

Dear Parents

This letter has been sent home to inform you about your child's learning for **next week**.

In **Literacy**, we will be continuing with our Big Writing Adventure 'Theme Parks'. We will be learning about correlative conjunctions, using literary features of effect. We will also be learning the skill to proof read our work.

In **Numeracy**, we will be looking at decimal numbers. Focusing on adding, multiplying and comparing numbers up to 3 decimal places. We will also touch on temperature, looking at negative numbers and reading a thermometer.

In **Science**, we will be having an introduction to our new topic Evaporation and Condensation. We will discuss what we know and identify what we want to know, in order to focus our learning. We will start to investigate how water evaporates, measuring water in different locations over a number of days.

In **IPC**, we will be finishing off our report writing about the extreme weather conditions. We will also be planning a trip around the world using scribble maps. We will be looking at different destinations around the world and adding flight times from them.

In **ICT**, students will be sketching their design for their art gallery based on the research of art galleries completed in the previous lesson.

In **PSHE**, we will be looking at being self-aware and managing our feelings, focusing on body image. We will be investigating how the media can change people's perception of others.

For **Spellings**, students will receive their spelling lists every week and will be tested on the list on the same day, the following week. Please see student's timetables to see when they have spellings. Students will have 11 words to learn during the course of the week.

#### Notice & Reminders:

- Please remember to check your child's Communication Book daily.
- Please remember to like our school's Facebook page for updates from the Year group.
- Please remember to read at home and sign the Reading Journal.
- Please remember to learn the spellings and times tables and check which

times table your child is completing, this is stuck at the front of the communication book.

- Please remember to wear the correct uniform for school.
- Please remember to bring in your Science experiment to showcase to the class next week.

Yours faithfully

Year 5 Team
