## Exciting Experiences

**YOUR CHILD WILL DISCOVER NEW  
PASSIONS AND RE-IGNITE OLD ONES**

### CO - CURRICULAR ACTIVITIES

We want to provide all our students with the chance to extend their learning beyond the formal curriculum and so have created a wide range of co - curricular activities (CCAs) that students can opt into at the end of the school day. We offer different CCAs across the age ranges covering sports, creative writing, ICT, computer science, creativity, debating, eco-activities, science, drama, language programmes, performing arts and much more.

### LEARNING BEYOND THE CLASSROOM

Some of the very best learning takes place away from school trips, on visits and residential. NAS Dubai offers experiential and innovative learning through co-curricular activities, enhanced programmes, languages, trips, residential and visits. Students will spend time outside the classroom and together on day excursions or residential trips visiting exciting and challenging locations. There are opportunities to be involved in new activities and work with different people throughout the year.

### LANGUAGES OTHER THAN ENGLISH

Our students enjoy a range of language programmes, studying both Arabic and a further language from German, Spanish, Chinese (Mandarin) or French.

### SPORTS, MUSIC & ARTS

Our sports programme gives students the opportunities to learn, build skills and have fun new experiences outside of the normal classroom environment. At our school we aim to provide a high standard of coaching and competition for sportsmen/sportswomen while enabling those who do not want to compete to find something they can enjoy. Music, drama and art allow students to take risks, to learn how to work with others, to learn about themselves and grow in confidence. With regular exhibitions, recitals and shows our performing arts and art students have many opportunities to express themselves.

### GLOBAL CAMPUS

The Global Campus is an innovative, contemporary and distinctive educational programme unique to Nord Anglia Education linking to our 66 schools, so all our students can collaborate, inquire, create, innovate and lead.

#### **The Juilliard-Nord Anglia Performing Arts Programme**

Developed by Juilliard in collaboration with Nord Anglia Education, the programme seeks to inspire and equip Nord Anglia students with the skills, curiosity, and cultural literacy to engage with the performing arts throughout their lives.

# Academic Achievement

WITHIN OUR FAMILY OF SCHOOLS

**YOUR CHILD WILL LOVE LEARNING  
AND ACHIEVE AMAZING RESULTS**

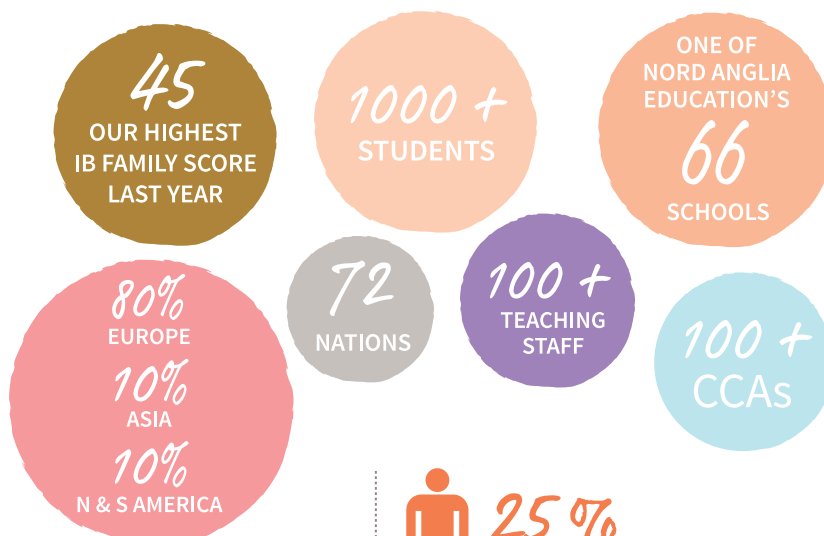

Students can be confident that their results will command respect around the world and open doors to universities and careers. A characteristic strength of British based education is that all qualifications are backed by prestigious external awarding bodies, and students take pride in certificates issued by organisations such as the International Baccalaureate Organization and the University of Cambridge.
