IB World School

Northbridge is very proud to belong to the prestigious International Baccalaureate (IB) community of learners with more than one million students in over 5000 schools worldwide. The IB aims to do more than any other curricula by developing inquiring, knowledgeable and caring young people who are motivated to succeed. We are fully accredited to offer all three IB programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), and the Diploma Programme for Grades 11-12.

WASC Accredited

Northbridge is family accredited by the Western Association of Schools and Colleges (WASC), which accredits public and private schools, colleges, and universities in the United States and international schools in the Asia-Pacific Region. Through this we are able to offer a WASC-accredited High School Diploma, which is recognized globally by colleagues and universities, with most students graduating with this qualification as well as IB Diploma. In March 2019, Northbridge was hailed as 'an extraordinary place of education' by the WASC Visiting Committee.

School Year

The academic year at Northbridge is divided into two semesters typically beginning in the middle of August, and the beginning of January, with a total of 180 school days for students, and 190 working day for teaching staff.

Preparing for their Future

We expect our students to have a love for learning and to have developed into socially and intellectually confident adults well equipped to deal with the academic and social experiences of higher education and the workplace. We support all our students to take full advantage of the various 'beyond the classroom' activities on offer so that they gain as many experiences as possible. Whether it is through outdoor activities or developing strategic skills, our approach is to encourage and support our students.
