Starters: Spelling

Access Spelling City or use your spelling words to write your spellings using something at home like play-doh, lego or sticks.

Draw pictures of your spelling words and write a sentence using it underneath.

Write out the definitions of your spelling words using a dictionary.

Eg. A **badge** is something you wear on your clothes.

Try and write a rhyming song using your spelling words that rhyme.

E.g. The budgie is judging,
The giraffe was budging.

Main Course – you **MUST** do these every week:

- Reading 3 times a week and reading record signed
- Spellings
- Mathematics
- Reading Eggs
- Spelling City activities

- Everyone **must** finish the main course every week. Work must be completed by Tuesday.
- Dessert projects are optional. If you have completed it, you will be asked to present your work to your teachers and peers.
- If you are feeling *extra* hungry, you can order from the starters. Each dish has a difficulty rating. The more chillies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes? Time spent as a family is important and you can learn together whilst having fun.

Dessert: Optional projects to be brought in on Sunday 3rd February

The new topic is called Media Magic which is all about communication. Can you make a poster about all the different types of communication? This could be about sign language, a piece of art to show a feeling or about an invention that helps people to communicate.

Sides: Family Fun

- Do something outside that is active and makes you feel alive. Take your pulse before you start and after you finish. You could go for a walk, ride your bike, kick a ball, go swimming or play catch with other children.

Sides: Upcoming learning

- Knowing the properties of 2D shapes (edge, vertices, name)
- Knowing the properties of 3D shapes (edges, faces, vertices and name of shape)
