What will students study in Term 2?

Students will return from the winter break and begin reading their class novel. Students will either be reading 'The Many Worlds of Albie Bright' or 'Bone Sparrow' (depending on their class teacher) In this unit of work, our focus will firstly be writing, and then moving on to reading for the second half of the term.

The Many Worlds of Albie Bright

by Christopher Edge

ISBN-10: 1524713600

ISBN-13: 978-1524713607

Available on paperback and kindle

Bone Sparrow

by Zana Fraillon

ISBN-10: 1510101551

ISBN-13: 978-1510101555

How can I extend my child?

To extend your child beyond the curriculum, please encourage your child to read at home. We strongly recommend that all students read for a minimum of thirty minutes every day. They should also practise writing for an extended period, this could be through writing short stories, creating a newspaper article about a key event that has taken place, writing poetry etc.

100% of students achieved at and above grade 5 at IB (out of 7).

How can I support at home?

- Go through your child's OneNote with them and discuss the targets set by their teacher to improve their work.
- Discuss the novel with your child - ask them about the characters and themes.
- See if they can talk about particular parts or quotes in the novel and what ideas these sections suggest to them.
- Encourage your child to continue reading their own reading book at home. Reading out loud to you and discussing content is a good way to improve analytical reading skills. - Go through your child's OneNote with them and discuss the targets set by their teacher to improve their work.

27% of students achieved a grade 9 in mathematics at GCSE.

How can I support at home?

All students will be issued with a homework pack via Teams and email at the start of term 2. This pack will contain 3 sections, revision, retention and extension. The revision section has lots of worksheets revising key year 7 content. The retention section focuses on the main questions we want students to be able to answer by the end of Year 8. This pack will contain lots of repetitive work sheets designed to allow pupils to memorise key concepts and algorithms. The extension section will feature problem solving questions from the UKMT. These sheets should be used when students are scoring higher than 80% on tests and need more challenge than the retention sheets.

What will students study in Term 2?

In Year 8, students will study a range of topics in all the key strands of Mathematics. Students in the top sets will also practise for the UKMT Junior Challenge and this will involve developing lots of techniques for problem solving. All students will be assessed on the same content, these topics in Term 2 will be:

1. Mensuration of 2D Shapes:

- Find the area of trapeziums and parallelograms
- Find circumferences and areas of circles using relevant formulae; find perimeters and areas of semicircles

2. Powers and Roots:

- Use index notation and index laws for multiplication and division of positive and negative integer powers including zero and 1
- Express integers as the product of powers of prime factors
- Find highest common factors (HCF) and lowest common multiples (LCM)

3. Constructions:

- Measure and draw lines to the nearest millimetre and angles to within 2 degrees
- Construct triangles and other two-dimensional shapes using a combination of a ruler, a protractor and compasses
- Construct perpendicular lines and angle bisectors
- Trigonometry and Pythagoras' Theorem:
- Know, understand and use Pythagoras' Theorem in two dimensions

4. Applying Number:

- Understand and carry out calculations using time and carry out calculations using money, including converting between currencies

How can I extend my child?

To extend your child beyond the school curriculum please encourage them to read and solve problems as much as possible. Some of our more able students also enjoy coding solutions on computers and this is an excellent way to develop lateral thinking skills. The following books will be of use:

How not to be Wrong the Hidden Maths of Everyday Life

by Jordan Ellenberg

ISBN-10: 071819604X

ISBN-13: 9780718196042

Available on paperback and kindle.

What will students study in Term 2?

The aim of this course is to introduce students to the Arabic language and to immerse them with the cultural aspect that would help them build their language proficiency. Grammar will be one of the learning focuses as it builds the accuracy of the written and the spoken speech.

For this term, we will be covering “my interests and sports” and “TV films and cinema” “related to the theme “identity and culture”.

By the end of the term your son /daughter will have the opportunity to build the language skills through a variety of learning outcomes, which are outlined in the curriculum brief of term 1 and term 2.

71% of students achieved at and above grade 7 at GCSE (Aug 2020).

How can I extend my child?

To extend your child beyond the curriculum please encourage your child to read at home. We strongly recommend that all students read for a minimum of twenty minutes every day. They should also practise writing for an extended period periodically, this could be through writing short stories, creating a newspaper article about a key event that has taken place or poetry etc.

The Arabic department in the secondary school will provide support to the extended writing. Therefore, your child may receive writing tasks with instructions that can help them produce good quality of writing. We recommend students get a dictionary, the Arabic bank of vocabulary, grammar books for second language learners like ‘Arabic Grammar in Context’.

By continuing to read the Qur'an and taking into account the provisions of intonation (Tajweed). We document your child's/children's relationship with the Holy Quran as the first source of knowledge, behavior, values, taste and beauty in order to build a Quranic mentality and psychology.

One of the pillars of this support is to strengthen the student's relationship with the surrounding environment, and to preserve and realise its value to humanity in general as well as the way of discussions and dialogues on contemporary issues.

In addition to this, implanting the love of Prophet Muhammad "peace be upon him" in the heart of the student through the experience of the Prophet's biography, (peace and blessings of Allah be upon him) as a good example and a role-model to follow.

'منهج التربية الإسلامية للصف السّابع يهدف إلى تأكيد الهوية الوطنية للطلاب، تقوية أواصر المحبة والأخوة، والتعاون فيما بينهم. كما يهدف إلى إعداد الطالب للمشاركة الفعالة في بناء المجتمع، مواكبة التغيرات العالمية، والانفتاح بوعي على الثقافات الأخرى. أضف إلى اشتماله على كل ما يرتبط بحياة الطالب ووجوده وقيمه وتراثه الإسلامي العظيم.

تنقسم معايير التربية الإسلامية الى ست مجالات تعلم تمثّل مكوّنات المادة، وهي: الوحي الإلهي (القرآن الكريم والحديث الشريف) والعقيدة، وقيم الإسلام وأدابه، وأحكام الإسلام ومقاصده، والسيرة والشخصيات، والهوية وقضايا العصر.

يتضمن منهج التربية الإسلامية للصف السابع من الفصل الدراسي الثاني على الدّروس التالية:

الوحي الإلهي: سورة "الرحمن"

التلاوة والتجويد (أحكام النون الساكنة والتنوين)،

الاعتدال في الإنفاق

والعبادات: صلاة المسافر والمريض)

الإمام أبو حنيفة رحمه الله

يهدف الدعم المنزلي على تمثين صلة الطالب بالقرآن الكريم كونه المصدر الأول للمعرفة والسلوك والقيم. وذلك لبناء عقلية ونفسية قرآنية سليمة. وعليه فإنّ المداومة على قراءة القرآن الكريم مع مراعاة أحكام التجويد أمر لا بدّ منه.

من أساسيات هذا الدعم تقوية علاقة الطالب بالبيئة المحيطة به، والحفاظ عليها وإدراك قيمتها للإنسانية وذلك عن طريق المناقشات والحوارات حول القضايا المعاصرة.

بالإضافة إلى غرس حب رسول الله سيدنا محمد "صلى الله عليه وسلم" في قلب الطالب من خلال معايشة السيرة النبوية، وتقديم حياة الرسول الكريم "صلى الله عليه وسلم" كأسوة حسنة ومثل أعلى يقتدى به.

What will students study in Term 2?

In the second term of Year 8, Geography students will be studying Development. This unit focusses on understanding the complex process of development and how it can be observed and stimulated. Students will be learning about how countries develop and what can help and hinder development. Key areas of study are as follows:

1. How development can be measured – a range of indicators of quality of life and economic well being.
2. The Sustainable Development Goals
3. The role of trade in development including fair trade.
4. The role of aid in development.
5. Informal industry and work in developing countries.
6. Squatter settlements and living conditions in cities.

Students will be assessed by test on their overall knowledge of the development. Students will also complete a comparative research project into levels of development in two countries. They will also undertake a decision-making exercise about improving living conditions in a squatter settlement.

What will students study in Term 2?

In Term 2 Year 8 students will continue their study of the French Revolution and its consequences for France in the late 18th and early 19th centuries. In this unit students will be assessed on their understanding of the historical concept of causation and how a range of long-term and short-term factors contributed to such a major change. In the first enquiry, students will explore the events of 1789-93 in depth before looking at the rise of Napoleon and the changes that his reign brought to Europe and the rest of the world. Following this, we will study the Haitian Revolution of 1791-1804 and how this successful slave revolt utilised the French revolutionary aims of liberty, equality and fraternity to shake off the shackles of chattel slavery.

1. What is a revolution?
2. How unequal was France in 1789?
3. What were the long term causes of the revolution?
4. What was the significance of the Tennis Court Oath?
5. What was the significance of Bastille Day?
6. How did the French Revolution ignite twenty years of conflict?
7. Why did the French execute their king in 1793?
8. Why was Haiti called the 'Pearl of the Antilles'?
9. What was the 'aristocracy of the skin'?
10. How were the enslaved Haitians inspired by the events of 1789?
11. Why did Napoleon invade Haiti in 1802?
12. What was the long-term significance of the Haitian Revolution?

What will students study in Term 2?

Learning a language enables students to develop an appreciation of other people's culture and linguistic systems, stimulating a variety of transferrable cognitive abilities.

By offering languages at BIS Abu Dhabi, we aim to stimulate students' interest in and enjoyment of discovering a foreign language and to develop a critical understanding of the language (structure, grammar and culture). To enable them to acquire a sound ability to understand oral and written text as well as participate in simple communicative situation in familiar topics, we will be working on all four skills: Speaking, Listening, Reading and Writing.

In Term 2, the Year 8 Spanish students will continue studying the topic of "Leisure."

They will then move on to the topic of "Holidays."

They will be working and strengthening the use of the **present** and **near future** tenses. Students will also learn how to use the **simple past tense** of mainly regular verbs.

They will be practising the four skills: listening, speaking, reading and writing.

Assessment on Module 2: before half term
Assessment on Module 3: end of term (March)

To extend your child beyond the curriculum, arrange a family visit to the Louvre Abu Dhabi, Manarat Al Saadiyat or Warehouse 421 Art Galleries. We strongly recommend that all students virtually visit an art gallery through the Google Arts and Culture site. They could also practice using a specific art medium for an extended period, this could be using pencils in a colouring book, painting a scene from their window using watercolour paints or constructing and painting toy models from a pre-purchased pack (we like Virgin Megastore for these).

Resources for each lesson will be available through Microsoft Teams and assignments will be set every two lessons as listening analysis or project checkpoints. Students will need access to a DAW music composition software on their device. They can choose from MuseScore (music notation), SoundTrap (sequencing and production, available on all devices) or Garageband (sequencing and production, only to be used on MacBook or iMac for functionality). If you do have an instrument available at home, please encourage your child to practice their instrument regularly as a part of their weekly routine to develop performance and composing skills.

What will students study in Term 2?

In Year 8 students will study a range of topics with the three musical strands/components of listening, performing and composing, with a focus on core works and techniques from the Julliard Curriculum.

EDM: Students will learn the history and context of EDM music and develop their performance skills in learning music of this genre. Areas of learning will include reading musical notations, identifying patterns, performing short ideas and playing with accuracy of pitch and timing.

Songwriting: Utilising a DAW, and additionally a variety of music instruments and their voices, students will develop skills in creating their own musical ideas including melody and chord sequences.

How can I extend my child?

To extend your child beyond the school curriculum, students are encouraged to practice singing and other vocal techniques as well as learning musical instruments such as keyboard and ukulele. Many tutorials for learning specific skills on instruments are widely available online and students can use the piano function of their DAW if needed. Students may also choose to research music editing techniques that can enhance their music production and DJ skills. A great software to experiment DJ skills is Traktor. Listening and sharing musical tastes with your family and friends is also a good way of extending your child's musical vocabulary and analysis skills.

What will students study in Term 2?

In Year 8, students will undertake a skills-based unit that will encourage them to not only maintain their physical activity levels through physical training sessions but also aim to develop technically across a range of units that will be covered.

Each week there will be a unit specifically focused on both the physical and skill-related fitness components alongside skills challenges aimed at developing the technical ability of the students. Throughout the unit, tasks will be related to the below concepts:

- Invasion games (netball, basketball & football).
- Striking & Fielding games (cricket, rounders, softball).
- Net & Wall games (tennis).

There will be collaborative tasks that students will need to complete each lesson using the platforms of Microsoft Teams and OneNote. During the collaboration opportunities, students need to reflect on which skills they would like to develop and in turn complete the relevant collaborative tasks set.

During the online lesson, students are required to wear sports clothes in a safe environment. Sports equipment will be required such as a football sized soft ball and a tennis ball.

42% of students achieved a grade 7 or higher in Aug 2020.
