Dear Applicant,

Nord Anglia Education is the world's leading premium international school organisation. We currently have 29 schools in China, Europe, the Middle East, South East Asia and North America, with two new schools opening in Hong Kong and Dubai this September.

We are a fast growing, successful education company with over 20 years' experience operating premium international schools. Within the last three years we have been particularly successful, doubling our size and seeing significant growth both within our existing schools and through the acquisition of new schools.

Each Nord Anglia Education school is unique in character and tailored to meet the needs of their specific location, but they are united by the quality of education they offer, the excellence of the student experience and the efficiency with which they are managed. We position our schools as at the forefront of contemporary educational practice while preserving traditional educational values.

Our international schools mostly follow the English National Curriculum plus the International Baccalaureate Diploma at 16-18. In some locations, we offer the International Baccalaureate Primary and Middle Years programmes, A-Levels, the French Baccalaureate and the Swiss Maturité.

We currently educate over 18,500 students from early years through to 18 years old. Our students come from a wide mix of backgrounds and cultures and a typical school may have up to 60 different nationalities represented. A Nord Anglia Education student will benefit not only from the richness and expertise within their own school environment but also from other schools across the Nord Anglia Education family through our Global Classroom. Similarly, our teachers are united with their peers through Nord Anglia University, our bespoke corporate university designed to provide unrivalled professional development opportunities. .

Our 3,500 outstanding teaching professionals and our distinctive educational model, High Performance Learning, create exciting high performing learning environments for our students. Although our schools are non-selective, year on year our students' academic achievement exceeds global averages across every key stage. On average, our students' score almost four points above the global average in their IB Diploma, and nearly one in five students goes on to study at one of the world's top 30 universities.

Our schools are amongst the most respected premium schools in their markets and are a very popular choice for parents.
