

Year 1 Home Learning Menu ¹⁵⁻³⁻¹⁸

Starters: Science

-  Draw a picture of the plants you can see where you live.
-  Design a poster about how to care for plants. Don't forget to include the different things a plant needs to grow.
-  Draw a picture of what an alien might look like and write down 4 sentences describing it.
-  Answer the question, 'If I went to Space I would bring...'

Main Course – you **MUST** do these every week:

- Write a few sentences about your favourite Super Hero. Please include a description of what he or she looks like. Don't forget to put a full stop at the end and a capital letter at the beginning.
- Spend 10 minutes a day on Reading Eggs.
- Spend 10 minutes on Mathletics.
- Practise your spellings with an adult. Remember to write them down as many times as possible.

- Everyone **must** finish the main course every week. **Work must be completed in your Home Learning books and returned to school on Wednesday of each week.**
- If you are feeling *extra* hungry, you can order from the starters. These will focus on a different subject each week. Each dish has a difficulty rating. The more chilies, the more *challenging* the task!
- Why not spend some time tackling some of the family side dishes. Time spent as a family is important and you can learn together whilst having fun.

Dessert: Project to be completed by 28 March!

Using different household materials create a 3D model of your bedroom. This project links closely to our IPC theme 'Our World'.

Sides: Family Fun

- Using recycled materials from your home build a space ship. If you are not sure what one looks like research it using google.
