

# GRG

## YEAR 6 LEAVERS 21

#ONLYLOVE

#BE AMBITIOUS

*Change for some can be very easy. They adapt quickly and move on from what they've known before and take it all in their stride.*

*For most though, change can be challenging and very difficult.*

*But once we overcome those initial fears of change by finding out more and experiencing it, we become stronger, more determined because we know what that change is.*

*That is the change that you will experience going into Secondary School, but knowing you, you are all ready for that change and will be successful if you remember what you have learnt from BSB. There's a lot, but these bits are key:*

- Be ready to learn and help will come if in need.*
- Not everything will go your way... How will you overcome that?*
- Be determined to achieve big. Aim high. Be Ambitious!*

*So you may be feeling anxious and worried about your change, but, you should also be excited and looking forward to what will come.*

*Before I finish, I would like to say what a fantastic class you have been - and my first at BSB! There's been laughter, tears, tantrums and that's just from me!*

*Seriously though, I'm so proud of what you've achieved at BSB this year, and you move into Secondary School, ready to show the world what you've got!*

*Good luck with your future. I know that you'll be amazing and of course, thank you to all of you, you've made my first year at BSB very special.*
