A look back at the week

The children have been very busy ordering their numbers from 1-10 by making a 'Hungry Caterpillar'.

Reminders

We have noticed that many children are bringing in unhealthy options for their snacks during the day. Please see the attached sheet in your child's folder of healthy snacks for your child's lunch box.

Please continue to check your child's hair for Nits and Lice. Please use hair products bought from the pharmacy as well as combing your child's hair with a Nit comb.

Next week we are learning:

- About animals through the books '1, 2, 3 to the Zoo'.
- To create animals centred around the book '1, 2, 3 to the Zoo'.
- To count and order numbers to 10.
- To look at shapes and their properties.
- To mix primary colours to make secondary colours.
- To complete a program on the computer.

At home

Listen and talk about the story of '1, 2, 3 to the Zoo' by Eric Carle.

Top tip:

We are starting our new topic next week 'Animals'. Talk to your child about different animals they see in and around their home. Look at different animals in books and on the internet. Ask your child what is their favourite wild animal? Can you find a picture of it and bring it in to share with the class?
