*Please note: This is a draft and therefore subject to change, based on ensuring the highest number of students are able to study the courses they require. Classes of 1-3 students will not necessarily run when it is not feasible. Please see Ms Pratt if your choices are not represented – if the majority of students require a change, it will be immediately considered.

**The following subjects are available online, at additional cost, through Pamoja Education:

- Spanish ab initio SL
- Business Management
- Film SL
- ITGS (Information Technology in a Global Society)

Psychology is also available with Pamoja Education, if the blocking pattern means that a student cannot study it within Block 6.
