

# Early Years *Virtual School Experience*

## Virtual Home Visits 17th-28th August

Virtual home visits will enable children to have a chance to get to know their teacher on a one to one basis and begin to establish a relationship. This will help to reduce anxiety about starting school and the children will become familiar with the teacher and teaching assistants before entering into the classroom.

They will also provide parents with an opportunity to speak about any particular needs your child may have and are a great beginning to opening up lines of communication between home and school.

## More activities from 1st September
