

This Week in F2

A look back at the week....

Reminders and Notices

A kind reminder that every Tuesday we will have a splish and splash session in school. Please bring in a swimming costume and towel, or a change of clothes. Please label all clothes that your children are wearing, as well as the spare clothes. Please check the communication book on Monday for any further information, specific to your child's class.

Next week we will..

- Divide numbers, by sharing equally,
- Explore the properties of 2D shapes,
- Continue to learn about the story 'Supertato' and complete a variety of activities related to this story.
- We will be detectives and carefully investigate the clues to solve a number of mysteries.

At home...

Try the super hero challenges in your child's communication folder.

Top Tip!

Teach your children how to put on their own shoes and tie their laces. You can even discuss left and right.
