

This Week in F1 4/05/2017

A look back at this week...

We looked at fish, crabs, prawns and clams. The children thoroughly enjoyed the experience.

At home:

Continue to practise counting up to and beyond 10, depending on your child's ability.

Continue to develop your child's understanding of the shape names and their properties.

Continue to practise recognising and writing their name at home.

Continue to practice their phonic knowledge going over all the sounds learned to date.

Reminders

Due to the weather getting warmer, please ensure that your child brings in a hat and wears sun block to school. The sun block must be applied at home. Please do not send sun block in to school. Thank you.

Please provide your child with a swimming costume/trunks, an extra change of clothes and a towel each day. Children will have the opportunity to splash in a shallow splash pool in small timed group sessions for the rest of the term. Please remember to write your child's name on each item brought in. Thank you.

The following week we will be:

- Introducing the story "Sharing a Shell" by Julia Donaldson.
<https://www.youtube.com/watch?v=NL2nJluB7bl>
- About the ocean and its many sea creatures.
- 2D shapes and their properties.
- Counting beyond 10.
- About using technology.
- Exploring a rock pool.
- Creative activities to do with sea creatures.
- Eating fish and chips.

Top Tip!

The book we are reading this week teaches children to be kind and to share with their friends. Follow the link on how to develop good behaviour in your child at home and how to implement good values in listening, sharing and playing amicably with friends.
