

## 9-1 Current Attainment Assessment Grid KS3

Please find below the KS3 Current Attainment matrix. This is to help you understand how teachers decide on the 9-1 grade that they give each term and if these grades change from term to term why this maybe. Each subject is different and therefore the way in which they assess is individual to the subject. If you have any further question please contact the Subject Teacher or the Head of Department.

Print Area	How do you assess current attainment grade in your subject?							Is the subsequent term grades cumulative (i.e. you take into account previous terms work/grades)?	If the current attainment grade has changed why might this be?					
	Project work	Against success criteria	Review of all areas of work covered	Homework tasks	End of unit tests	Formative assessments	Summative assessments	Reading levels	YES - takes into account previous terms grades, homeworks, assessments and tests.	NO - each term is discrete - the grade is dependent on topics that they have covered over that term only.	Change due to new skills	Change due to discrete topics	Greater understanding of course	Increased expectations
