

## Curriculum Synopsis

The curriculum of Islamic Studies for **year seven** aims to recognise the attributes of Emirati students and to reinforce their national identity and strengthen their loyalty to their homeland. Moreover, the curriculum allows students to acquire religious knowledge and concept. It links them to modern life in accordance with the teachings of Islam, which are based on the concepts of moderation, love, peace and tolerance. Furthermore, it strengthens Islamic values in students that enable them to build their personality and provide them with diverse learning activities.

The standards of Islamic education focus on six areas of learning representing the components of the subject, namely: divine revelation (the Quran and the Hadith) and belief, the values and literature of Islam, the provisions and purposes of Islam, and biography and personalities, identity and issues of the period. These areas are working together to achieve the measurable learning outcomes.

### ***In term2 we will be covering the following topics:***

- *Surat Ar-Rahman 1-12*
- *Rules of noon sakinah and tanween*
- *Thinking in Islam*
- *The prayers of traveler and of the sick people*

## Supporting at Home

The support at home aims to document the student's relationship with the Holy Quran as the first source of knowledge, behavior, values, taste and beauty in order to build a Quranic mentality and psychology, by continuing to read the Qur'an and considering the provisions of intonation (*tajweed*).

One of the key elements of this support is to implant the love of Prophet Muhammad "peace be upon him" in the heart of the student through the experience of the Prophet's biography, and to highlight the life of the Prophet (peace and blessings of Allah be upon him) as a good example and a role-model to follow.
