

Dear Parents

This letter has been sent home to inform you about your child's learning for **next week**.

In **Literacy**, we will continue working on improving our comprehension skills. We will also revisit the past tense and also explore magazine articles in the build up to writing our own.

In **Numeracy**, we will be learning about geometric shapes and lines as well as different types of angles.

In **Science**, we will be learning about ways that human activity affects the environment.

Our **IPC** topic is 'Olympics.' We will be creating our own artistic gymnastics routine with hoops, balls and bean bags.

In **Art**, we will be using clay to recreate the designs of Greek Plates, which we designed in the previous lessons.

In **ICT**, we will be making links to our Science topic 'Habitats' and creating PowerPoints about various animals and their habitats.

In **PSHE**, we will be continuing our new topic of 'Healthy Me.' A couple of weeks ago we started discussing what is healthy and what are some healthy habits we should. This week we will continue with these discussions and further explore being healthy.

For **Spellings**, students will receive their spelling lists on Wednesday and will be tested on the list the following Wednesday. Students will have 9 or 11 words to learn during the course of the week.

Notice & Reminders:

- Parent-Teacher Meetings letters have been sent home, please be sure to use the link and sign up for an appointment with your child's teacher.
- Year 4 had a lot of fun taking part in the House Quiz.
- Year 4 really worked hard during their assessments and we are really proud of their progress as a cohort.
- Year 4 are looking forward to their trip to 'Bounce,' if you would like your child to take part in the trip on Sunday 25 March, please do send in the signed trip form with the money.

We hope you have a terrific weekend!

Yours faithfully

Year 4 Team
