**Middle Phase Homework Timetable  
2020 – 2021  
Year 8**

Homework tasks should last approximately 30 minutes. If a task is expected to take longer than the specified time, then extra time should be given for the homework. E.g. a task which is expected to last 60 minutes should be allocated 2 homework sessions.

**It is the responsibility of the subject teacher to ensure the homework for their subject is to be completed on the appropriate day, according to the timetable.**
