

LÉMAN CHENGDU

INTERNATIONAL SCHOOL

A NORD ANGLIA EDUCATION SCHOOL

*Fast Facts*

# About our school

Léman International School Chengdu (LIS) welcomes students from Nursery to Year 13 on its 50 acre campus.

The Early Years classes have adopted the International Early Years Curriculum (IEYC) which uses international best practices, holistic enquiry and play based approaches that cover all curriculum areas including personal, social and emotional development. Our Primary School implemented the English National Curriculum for Maths, English and PE. This is integrated with the International Primary Curriculum (IPC), currently used in 1000 schools in 65 countries, to give a thorough educational experience throughout Primary. The Secondary School, from Year 7 to 11, is based upon the International Baccalaureate Middle Years Programme, with Year 12 and 13 based upon the International Baccalaureate Diploma Programme. We offer foreign languages including Mandarin and French. Korean is also offered to its native speakers.

The school has world class facilities on an extensive campus including fully equipped modern classrooms, science laboratories, an art studio, music studio, I.T. rooms, gymnasium, swimming pool and large outdoor sports facilities, including two full size football pitches; this allows us to offer an extensive extra-curricular

activity program, sports and arts programs.

We are proud that 3 out of 4 of our graduates have chosen, and been admitted to, the world's top universities (according to the QS World University Rankings). Our graduates attend the very best universities in the world, including Oxford, Tsinghua, UCL, LSE and NYU. We have graduates attending two of the world's top 3 Art & Design Institutes, entering the New York Fashion Institute where Calvin Klein and Michael Kors graduated, and undertaking internships with globally famous companies such as Porsche and PWC.

We are part of the worldwide Nord Anglia Education family and this gives us a unique link to schools and opportunities worldwide. This includes partnerships with the world leader of performing arts education, The Juilliard School, with the world's number one university, MIT, and our collaboration with UNICEF, whereby students have their social consciousness raised so they care more deeply about the world and the people in it. Our unique online and classroom collaboration platform, Global Campus, connects more than 67,000 Nord Anglia students and our visits to expedition centers in Tanzania and Switzerland take learning beyond imagination.

“

*I am delighted to welcome you to Léman International School Chengdu. One of the most important decisions a family makes is selecting a school, and we understand the care and thought that goes into choosing the right school for your children; that is why we want to share with you what makes our school so special and why our learning environment is like no other.*
