

WELCOME TO OUR PRIMARY SCHOOL

In everything we do, we are guided by our RISE values. Respect, Internationalism, Team Spirit and Excellence are at the heart of our daily actions.

Collège du Léman Primary School proposes a rich and varied programme for our international student population. Students learn in a multicultural and multilingual environment. The curriculum is designed around a thematic approach to learning. With a focus on critical thinking, students come to understand that all subjects are interrelated, and the content becomes more meaningful. Students can follow the bilingual programme, where they study in French and English or one of the immersion programmes in either language.
