Why choose
Nord Anglia Education?

Opportunities beyond the ordinary

Nord Anglia schools provide an unparalleled education to help your child succeed, thrive and enjoy learning. We believe there is no limit to what your child can achieve, and our results demonstrate that students achieve more with us than they would at any other school.

Inspirational learning

Our schools offer the highest quality learning. We use a personalised approach that inspires ambition and produces exceptional achievement right across the curriculum.

We will respond to your child's strengths and adapt our learning model to help them overcome challenges. Our tailored approach, combined with personalised attention and a teacher to student ratio of 1:11, creates a nurturing environment in which your child will excel academically, socially and personally.

Your child's learning will be enhanced by a curriculum designed by experts in their field. For example, our music curriculum has been developed in collaboration with The Juilliard School, a world leader in performing arts education.

Our outstanding academic results are testament to this approach, with one in three students going to the world's top 100 universities.

Investing in the best teaching talent

We know the difference that great teaching makes to your child's success at school. That's why we have developed a unique approach to teacher recruitment, training and support that makes the most of the talents of our outstanding teachers.

Our global reach and reputation ensure that we attract the best talent. With over 4,000 teaching professionals worldwide, on average we select only one in every thirty applications received.

Nord Anglia University provides extensive professional development opportunities for our teachers to ensure our students benefit from contemporary educational thinking and practices.

And our commitment to quality extends throughout every aspect of our approach. Our Education Team work with our schools to drive a comprehensive continuous improvement programme to ensure that your child receives the best possible education, every day.

Our Global Campus connects our worldwide family of schools and their students, giving your child daily access to outstanding international opportunities at every age.

The Nord Anglia Education Family

- Over 23,700 students
- 35 schools
- 14 countries

Global Campus Worldwide

We have designed experiences to allow our students to travel, explore the world and collaborate with their peers. Your child can learn new skills in international expeditions to the mountains of Switzerland or the Savannah of Tanzania, or develop their talents through initiatives such as our Global Orchestra.

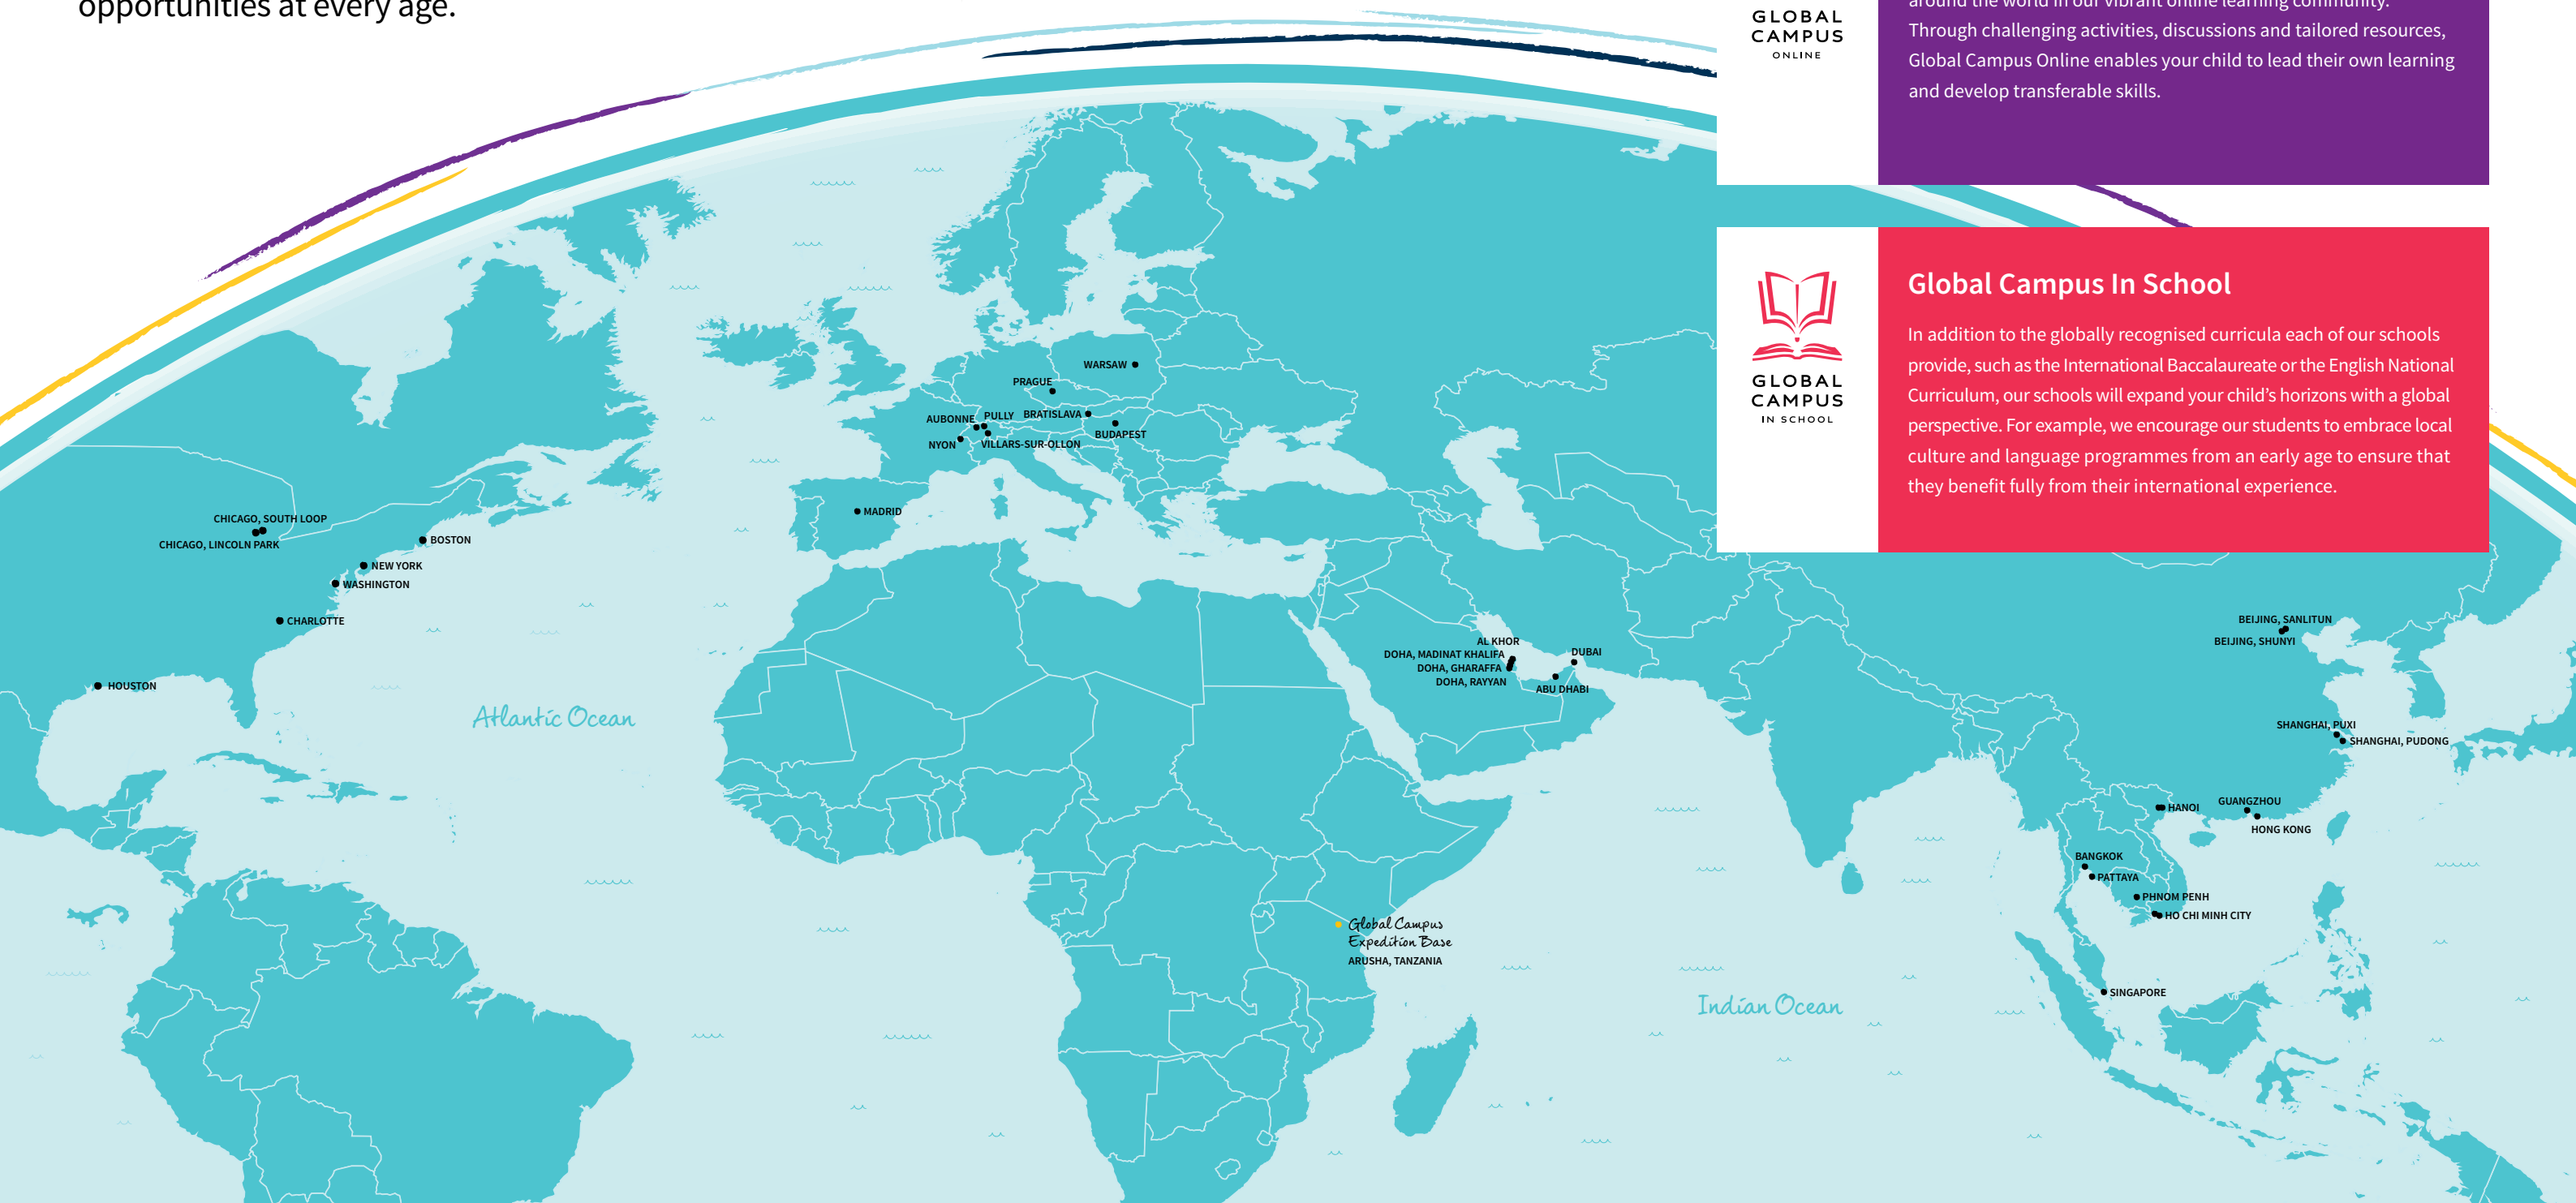

Global Campus Online

Your child will discuss, collaborate and learn from their peers around the world in our vibrant online learning community. Through challenging activities, discussions and tailored resources, Global Campus Online enables your child to lead their own learning and develop transferable skills.

Global Campus In School

In addition to the globally recognised curricula each of our schools provide, such as the International Baccalaureate or the English National Curriculum, our schools will expand your child's horizons with a global perspective. For example, we encourage our students to embrace local culture and language programmes from an early age to ensure that they benefit fully from their international experience.

About Us

Nord Anglia Education is the world's leading premium schools organisation. We are a global family of 35 international schools educating over 23,700 students from pre-school to the end of secondary education.

We are passionate about education. Everyone in our organisation – our principals, teachers and support staff – is committed to providing our students with an outstanding learning experience.

Our schools are amongst the most respected international schools in their locations and we are committed to ensuring that they remain the first choice for parents around the world.
