MONTH
NOVEMBER 2019**

TAKING ACTION TOGETHER

This second edition of the **Plastic Awareness Month** aims to increase awareness and take action together to tackle the plastic pollution issue in Vietnam.

Join us during (one of) our inspiring events.

ONLINE PLASTIC DIET CHALLENGE

Join our competition to reduce your use of single-use plastics in 3 weeks.

Will you become Vietnam's biggest reducer?

CLEAN UP DAY

Let's take action together and take part in the Clean Up Vietnam movement.

With young and old we can help and increase awareness about the single-use plastic pollution challenges we all face everyday.

'THE CIRCULAR ECONOMY OF PLASTICS' BUSINESS SEMINAR

At the business seminar, experts and organisations in Vietnam will share their journey on enhancing the circular economy of plastics followed by interactive sessions to close the loop.

**MONTH
NOVEMBER**

**30TH
NOVEMBER**

**3RD
DECEMBER**

School Program:

Inform:

- Plastic Awareness

Plastic Diet Challenge

Starting the **#plasticdiet!**

Baseline survey
as a measure of your
weekly single use
plastic consumption

Weekly tips
inspiring you to make
changes to your plastic
consumption

Plastic Diet survey
sent out every
Wednesday to track
your progress per
week

Plastic Diet Challenge

4. Single-use plastics are plastic bottles, packaging, straws, bags, cups, etc. that are used only once before discarding. Thinking about the past week, did you use any single-use plastics?

- ☐ Yes, I did
- ☐ Yes, but as little as possible
- ☐ No, I did not

5. How many of each type of single-use plastics did you use during the past week (7 days) ?

0 1-2 3-5 6-8 9-11 12-14 15-17 18-20

Plastic drinking cup
(coffee/bubble
tea/etc.)

☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐

**Also in
Vietnamese
language**

The Plastic Diet survey will consist of 11 short questions to fill out, about your single use plastic consumption of that previous week (Friday to Friday).

Please take time every Friday to fill in the survey.

Plastic Diet Challenge School Program

Important notes

Important notes to join;

You need to register to join the Plastic Diet Challenge.
Survey runs on a laptop / tablet / phone (Survey Monkey).
Registration via the link which needs to be shared via school to all students, staff and parents.

Plastic Awareness Month Closing event

At the Closing event, the school and ReThink Plastic Vietnam will:

- ✓ **Share results** of the Plastic Diet Challenge
- ✓ Celebrate the **winners**:
 1. Greatest reducer
 2. Lowest single use plastic consumer
 3. Plastic competition winners

Who we are

ReThink Plastic Vietnam is a community-led organization aiming to create awareness and connect stakeholders from business, community, knowledge centres and government around the global plastic pollution problem which is heavily affecting Vietnam, its rivers, coastline and ocean.

ReThink Plastic Vietnam launched a program to raise awareness and to encourage 'Reduce, Reuse and Recycle' plastic in Vietnam in September 2018. The team works in close cooperation with the Dutch Business Association Vietnam (DBAV) and the Dutch Consulate General of HCMC.

Plastic Awareness Month 2019

In November ReThink Plastic Vietnam will organize the 2nd edition of the Plastic Awareness Month after a successful first edition in 2018.
