RE: YEAR 5 SHANGHAI SCIENCE AND TECHNOLOGY MUSEUM TRIP

Dear Parent / Guardian,

Year 5 will be having an educational visit to The Shanghai Science and Technology Museum on Tuesday 15 April 2014. This visit will allow us to revise key learning from our Science units covered this year; Gases Around Us, Life Cycles, Healthy Eating and Changing States. It is also a fantastic opportunity to launch our final unit of Earth, Sun and Moon on which our Term 3 homework project will be based. We believe this visit will spark some ideas for what students would like to investigate further (details of this will follow).

We will leave school by bus promptly at 8:45 and will return to school in time for normal end of day routines. Students who normally have school lunch will be provided with a packed lunch on the day. All other students will need to provide their own lunch. You may wish to pack some extra drinks and a healthy snack. Students will be required to wear uniform as normal. Please note that there will be no shopping opportunities so we do ask that students do not bring money with them. Students are welcome to bring a camera (no mobile phones please) and they will be responsible for the security of this at all times.

Thank you to those parents who have been able to support us in the past with our supervision and again we will require some parent volunteers to accompany us. If you would like to assist, please contact your child's class teacher or Mrs Westwood directly (b-westwood@bisspuxi.com). We trust you understand that, we appreciate all offers, but can only take a certain number of parents! Your child's class teacher will contact you if on this occasion we would like to ask you to support this trip.

Kind regards,

Beth Westwood & the Year 5 Team

Please complete and return to your child's class teacher by 11 April.
