

FEE STRUCTURE 2015-2016

Our enrollment policy requires an interview and academic assessment for each child prior to acceptance for admission. We accept students on the basis of their successful assessment, which may include a day in school.

Application Fee - 4,000 baht per child

On entry to the school, there is a payment made towards the school's capital fund which continues to pay for the school's facility development. This can be paid either as an enrollment fee or as a capital levy.

Enrollment Fee - This is a non-refundable payment made on entry to the school.

Nursery - Year 6

- First child 120,000 baht
- Second child 110,000 baht

High School

- First child 60,000 baht
- Second child 50,000 baht

Capital Levy - This is an alternative method of paying the enrollment fee. It consists of an additional payment of 25,000 baht per term on top of the tuition fees for each child joining the school. This allows parents who are in Bangkok for only a short period of time to have a reduced enrollment fee. Parents pay the capital levy for 5 consecutive terms.
