

Dear Parents

This letter has been sent home to inform you about your child's learning for **next week**.

In **Literacy**, we will be continuing our 'Big Writing Adventure' by exploring the features of newspaper reports. We will also learn how language and punctuation are used to create different effects in writing.

In **Numeracy**, we will be solving calculations involving ratio, while revising how to add, subtract, multiply and divide fractions with different denominators.

In **Science**, this week we are learning about the causes of air pollution and how it causes acid rain. We are looking at what acid rain is and the effect it has on the environment.

In **IPC** this week we are learning about sustainable energy sources and the benefit of using these instead of fossil fuels.

In **ICT**, we will be using the app 'HP Reveal' to complete a treasure hunt around the school. Children will need to use the app to reveal clues, before problem solving to find the next clue.

In **PSHE**, we will look at how to make and maintain healthy relationships with others. We will also discuss how to deal with situations where people are being unkind to us.

For **Spellings**, students will receive their spelling lists on Thursday and will be tested on the list the following week. Students will have 11 words to learn during the course of the week.

Notice & Reminders:

- Please remember to check your child's Communication Book daily.
- Please remember to like our Facebook page Year 6 for updates from the Year group.
- Parts for the upcoming production have been given. Please help support your child in learning their lines.
- If your child has an overdue library book, please ensure this is returned as soon as possible!
- Please remember that assessments will take place week beginning 27 May.

Have a lovely weekend!

Yours faithfully

Year 6 Team

Year 6 Home Learning Menu 17.05.18

Main Course – you **MUST** do these every week:

- Read for 15 minutes - 5 times per week
- Learning weekly spellings
- Times table practise
- 15 minutes on Mathletics/Reading Eggs – 3 times per week

Dessert: Project to be completed by **14th June**

- Create a model which you could use to filter the oceans.
- Create a presentation about charities which campaign against deforestation around the world.

Starters: LITERACY.

 Create a poster about a building that has gone missing from any famous city.

 Create a comic strip about a building that has gone missing from any famous city.

 Write a police report about a building that has gone missing from any famous city.

 Write a newspaper report about a building that has gone missing from any famous city.

- Everyone **must** finish the main course every week. Work must be completed in your Home Learning books and returned to school on Wednesday of each week.
- Everyone **must** attempt one, or both, of the project desserts. You will be asked to present your work to your teachers and peers.
- If you are feeling *extra* hungry, you can order from the starters. These will focus on a different subject each week. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes. Time spent as a family is important and you can learn together whilst having fun.

Sides: Family Fun

- Listen to a sibling read and record it in their reading record.
- Ask an adult to read you one of their favourite books.
- Complete an activity on Global Campus and write about it in your primary passport to earn a stamp from your teacher.
