

Season 2 Secondary After School Activity Program

Tuesday 5th November 2019 – Wednesday 22nd January 2020

ASA Date/Name	Location	Staff	Max Pupils	Year Groups	Notes
Tuesday - World scholar's cup (Year 7 - 11)	B120	Shahida Kandhai	15	7,8,9,10,11	World scholar's cup will work independently as they have been given areas of research and are getting ready for the competition in September. Book club will focus on reading a common book and examining the book for themes , character, setting. Depending on uptake book choices will vary.
Tuesday - Comic Books (Year 6 - 10)	B322	Dean Bates	12	6,7,8,9,10	Students will examine various comic books in order to produce our own comic based on a collision of two universes, i.e Star Wars meets Marvel. We will plan a story line and then create our own plots and sub-plots, focusing on specific characters within the chosen comic genre

Tuesday - Competition Mathematics (Years 7 to 10 students From top Set maths groups only)	B308	Paul Readdy	8-16	Years 7 to 10 students From top Set maths groups only	Training and preparation for the forthcoming NAE mathematics Olympiad and/ or UKMT Junior and Intermediate Mathematics Challenges.
Tuesday - Cooking (Year 10 - 12)	B115	Darren Byrne Nick Bourne	8	10,11,12	Students will be learning to prepare and bake / cook starters, main courses and desserts. This a great 'Skills' activity for the students who will be taking the Duke of Edinburgh Internationa Award Scheme.
Tuesday - Design and Technology Club (Year 7 - 13)	B126	Steven Hart	20	7,8,9,10,11,12,13	Students will be allowed to undertake practical tasks with a minimum of preparatory design work. They will be allowed to make projects of their own without the need to produce a complete design portfolio.
Tuesday - EAL Homework Club (Year 7 - 13)	B420a	Mark Burnham		7,8,9,10,11,12,13	Subject homework support and extra English input for EAL students of all year groups.
Tuesday - Chinese calligraphy (Year 7 – 11)	B219	Bonny Li	10	7,8,9,10,11	As the art of writing Chinese characters, Chinese calligraphy is one of the highest forms of Chinese art, serving the purpose of conveying thoughts while also showcasing abstract beauty of lines. Students will learn about four treasures of the study, the way to hold the brush, essentials of writing technique and structure of Chinese characters.

Tuesday - MFL French for Beginners (Year 4 - 6)	B207	Linda Worsley	10	4,5,6	Students will be introduced to the French language and culture through fun activities, games and songs.
Tuesday - Speaking Practice (Year 11)	B205	Déborah Châtillon	7	11	Preparation for Speaking exam
Tuesday - MUN (Year 9 - 13)	B327	Abirami Warriar	20	9,10,11,12,13	MUN simulates the United Nations and enables students to acquire useful skills of organisation, debate and collaboration in addition to fostering many of the IB profile attributes. The students will prepare BSB's BRITMUN conference as well as participate in several MUN conferences across Asia to gain valuable experiences.
Tuesday - Newspaper (Year 9 - 13)	B321	Nicoleta Darla	15	9,10,11,12,13	Students will work on stories to put together a newsletter
Tuesday – Film Club(Year 7 and 8)	B304	Sophie Duckworth	10	7,8	Pupils will watch a selection of films and complete various activities such as film reviews, posters, podcasts and presentations.
Tuesday – Website Design (Year 8 and 9)	B209	Joseph Adams	10	8,9	Students will learn how to design and build websites.

Tuesday - Academic support ASA (Year 10)	B108	Mahesh Warriar		10	This ASA is open for students of year 10 who have been identified as in need of additional supervised study time in any of the subjects offered for year 10. Subject teachers are expected to send in details of the work that is expected to be completed for efficient and guided support.
Tuesday - Mathematics HL Enrichment (A&A) (Year 12)	B306	Stephen Ochieng		12	The programme will grant year 12 students who take Mathematics HL to consolidate concepts learnt in class and to give an extension to those students who need extension work in Mathematics HL. This will also be a perfect opportunity for students to practice exam taking skills like working with Graphic Display calculators and going through exam type questions.
Tuesday - Eco-display Project (Eco-art) (Year7 – 13)	B122	Lucy Thompson	10	7,8,9,10,11,12,13	Create an Eco-display for school. It will aim to create a large art piece out of recycled materials as well as a notice board to raise awareness of school projects and global Eco-issues
Tuesday - Set building (Year 7 - 13)	B224/B204	David Wheeler Alia Gargum Helen Bramley	20	7,8,9,10,11,12,13	Students will assist with the construction and painting of sets and props for the school production of Little Shop of Horrors. By invitation only for students from season 1

Tuesday - STEAM Computer Free-Coding (Year 4 – 7)	A305	Niki Wallis	15-20	4, 5, 6, 7	If you love using Scratch then join this club and practise coding. You can create your own interactive stories, games, and animations and work with other BSB coders!
Tuesday - Lego KS2 (Year 3 – 7)	A318	Mia/Helen	15-22	3, 4, 5, 6, 7	Be creative and build your own Buildings, cars, animals or other fantastic ideas with LEGO blocks.

ASA Date/Name	Location	Staff	Max Pupils	Year Groups	Notes
Wednesday - EAL Homework Club (Year 7 - 13)	B420a	Anne Burraston		7,8,9,10,11,12,13	Subject homework support and extra English input for EAL students of all year groups.
Wednesday - Mandarin club (support & catch up) (Year 7 – 11)	B218	Li Jiang	8	7,8,9,10,11	This club is for students who are interested in Mandarin and want to improve their level. In this club, students will be helped to revise what they have learned in class and catch up some skills that they need practice more.
Wednesday - Land Rover 4x4 China Competition (Year 8 - 10)	B116	Rory Fitzgerald		8,9,10	Following on from last term, students will redesign a 4x4 remote control car and create the team entry into the China regional competition early next year. This is only open to students from last season

Wednesday - MFL German for Beginners (Year 5 - 9)	B406	Alan Jasansky	12	5,6,7,8,9	<p>This ASA is only for those who like learning foreign languages and want to learn German as a new foreign language. If you regularly and actively participate in this course, then by the end of the school year, you will be able to use this language in the following areas: myself, my hobbies and interests, my free time, colours, numbers, days of the week, months, my family, domestic animals and pets, using of basic verbs, adjectives, prepositions, my school, school subjects, school stationery, describing friends and other people, food and drinks, town and village, buildings, sights, etc. In this course, we will do various activities including games and songs, and practice all the four language skills: speaking, listening, writing and reading.</p> <p>this ASA is only for those students who have already done German with me before, or they have some basic knowledge of German, in order to maintain continuity</p>
Wednesday - Maths Clinic (KS3 and IGCSE Core Mathematics)	B307	Anne Walker	20	7,8,9,10	<p>Students will work on their Maths skills Some Year 12 students will be present to support them (CAS)</p>

Wednesday - SpaceRail (Year 7 - 13)	B105	David Wheeler	15	7,8,9,10,11,12,13	Similar to a marble run in concept, SpaceRail takes it to a new level. SpaceRail is both educational and fun. It is a game that builds creativity, skill, persistence, and more. Playing with SpaceRails consists of building a track that can be utilized to work as a marble roller coaster with gravity defying loops and twists.
Wednesday - Weight room/Cardio room circuit training (Year 10 – 13)	Weight room/cardio room	Chris Planchant	10	10,11,12,13	Students get the chance to undertake gym circuits under careful supervision. They will get the chance to improve their fitness and additionally learn how to perform various strength and conditioning exercises safely.
Wednesday - Young Enterprise (Year 7 - 12)	B416	Andrew Brigstock		7,8,9,10,11,12	Students will have the opportunity to run their own small business after devising a new product or service, which they will design, produce and sell, all with the intention of making a profit for themselves and their investors, whilst learning some fundamental business principles. This is open to students from last season.
Wednesday - German Club (for native German speakers) (Year 3 – 7)	A218	Silke Kicker	15-20	3, 4, 5, 6, 7	In our German ASA we will only speak German, learn how to use German Grammar in the correct way, read stories in German and sing German songs. This ASA is ONLY meant for students with a German as a second language background.

Wednesday - Art (Y7-13)	B224	Helen Bramley	20	7,8,9,10,11,12,13	The Art ASA is an opportunity for students to spend additional time working in the Art rooms on either their sketchbooks, art works, university portfolio's or STEAM projects.
Wednesday - Art (Year 7-13)	B204	Alia Gargum	20	7,8,9,10,11,12,13	The Art ASA is an opportunity for students to spend additional time working in the Art rooms on either their sketchbooks, art works, university portfolio's or STEAM projects.
Wednesday - Board Games (Year 5 - 9)	B327	Jim Hartland	12	5,6,7,8,9	Students will try a variety of different board games throughout the course of the ASA. This will involve cooperative, roleplaying, strategic games and tactical games. There will be a mix of light and heavy games to give students an introduction to the hobby.
Wednesday - Chess and Checkers (Year 3 – 13)	A302	Symeon Spooner and 1 Secondary Teacher		3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13	In this ASA we will play Chess, Chinese Chess, Checkers and Chinese Checkers. Playing chess and checkers is a great way to make friends and to develop Maths and problem solving skills. If you don't know how to play, don't worry- we will teach you!

Wednesday - STEAM Movie Maker (Year 4 – 8)	A306	Sebastian Kristandl Plus 1 Secondary Teacher	15-30	4, 5, 6, 7, 8	If you love using iMovie and want to practise your Movie making skills then join this club - have a go at filming and editing your own movies
Wednesday - Knitting Club (Year 7 - 13)	B421	Amberdawn Moore	12	7,8,9,10,11,12,13	Students of all levels of ability, including those with no prior experience, are welcome to participate. Beginners will be taught how to cast- on, knit, purl and bind-off as part of a scarf project. Knitters with more advanced knowledge may work on acquiring new techniques and/or more challenging independent projects. NOTE: For IB Diploma students, this activity meets Creativity requirements for the CAS portfolio or Skills for the DoE Award. Some basic supplies will be available to get students started. However, students may bring their own wool (DK or Aran weight) and 6mm straight needles. A choice of yarn in a light, solid colour is recommended for new knitters.

ASA Date/Name	Location	Staff	Max Pupils	Year Groups	Notes
Thursday - British Physics Olympiad – Experimental Project (Year 10 - 13)	B103	Darren Byrne	20	10,11,12,13	<p>The British Physics Olympiad (BPhO) aims to encourage the study of Physics and recognise excellence in young physicists through annual Physics competitions. Participation in a British Physics Olympiad is a challenge for able students which allows them to:</p> <ul style="list-style-type: none">• Have fun problem solving• Practise open-ended and unstructured questions, as seen at higher levels of study• Develop the skills required for admission to top universities• Compare their attainment with students from all over the world. <p>The competition is judged in two categories - Group A, for years 12 to 13 and Group G for students in year 10 or 11. Prizes are awarded to students with outstanding papers. The best papers may be published on the BPhO website.</p>
