Community Partners Highlights

Box of Hope

Box of Hope is an annual charity project aimed at providing useful/educational gifts to underprivileged children in Hong Kong & Asia donated by Hong Kong school children and local organisations.

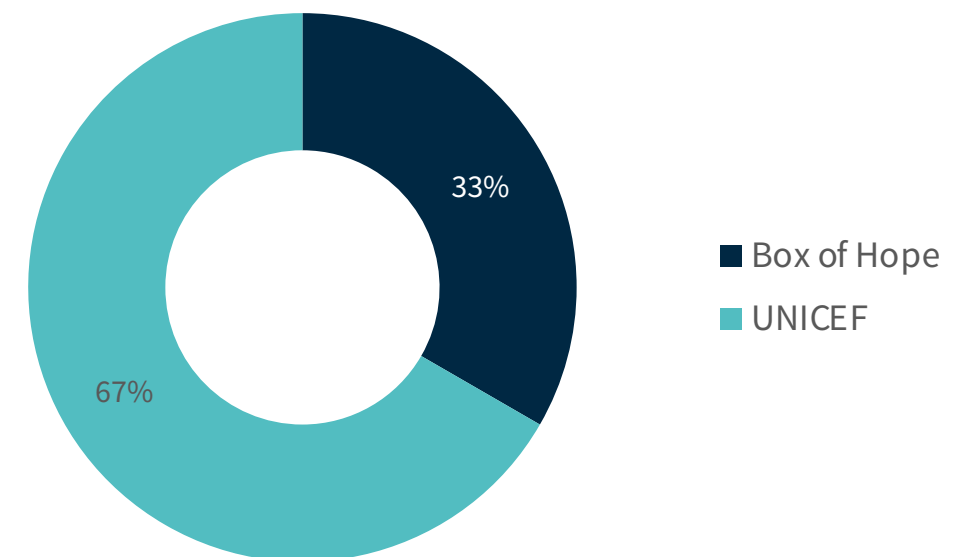

UNICEF works in the world's toughest places to reach the most disadvantaged children and adolescents – and to protect the rights of every child, everywhere. Across 190 countries and

territories, we do whatever it takes to help children survive, thrive and fulfil their potential, from early childhood through adolescence.

UNICEF

UNICEF was established on 11 December 1946 by the United Nations to meet the emergency needs of children in post-war Europe and China. In 1950, its mandate was broadened to address the long-term needs of children and women in

developing countries everywhere. UNICEF now works in over 190 countries and territories to protect the rights of every child. For over 70 years, UNICEF has been the defender of children around the world, regardless of gender, religion, race or economic background. When the world's most vulnerable need a champion in the face of conflict, disease or exclusion, UNICEF has been there.

Box of Hope

Box of Hope is an annual charity project aimed at providing gifts to underprivileged children in Hong Kong & Asia. The children at NAIS, have been busy designing boxes and filling them with interesting, fun, practical and educational gifts.

The boxes were brought in to the school reception, before being collected and delivered directly to the children in need. Each pupil received a sticker which was placed on the box detailing what was inside to help find a suitable home.

For some of the recipients, these may be the only gifts they received over the festive period and maybe even ever. Each pupil received a sticker which was placed on the box detailing what was inside to help find a suitable home

Activities Highlights

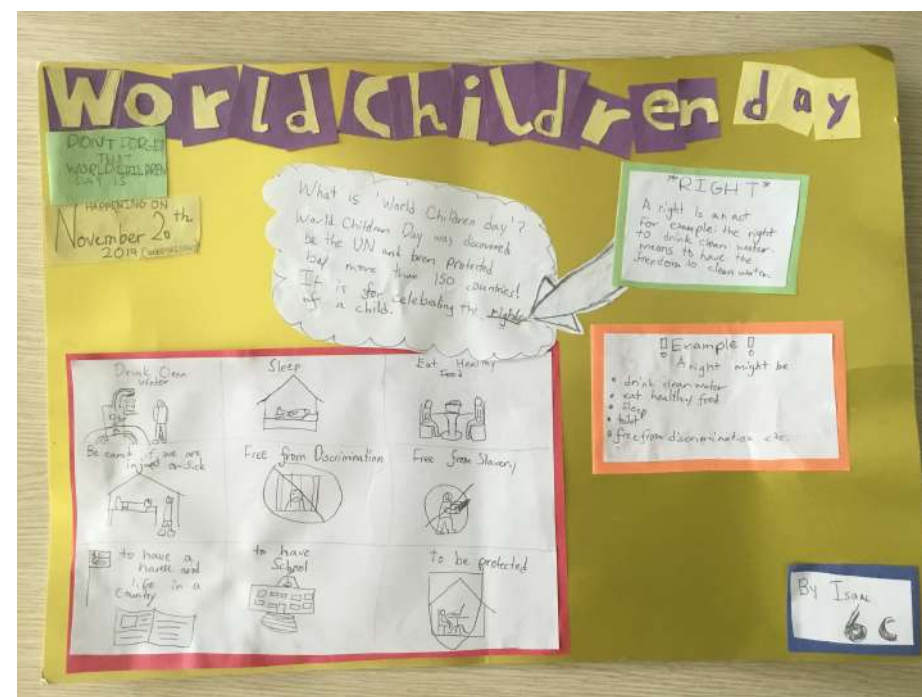

World children's day

On Wednesday 20th November, children from all around the world celebrated World Children's Day. This year was extra special as it was 30 year anniversary of the UN Convention on the Rights of the Child.

Classes took part in a range of activities which helped them understand their rights but also made the students consider vulnerable children around the world who might not have access to these rights. Tasks included poster making, discussion and debate.
