Starters: Reading

With your reading book, pick out any adjectives you can find that describe a picture. Using those words, draw a picture of what you think they would look like.

Create a timeline of events that happen in your book.

Find a book you have never read before and look at the front cover. Predict what you think the story will be about and who the main character is.

Discuss the purpose of the book. Why did the author choose to write this book? Who is the audience?

Main Course – you **MUST** do these every week:

- Reading 3 times a week
- 10 spellings
- Times Tables
- Mathematics
- Reading Eggs

Dessert: Optional projects are due on **17/12/18**

- Create a model of the solar system which includes the sun and all the planets.
- Research a famous astrologer or astronaut and present your findings in a PowerPoint, poster or fact file.

- Everyone **must** finish the main course every week. Work must be completed by Tuesday.
- Dessert projects are optional. If you have completed it, you will be asked to present your work to your teachers and peers.
- If you are feeling extra hungry, you can order from the starters. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes? Time spent as a family is important and you can learn together whilst having fun.

Sides: Family Fun

- Read some recent newspaper articles on space. What are the articles about? What have you learned?
- Read a space themed story book at bed time.
