

With Tết (Vietnamese New Year) just around the corner, we are delighted to invite you to support one of the school's long standing community partners, Operation Smile, by purchasing a set of beautifully designed 'lucky money' envelopes.

[Operation Smile](#) transform children's lives by performing free cleft lip and palate surgery on children from low income families in Vietnam as well as globally. When left untreated, this condition can result in difficulties with eating, breathing and speaking, in addition to which, they also often need to deal with social issues such as not being accepted by their peers and communities.

Operation Smile are committed to long term medical care and have established year-round treatment centres as well as implementing educational programmes to address the stigma associated with this condition. They also provide medical training to local doctors and contribute medical equipment and supplies where needed.

Your purchase will contribute to this important and life changing work.
