

Introduction

This term, our children have been learning all about people, animals and plants as part of our 'Amazing Animals' and 'Look at Me Grow!' topics. Children particularly enjoyed our Health and Wellbeing Week which gave them the opportunity to take part in daily 'Wake Up Shake Up' sessions and learn about the different ways to keep their bodies fit and healthy.

We hope you enjoy taking the time to read our newsletter and reflecting on what has been another wonderful term at TSK.

Learning in Crèche

In Crèche, this term's topic was 'Amazing Animals'. Printing and painting activities helped the children in Crèche to explore different animal prints and patterns and they have become more confident to use different media. Children loved dressing up as different jungle animals in their role play area and, with support and modelling from their teachers, their social and interaction skills have flourished. It has been wonderful to see our youngest students taking an active role in their learning during a term that has been full of fun and laughter. We can't wait to see what next term has in store!

Learning in Pre-KG

In Pre-KG, children have shown excellent progress in their physical development. With plenty of opportunity to use our outdoor equipment including bikes, trikes, climbing equipment and balls children have started to climb, run, show control and move with increased independence and confidence. Children have also enjoyed learning all about different animals and have enjoyed experimenting with different materials and marks through their expressive arts and design provision. In preparation for National Day, children especially enjoyed socialising with each other in their very own Diwaniya!

Learning in KG

KG students have been busy gardening and planting this term and learning about the different ways to help a plant grow. From flower shops to a TSK 'mini-mart', children have had the opportunity to role play different real-life experiences and develop their communication and language around healthy and unhealthy choices. Children learned about the importance of handwashing and brushing their teeth and have been busy building healthy habits for life.

Sports Day

TSK Sports Day was a huge success this year. Children went on a 'treasure hunt' challenge as they moved around the five activities set up on the TSK campus. Bluebell Class were the first-place winners for KG and Hazel Class were the first-place winners for Pre-KG! Congratulations to all of our children for their efforts, enthusiasm, teamwork skills and participation.

National Day

We finished the term with our very special National Day celebrations. Children made Kuwait flags, and enjoyed parading to traditional music in their special National Day costumes. Thank you to all of our families for helping to make this day so special for our students.

Term Dates

We return for the start of Term 4 on Sunday 06 March and we hope our families have enjoyed a restful term break. Please note that children will need to come in Summer Uniform from the beginning of Term 4. Thank you for your continued support.

"Play is often talked about as if it were a relief from serious learning. But for children, play is serious learning. Play really is the work of childhood." - Fred Rogers
