RE: YEAR 12 UNIVERSITY/COLLEGE APPLICATION PROCESS

Dear Parents,

My name is Roohi Iqbal and, as the Head of College Counselling, I am responsible for helping students and parents navigate the university/college application process. This process can sometimes appear daunting and complex to parents, especially if they are going through the process for the first time. But I can assure you that the process is also a very exciting one, full of possibilities and opportunities as your child moves toward the next stage of their life.

During my time at BISS Puxi, I have been consistently impressed with the calibre of students in each graduating class. It certainly makes my job easier in placing them at top tier universities around the world! Similarly, I look forward to working with the Class of 2016. As a class, they have already shown remarkable leadership skills. They are one of the largest cohorts to date for our International Award, they have honed their debating skills through Model United Nations, contributed in a multitude of ways through their CAS activities, competed in Maths and Science Olympiads internationally, and challenged themselves both inside and outside the classroom.

I believe the application process must be personalised for each student. Therefore, to initiate this process I would like to meet with each Year 12 student, together with their parents, during the mid-April to mid-May timeframe, so that we can begin planning for next year. To schedule this initial conversation at your earliest convenience, please contact me at r-iqbal@bisspuxi.com and propose a few dates and times that are convenient for you.

In addition, there will be Higher Education and personal statement/college essay writing workshops for Year 12 students on 4 and 5 June. More details will be provided closer to the date.

I look forward to meeting you in person and working with your family towards this important next step!

Best Regards,

Roohi Iqbal
Head of College Counselling
