

Saving a child's life

By Ben and George and Isaac

# We held a Garage sale for Heartbeat Vietnam to raise \$1000!

We wanted to raise \$1000 US Dollars to help a poor Vietnamese child to have heart surgery to save his or her life.

We had a garage sale and sold our old toys and clothes.

We sold Cookies, marshmallows, crisps and COFFEE. **The Sale made \$1000!!**

# A poor Vietnamese girl had heart surgery to make her strong!

Heartbeat Vietnam used our money to save Gia Han, a poor girl from the Vietnamese countryside.

Gia Han had surgery at the District 10 Heart Hospital.

We took other old toys to Gia Han at hospital and she was very happy.

# You can help other poor Vietnamese children to have heart surgery

You can help another child by raising money for Heartbeat Vietnam by having a sale or an event.

You can also save up your old toys, books, clothes and donating them to a good cause.

We are happy our old toys, clothes, and books helped to save a life!

Thank you for  
listening!
