**NORD ANGLIA
INTERNATIONAL SCHOOL**
SHANGHAI, PUDONG

Welcome to Our School

Thank you for taking the time to consider joining our school and our community.

Making the move to an international school is a major commitment. Whether you have worked internationally before or not, moving one's life to a new country is never a decision to be taken lightly. However, the challenge and excitement of working in a world class international school pays back that commitment several times over.

The rewards at Nord Anglia International School Shanghai, Pudong, are plentiful: great students, collaborative colleagues, a professional and inspiring environment and all the excitement of living in one of the world's most modern and cosmopolitan cities.

We hope the information here gives you an idea about what it is like to work at our school. Going the extra mile is commonplace, but always worth it. We seek teachers who will play a full part in the life of the school, who will care for students, who will teach inspiring lessons every day and who will learn and thrive in our professional environment.

If you believe our school is right for you we very much look forward to hearing from you.

Lesley-Ann Wallace, Principal

What is it like to work at our school?

Our school is truly international. We have students from over 50 different countries, providing a wide mix of backgrounds in every class.

On average students will spend about 3 years in the school. This level of transition, normal for an international school, means that the students are used to change and are very welcoming to one another. The caring ethos within the school is set by the students as much as by the staff.

Our international community is a major facet of the school. It is celebrated in many ways throughout the year and underpins much of what we seek to develop in our students as they grow up to be positive contributors in a global society.

As part of Nord Anglia Education's family of 42 international schools our students also have access to our Global Campus collaborating with students across our worldwide family of schools. Students from Nord Anglia Education schools have the opportunity to learn, debate and discuss with others from across the world.

Performing Arts in Collaboration with Juilliard

Through our collaboration with the world's leading performing arts conservatory, we offer our students access to an exclusive curriculum which has been designed by the world renowned Juilliard School. This gives students a unique

opportunity to learn about music through iconic works and regular connections with practicing musicians. We believe music can play a transformational role in children's education. The Juilliard-Nord Anglia Performing Arts

Programme has been designed to give students a deep engagement with performing arts - promoting cultural literacy, creativity, critical thinking and collaboration.

Facilities

Standard classrooms are fully equipped with teaching resources suited to the age group or to the subject being studied. All classrooms have data projectors, the school is fully wireless and there are digital resources throughout. Teachers are provided with the equipment required to teach outstanding lessons every day.

Our Facilities include:

- A Performing Arts Centre featuring excellent teaching areas for Drama and Music in addition to 3 assembly/performance spaces
- Swimming Pool, 4 Sports Halls, Dance Studio and Fitness Suite
- Science Lab for Primary students
- The Learning Centre – a modern library for students of all ages
- High-quality dining facilities
- A coffee shop for IB students and staff

Be Ambitious

At NAIS Pudong, we believe there is no limit to what students can achieve. Every day, our outstanding teachers strive to create a learning environment where students will excel academically, socially and personally.

ACADEMICALLY AMBITIOUS

At NAIS Pudong, we believe there is no limit to students' potential. Our highly qualified teachers support every child to achieve academic standards previously thought possible only for the few. Our world-leading curriculum ensures our students are challenged and engaged, providing a truly global perspective and allowing students to make connections with their own experience and helping them achieve a greater understanding of the world.

SOCIALLY AMBITIOUS

We want students to be socially ambitious, to desire to make a difference in the lives of others both close to home and on the global stage. Our students benefit from a wide variety of inspiring, educational, cultural and service activities that take them beyond the classroom and help them to become confident and compassionate individuals. We want our students to be active participants in change for good and, through Nord Anglia Education's global network, students can connect with amazing opportunities across the world, including with our partner projects in China and Tanzania.

PERSONALLY AMBITIOUS

At NAIS Pudong, we encourage students to be personally ambitious; to try new things, take risks and nurture existing talents, whether in the arts, sport, academics or as part of a service club. Our extensive range of co-curricular activities gives students the opportunity to explore their interests with the support of qualified and experienced teachers. Students can develop their leadership skills as members of our student council, through our House system which encourages them to be an active participant in a community within school, as well as through a range of other leadership opportunities for all ages.

A Wide Range of Opportunities

High-quality schools provide students with the widest range of learning opportunities possible both in and out of a classroom.

All teachers offer at least one Co-Curricular Activity each week, although many offer more. Students choose from over 150 different activities from Sports and the Arts through to Chinese cookery and Robotics.

Students also represent the school in numerous ways, both within our local community and internationally. Drama, Music, United Nations and Global Young

Leaders provide opportunities within and beyond school. Sports teams run for all ages. Our students compete across Shanghai and, as members of FOBISIA and ACAMIS, travel to tournaments across Asia supported by our PE department and passionate staff who give up time after school and weekends to coach our teams.

Service

It is an essential part of schools today to support the personal and social development of each individual. Academic provision is no longer enough. We expect our students to grow up as passionate, caring members of society, committed to helping others.

Our Service programme ensures that every student will undertake at least one activity every term. This will range from charity fundraising to environmental protection to supporting other students within the school.

A major aspect of our Service work also recognises our place within China. We work with local students and schools with less privileged environments than ours. For students from Year 6 upwards, this culminates in Project Week where they travel to remote parts of China, undertaking Service activities which will make a significant difference to the lives and education of others.

Our goal is to embrace the truly international diversity and spirit of our community, to give students the courage and confidence to understand their own culture and that of each other. We are teaching the leaders of tomorrow and we have a responsibility to show them what it means to be a global citizen, to take a lead role in a global society.

Professional Development

We know that as a teacher you are passionate about education and want to continuously improve your teaching practice. We are committed to supporting you to develop your skills and knowledge throughout your career.

Nord Anglia University is a bespoke professional development platform that allows you to take charge of your own professional development and contribute to the progression of teaching and learning practice across our family of schools.

When you join a Nord Anglia Education school, you don't just join one school; you become part of a global community of teaching professionals with unlimited access to guidance, support and advice. Nord Anglia University connects you to your colleagues around the world through a vibrant online forum that can be accessed whenever and wherever you are. We encourage you to collaborate with your colleagues, to discuss and exchange ideas, explore the latest issues and research and share best practice.

Nord Anglia University also provides a rich mix of online and face-to-face opportunities to ensure that

you won't just maintain your skills and expertise, you will develop at the leading edge of educational thinking. We offer programmes and courses to help our people develop their subject expertise, understanding of the latest educational research, excellence in teaching approaches, and leadership skills.

Thanks to our contemporary world learning approach, our teachers gain exceptional international experience, skills and knowledge, preparing them for career progression anywhere in the world. Our teachers also have the opportunity to access a unique opportunity to engage in an international masters programme with Kings College London.

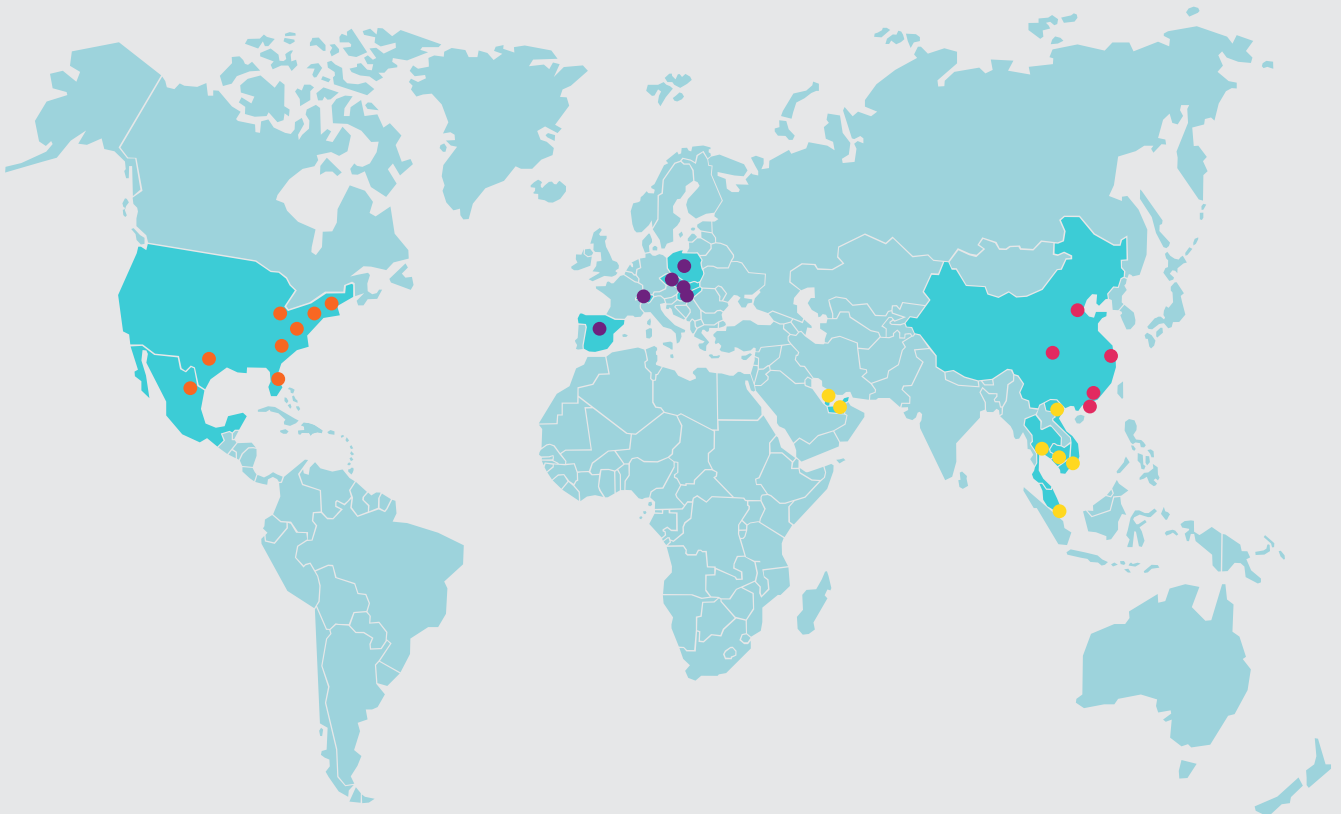

Alongside our global approach to professional learning our teachers in our individual school take charge of their own professional learning journey, through a blended mix of collaboration and targeted training needs, staff constantly strive to ensure they remain reflective practitioners and life-long learners.

About Us

Nord Anglia Education is the world's leading provider of international schools. Our schools are viewed as part of a family in which we support each other to be the best we can be.

Nord Anglia International School Shanghai, Pudong has a sister campus on the west side of Shanghai and strong links with our schools in Beijing, Guangzhou and Hong Kong. Our Central Support team is based in Hong Kong and we also work closely with an Education Team based in Oxford in the UK.

The benefits gained from being part of a global network mean our students and our teachers have access to support and resources which are simply not available to others.

Benefits

The package for expatriate teachers includes:

- Generous remuneration
- A lower tax rate
- Fully-furnished accommodation - this is provided close to the school in the area of Kang Qiao. After the first year, teachers are able to choose to stay in this accommodation or move to other locations, with a bus provided daily from other central locations in Shanghai.
- Worldwide health insurance
- An overseas relocation allowance
- An additional local living allowance
- End and mid-contract return flights back to your home country
- Gratuity Bonus upon full completion of contract

As soon as you accept a position at NAIS Pudong, you become part of our family. Your journey will start with us before you arrive to Shanghai with our existing staff supporting you with queries and groups setup to introduce you to other new colleagues.

Be Ambitious

We believe there is no limit to what our students can achieve. So we can encourage them to be ambitious. To reach for their dreams. To step outside their comfort zones and try something new. We ignite their curiosity.

Being ambitious inspires our students. It urges them to stretch themselves that little bit further. To be relentlessly optimistic. To be the best that they can be. And beyond that to make a difference, to make things better, throughout our world.

This is the Nord Anglia Approach.
