RE: YEAR 4 LEARNING SHOWCASE

Dear Parent/Guardian,

During Term 1, Year 4 has been studying the topic 'Inventions'. We would now like to give the students the opportunity to share some of their learning with their parents.

The children would like to invite you to their 'Learning Showcase', which will take place on **Thursday 5 November from 9.00 am to 9.45 am** in the Year 4 classrooms.

This will be an opportunity to discuss the children's learning of this term and how they have applied their knowledge to create a toy with an electrical circuit.

We look forward to seeing you there.

Kind regards,

Shaun Rhodes
Year 4 Leader
