  - Private transport around Arusha region
  - Safari overnight camp
- Payment plan to be discussed during the meeting

## Typical Tanzania Seeway Expedition Itinerary

**\*\*Some parts of the itinerary are subject to change based on final students numbers\*\***

### Day 1 - Arrival Day

The Nord Anglia team will greet NISC group upon arrival at Kilimanjaro International Airport and take it to Shamba Kipara Camp for an introduction talk and tour of their home for the next eight days. Our students will spend the day relaxing and settling into their new environment with free time to meet students from other Nord Anglia schools.

### Day 2 - Exploration of local village and community project

Your child will spend the day trekking on the edge of Arusha National Park taking the opportunity to enjoy nature. As part of this day students will also travel through local villages and have the opportunity to observe how people live in this area.

Later, the group will get to Dolly Bush Estate where they will pitch tents to spend the night and they will cook their own food.

### Day 3 - Continuation of community project

On this day the group will travel to the community of Nazaretti where they will be actively participating in community service work which will improve the life of families in this area.

The group will then be taken back to Shamba Kipara Camp.

### Day 4 - The Seeway Project

Your child will contribute to the building of new classrooms, kitchens and bathrooms at selected schools which have been receiving the support of Nord Anglia and Seeway NGO.

The group will then be taken back to Shamba Kipara Camp.

### Day 5 - The Seeway Project

Your child will continue working at the Seeway Project site.

The group will then be taken back to Shamba Kipara Camp.

### Day 6 - Day one of safari in Tarangire National Park

The group will travel to the Tarangire National Park. Here they will learn about the local biodiversity while carrying out an animal survey. Your child will spend the night camping in the park.

### Day 7 - Day two safari in Tarangire National Park

The group will wake up early to catch the sunrise and continue their journey through the Tarangire National Park before heading back to the Shamba Kipara Camp. On the way to the camp, students will be able to visit Shanga, a local organization empowering disabled people and providing them a safe working environment.

The last night in Tanzania will bring the Expedition together for a BBQ.

### Day 8- Departure day

This day will be similar to the arrival date and will depend on departure times. Each group will have a debrief and reflection session followed by free time to say goodbye to friends and get ready for their journey home.

**Spaces are limited, therefore submission of application before May 31st 2019 and a parent present at the information session on May 28th or May 30th are both required to be considered.**
