- An average of 20 students per class
- English, French or bilingual learning programmes
- 4 academic diplomas offering access to top-tier global universities
- Over 70 extracurricular activities every week
- A Nord Anglia Education School

A home away from home...

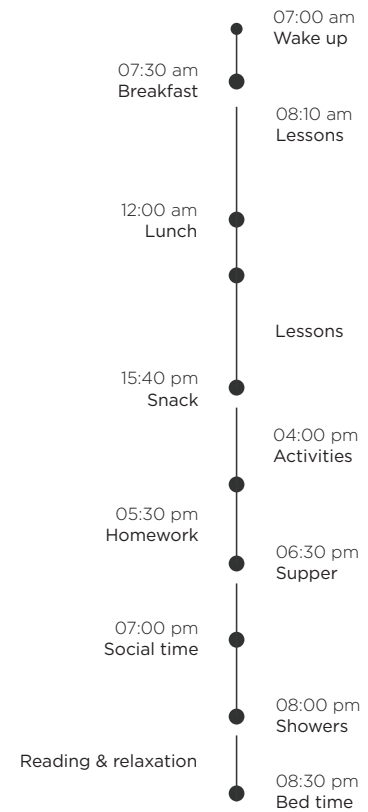

Our 55 years of experience in Boarding Education allows us to provide the best for our students, keeping them active and busy in the classroom, while providing the warmth, love, security and care needed for a child to thrive.

Collège du Léman provides a caring environment with a strong family spirit. Our House Parents make students feel safe and at home. Our Primary Boarding House is designed specifically for children from 8 to 10 years old. Two or three students of different nationalities share a room, allowing them to have multi-cultural experiences.

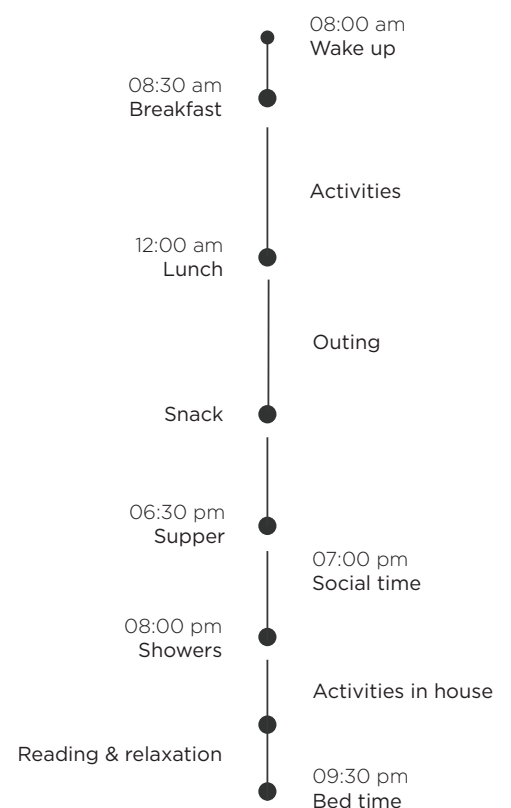

Meals are a central part of life here. Breakfast and dinner are served in the House, enjoyed by all the students and the House Parents together. Students receive help with their homework from the House Parents. After this is finished, there is still time for some games, before bedtime. A good night's sleep is guaranteed after a rewarding and fulfilling day.

🕒 Schedule

Weekday

Weekend

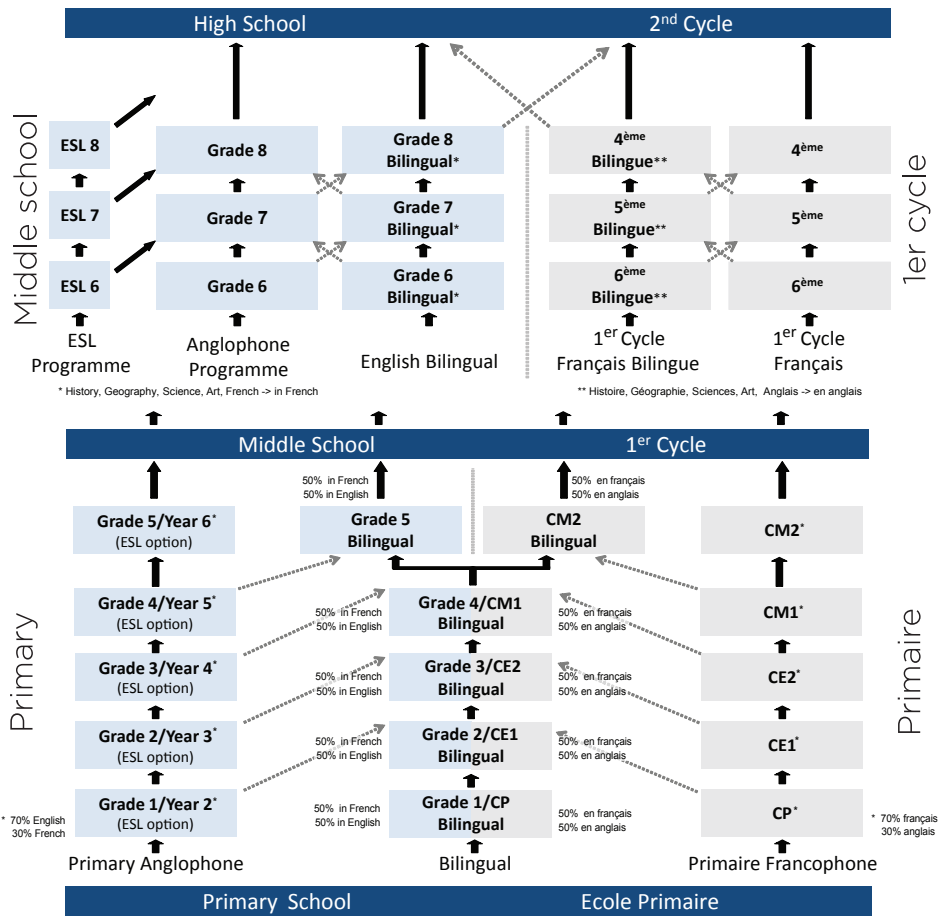

Academics

Students at our Primary School learn in a multicultural and multilingual environment. The Primary School programme applies a thematic approach to learning. With a focus on critical thinking, students come to understand that all subjects are interrelated and content becomes more meaningful.

Students can elect to take the French, the English or bilingual programme, with the opportunity to change between programmes.

Fine Arts

Inspiring each child to find an artistic voice

An outstanding programme that encourages development of the whole child by building self-esteem, inspiring creativity and enhancing academic performance.

We encourage our students to find and pursue the creative area of their choice, whether in visual arts or in music, drama or dance.

Activities

Collège du Léman's proximity to Geneva, Lake Geneva and the mountains provides endless year-round weekend activities to promote a healthy education.

- Music
- Games
- Reading
- Outdoor games
- Gardening
- Educational discovery trips (weekend)
- Skiing, sport, cinema, bowling...
- Horse Riding
