With the money raised from International Day, we will be helping to fund the “GETCH Discover Yourself Summer Camp” which aims to empower youth with disabilities to develop self-confidence; provide opportunities to form peer relationships with other students with disabilities; and expand awareness of important opportunities in education, work, and life. Please click on the Discover Yourself... report for more information. <http://www.canpei.org/>

## **The Library Project** **12,750.3 RMB**

The Library Project donates books and libraries to under financed rural primary schools and orphanages in Asia. Money was raised from the sale of Christmas items at The Family Christmas Lunch and in school. <http://www.library-project.org/>

## **GIVES**

**1000 RMB**

Secondary students ran an activity stall at the annual GIVES International Food Fair and raised 680 RMB to which they added an additional 320 RMB to make it up to an even 1000 RMB.

<http://www.gives.cn/?ClassKey=Homepage>

## **Poppy Appeal**

**1714.5 RMB**

The British Consulate sent in a number of poppies to go on sale at school for students, staff and parents to purchase. Various donations were made in exchange for a red poppy in the month of November. All money raised helps to provide thousands of modern veterans, Service men, women and their families with vital advice and support.

<http://www.britishlegion.org.uk/story-behind-the-poppy/>

## **World Wildlife Fund**

**4450 RMB**

For Panda week, students and staff in the Early Years Foundation Stage planned various activities to help raise money to adopt a panda. Students made panda cupcakes and then sold them for 5RMB each. Reception students even went over to the South Lake campus to sell some cakes to Year 1. There was also a “Black and White Day”, where children were invited to wear black and white clothes or a panda costume to school for a small donation.
