

NAISAK ECA (Block 1) 2019/2020

Name of the ECA	Description	Staff Member(s)	Day	Year Group(s)	Max Number of Students	Instructions
Swimming	Students will develop their levels of confidence in the water as well as developing techniques to ensure their safety in and around the water. The students will look to develop a number of different techniques, including buoyancy, breathing as well as the different swimming strokes.	North Pole Swimming	Monday	Y4 to Y6	12	500QR per student for 10 weeks
Handwriting Club	Learn and develop your handwriting skills.	Souzan Mohamed	Sunday	KS1	10	
Qatar History	Come and learn about the history of Qatar.	Baraah Alghandour	Sunday	KS1 & KS2	10	
Art Club	Everyone is an artist! The children will express themselves through varied Art techniques and will also learn about different artists and cultures at the same time.	Michelle Lopmeir	Sunday	KS2	10	
Designing and Creating	In this club, children will be designing an object and then using their design to create it. We will complete many projects during this ECA including making slippers, building houses and even cooking!	Laura Battson	Sunday	KS1	15	

International Debate Club	We will be discussing the socio- economic and political issues from around the world. The discussions will range from the destruction of the Amazon rain forest and how this will affect us across to the implications of Brexit. This ECA will improve pupils understanding and awareness of various issues around the globe and will equip them with the skills to discuss these topics in depth. Pupils will develop their research skills which they can transfer to other subjects as well as the importance of authentic resources.	Kamran Chaudary	Sunday	KS4 & KS5	14	
Maths Investigations	Each week the children will have the chance to explore number investigations in pairs or small groups. This will help to improve their understanding of topics covered in class, with a particular focus on the four operations (addition, subtraction, multiplication and division).	Sami Siddiqui	Sunday	KS1 & KS2	25	
French for Fun	In this ECA, the student will learn French and develop the speaking skills by playing games.	Celine Escomel & Yassin Mani	Sunday	KS3 & KS4	15	
Dancing For Fun	This ECA will focus on freestyle dancing, music and movement. This ECA will allow students to be creative, to learn how to choreograph dance moves, work together and also build their self-esteem. Students will also be able to perform for school events and during assemblies.	Enita Velayutham	Sunday	KS1	16	
Community Service	Students will find ways to support NGO's or local community projects through planning and hosting events and other fund raising activities.	Deepika Borges	Sunday	KS3. KS4 & KS5	20	
Y6 & Y7 STEAM	In this ECA, students will be introduced skills in all aspects of the STEAM curriculum that they may not have the chance to develop in their lessons, including photography and programming. Nord Anglia has a unique partnership with MIT, the world's leading	Edward Gent & Nigel Lane	Sunday	Y6 & Y7		

	<p>university, and each year MIT sets three challenges for Nord Anglia students. The skills that students develop in this ECA will link directly to this year's challenges, which the school will be participating in throughout the year.</p>					
KS3 STEAM	<p>For more than 150 years, the Massachusetts Institute of Technology (better known around the world as MIT) has been a model for educating engineers, chemists, mathematicians, biologists—even a few poets and playwrights. Through the MIT Challenges, every Nord Anglia school student can tap into the deep reservoir of expertise that MIT has to offer. This year's MIT Challenges, Reveal: Discovering Science Through Compelling Images, aims to use images to enhance the teaching and learning of science, technology, engineering, arts, and mathematics (STEAM). Each of the three Reveal Challenges presents a snapshot of the work of an MIT expert.</p>	Nicole Khodadadi	Sunday	KS3	20	
U16 Girls Sports Club	<p>Students will train for and participate in several inter school competitive sports competitions against other schools in Qatar. These sports will include Netball, Football and Basketball as part of the QUESS League.</p>	Laura Davis	Sunday	KS4	26	Students who enroll in this ECA must be willing and prepared to compete for the school in the QUESS competitions
U10 & U11 Boys Sports Club	<p>Students will train for and participate in several inter school competitive sports competitions against other schools in Qatar. These sports will include Football, Athletics, Basketball and many more as part of the QPPSSA League.</p>	Michael Fleary & Sam Lomax	Sunday	Year 5 & Year 6	26	Students who enroll in this ECA must be willing and prepared to compete for the school in the

						QPPSSA competitions
U12, U13, U14, U16 Boys Volleyball	Students will train for and participate in several inter school competitive Volleyball competitions against other schools in Qatar. This will include league games and competitions as part of the QUESS League.	Gavin Hall & Hugo Pedro Queiros	Sunday & Tuesday	U12, U13, U14, U16	26	Students who enroll in this ECA must be willing and prepared to compete for the school in the QUESS competitions
U12, U13, U14, U16 Boys Basketball	Students will train for and participate in several inter school competitive Basketball competitions against other schools in Qatar. This will include league games and competitions as part of the QUESS League.	Monzer Abou Aishi	Sunday & Wednesday	U12, U13, U14, U16	26	Students who enroll in this ECA must be willing and prepared to compete for the school in the QUESS competitions
Computing	Throughout this ECA we will learn how to create animations using stop motion animation. We will also learn how to make quizzes using scratch.	Charlotte Longbottom	Tuesday	KS2	24

U12, U13, U14 Girls Sports Club	Students will train for and participate in several inter school competitive sports competitions against other schools Qatar. These sports will include Netball, Football and Basketball as part of the QUESS League.	Sonia Lovemore	Tuesday	U12, U13, U14	26	Students who enroll in this ECA must be willing and prepared to compete for the school in the QUESS competitions
Yoga and Wellbeing	Yoga and wellbeing is an opportunity for the children to develop their flexibility, and strength, while meditation and other mindfulness techniques will keep the mind sharp and give the children strategies to relieve stress and anxiety after a long school day.	Joy Bromfield	Tuesday	KS3	20	
KS3 Science Club	KS3 Science Club hopes to foster excitement, curiosity, and interest in science. Students are expected to gain skills and explore the world of science in collaboration with Art. The skills learned through this ECA will give them 21st-century skills like communication, creativity, collaboration and critical thinking needed for secondary school and life success. Most of the activities will incorporate Science,	Athya Ansari	Tuesday	KS3	20	

	with a focus on Art and how the two subjects can be bought together.					
Romanian Language	As a romance language, Romanian is an extremely easy language to learn. The roots of the language are very closely related to English, French, Spanish and Italian. Romanian is the only surviving language today that is about 80% Latin. So if you are familiar with Latin, Latin roots, or a Latin based language such as Italian or French, then learning Romanian will be excellent for you	Simona Scragg	Tuesday	KS2 & KS3	10	
I Can Draw	In this club the students will learn to draw the objects around that we see in and around the house as well as learning to draw the basic shapes, where the shapes have either been modified with other shapes as well as curves to form the objects.	Jahida Shikalgar	Wednesday	KS1	15	
Model United Nations	Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real world issues with the policies and perspectives of their assigned country.	Hugo Pedro Queiros	Wednesday	KS3, KS4 & KS5	12	
Fun with Words	Fun with words is an ECA whereby the pupils engage in different sorts of word activities ranging from crosswords, unscrambling words as a class, hangman, word ladder and word puzzles and can often use dictionaries to help them. The pupils work as a class or in partners to complete these activities and many others. Last year the pupils really enjoyed the learning and fun aspects of the ECA.	Cathal May	Wednesday	KS2	20	
From Page to Screen	Students will look at a variety of different film texts, which have been adapted from classic and modern classic literary works. There will be many comparisons between text and screen, whilst also learning about film	Joseph Hawker	Wednesday	KS3. KS4 & KS5	18	

	language and how to use it academically when analyzing cinematic texts.					
Gardening Club	If you are a friend of nature and love to make a difference in the environment then join the gardening club. You will have an opportunity to grow and nurture plants at school as well as learn how to recycle and reuse materials to grow plants. Let us make NAISAK clean and green!	Reena Singh	Wednesday	KS3, KS4 & KS5	15	
U8 & U9 Girls Sports Club	Students will train for and participate in several inter school competitive sports competitions against other schools in Qatar. These sports will include Netball, Football, Basketball and many more as part of the QPPSSA League.	Sonia Lovemore	Wednesday	U8 & U9	26	Students who enroll in this ECA must be willing and prepared to compete for the school in the QPPSSA competitions
U10 & U11 Girls Sports Club	Students will train for and participate in several inter school competitive sports competitions against other schools in Qatar. These sports will include Netball, Football, Basketball and many more as part of the QPPSSA League.	Laura Davis & Libby Antonic	Wednesday	Year 5 & Year 6	26	Students who enroll in this ECA must be willing and prepared to compete for the school in the QPPSSA competitions
Swimming	Students will develop their levels of confidence in the water as well as developing techniques to ensure their safety in and around the water. The students will look to develop a number of different techniques, including buoyancy, breathing as well as the different swimming strokes.	North Pole Swimming	Wednesday	Y1 to Y3	15	500QR per student for 10 weeks
Dancing	A fun dancing class we will have fun and dance on different kinds of music.	Ola Meer Assad	Wednesday	KS1	10
