RE: DENTAL SCREENING

Dear Parents/Guardians,

We are happy to announce that we will soon be offering our yearly free dental screening for all students. It is done at the school by a team from the Shanghai United Family Hospital dental clinic. The screening has been offered in previous years and has proved to be very successful. It has helped to make many children feel more comfortable about visiting the dentist. The screening is quick, painless and follows strict international infection control standards. It will take place on 4 and 5 December. A consent form is attached. Please complete the form and return by Friday 21 November to either Primary or Secondary reception in an envelope marked "Dental Screening."

Regards,

Isabelle Vanderslagmolen
School Nurse
