Dear Parents,

As part of the Nord Anglia Family our students have the privilege to participate in a once-in-a-lifetime expedition to Tanzania. This amazing trip will let our students collaborate with other members of the Nord Anglia family strengthening our Global Campus network of schools.

The *Tanzania Seeway Expedition* is a life changing experience for everyone involved. Our students have the opportunity to make a change in the life of local communities around Maji ya Chai, in the Arusha region, whilst learning about sustainability and discovering the biodiversity of the Tarangire National Park. It is a challenging and highly rewarding experience that will help your child grow personally and emotionally.

The high quality activities are designed to enhance skills such as leadership, confidence, resilience and independence in a safe environment. Sharing with students from our Nord Anglia family around the world helps them to be open minded, learn from different cultures and build lifelong friendships and unforgettable memories.

For the last three years NISC students have been participating in the *Tanzania Seeway Expedition*, and we are excited to announce we are opening 24 spots for next academic year. There will be an informative meeting for *parents and students* who are interested in this amazing Expedition next **Tuesday, May 28th** or **Thursday, May 30th at 4pm in the HUB**. During the meeting we will be providing more details about the trip and answering any question you may have.

Attendance to either meeting is **mandatory** for those interested as it will help us start the preparation of the Expedition.

Please find attached the programme overview of Tanzania Seeway Expedition. Should you have any questions prior to the meeting please email silvia.barreto@nisc.edu.kh

Looking forward to seeing you!

Best regards,

Silvia Barreto
Tanzania Seeway Expedition Leader
