iSAMS iParent App

The new iSAMS iParent App is now available to download via the iTunes and Android App Stores. Please click below to download.

Once you have downloaded the app, you will be asked for a school code, this is BISH. You can then login with your iSAMS Parent Portal username and password, this is the same as the one you would use to access school reports.

On the App you can view Schools Reports, check your Child's details, and much more. One of the features we are really excited about is the calendar feature, under the "information" section at the bottom you can view the calendar or search using Key Words, the screen shot included on the right displays events using "Soccer" as the search word.
