Welcome from the Principal

Dear Parents and Students,

It is our pleasure to welcome you to the 2021-2022 school year at The British School of Tashkent. We want to extend a very warm welcome to all our new and returning students and parents as we enter our 11th year here in Tashkent.

Our aspiration is to achieve a World Class Education for all pupils in our growing community here in Uzbekistan.

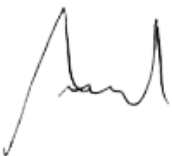

We are fortunate to be part of the NAE Group, a network of 73 schools established across the globe. We are looking forward to providing your child with an exceptional educational experience. We will continue to build on our reputation of excellence as we seek to meet the needs of all students enrolled in our school. Our staff members are enthusiastic and passionate about teaching and bring a wealth of experience and expertise.

At The British School of Tashkent (BST), we have created a stimulating, safe and positive learning environment, with high expectations of achievement, endeavour and behaviour. We are committed to making the curriculum accessible to all students through utilising a range of teaching styles and state of the art technology, which will motivate our students to develop independent, lifelong learning skills.

As the Principal of BST, my role is to establish a culture that promotes excellence, equality and high expectations of all students. We value the opinions of our parents, therefore please feel free to send an email or call to arrange a visit. Parent input is invaluable, and I look forward to working with you in the most important job you have - educating your child.

We hope you will find this handbook useful and look forward to working closely with you to ensure the success of BST and our students.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Andre Nel'.

Dr. Andre Nel
Principal

Welcome from the Head of Secondary School

Dear Parents and Students

I wanted to write a short note to welcome you to the Secondary school at Tashkent British School. By coming to this school, you are not just joining a school, but a family of more than 70 schools worldwide. This means that as well as benefitting from the excellent teaching of your teachers here in Tashkent, you are gaining from the experience and expertise of the best educators worldwide. As a teacher who has been with Nord Anglia for 11 years, teaching in 4 Nord Anglia schools, many times I have sought and benefitted from advice and help from teachers in different countries. Our students get a similar worldwide benefit through our Global Campus and collaborations with the Massachusetts Institute of Technology (the best university in the world), Juilliard School of Performing Arts (the world's top performing Arts institution) and Unicef. Teachers worldwide are attracted to teach in our schools by our unmatched professional development and training, and this is mirrored in the outstanding results that students get in our schools worldwide. My own three children are proud graduates of Nord Anglia schools – I can't think of a better recommendation than that.

I hope very much that you will find our secondary school to be warm, friendly and indeed fun, whilst still achieving the highest academic standards in Uzbekistan. Following the disruption of COVID, I hope very much that our extra-curricular activities, so essential both to well-being but also academic success, grow from strength to strength. Nothing prepares a student better for academic success than the discipline and hard work required to master, for example, a musical instrument or a sport. As Einstein said "It's not that I'm so smart. It's just that I stay with problems longer". A well-rounded resumé is of course also essential to gain entry to the world's top universities; academic qualifications alone are insufficient.

Please rest assured that myself and the other staff in secondary school will do our utmost to ensure that your time here at BST will not only be memorable, but will set you on the best course for whatever you choose to do in your life.

Simon Porter BSc MA DipRCM PGCE
Head of Secondary

Academic Calendar 2021-2022

Term	Dates	Key dates for your diary
1-Autumn Term	23rd August – 22nd October <i>(24th October – 29th October Half Term Holiday)</i> 1st November – 17th December	<ul style="list-style-type: none"> • 1st-3rd September - Independence Day (School Closed) • 9th September – Open Evening (New Parents) • 1st October – Teacher's Day (School Closed) • 8th December – Constitution Day (School Closed) • Saturday 11th December – Winter Festival

The Uzbek School curriculum will be completed during Lesson 6, Monday – Friday from 14:15pm-15:15pm.

Our curriculum

Our students follow an enhanced National Curriculum of England and Wales at Key Stage 3 (Years 7-9). At Key Stage 4, students are completing their IGCSE/GCSE courses, and follow the programme of study set out by the relevant examination board (Edexcel or Cambridge International Examinations). Uzbekistan Nationals will also complete their Local High School Diploma (Attistat).

	Years 7-9 (Key Stage 3)	Years 10/11 (Key Stage 4)*	Years 12/13 (Key Stage 5)**

Uzbek School	5	5	5
*In Key Stage 4, all students study English, Maths, Biology, Chemistry and Physics. Students then choose up to three Optional Subjects.			
**In Key Stage 5, students follow a more bespoke curriculum, with most students studying 3 AS/A2 Level subjects.			

Arrival and Departure Procedures

Students should arrive to school at 8.00am so that they have time to organise themselves and be at the appropriate classroom for their first lesson. Registration/PSHE starts at 8:00am and Lesson 1 at 8:15am. Students who arrive late for school after 8.10am will be marked as arriving late and will collect a late mark from their subject teacher on the Register. The attendance and late arrivals will be monitored by both the subject teacher, the Form Tutor and

the relevant Phase Leader. Where lateness is a re-occurring problem, steps will be taken to ensure punctual arrival to school.

Please ensure that you or a designated guardian collects your son/daughter from a member of the security staff at the end of each day from the designated entrance of the school.

Security

There is no issue that the school takes more seriously than the safety of our students. We have security guards at the front gate to ensure unauthorised personnel do not enter the school grounds and all visitors entering the school are required to sign in and out.

All families will be asked to have their photographs taken by BST administration team or send in electronic photos so that ID cards can be made for any adult picking up a child. No adult will be allowed on the school grounds without their ID card. Parents should provide the school with at least two contact telephone numbers in case of emergencies. It is vital that you inform the school of any changes to these contact numbers. Please support us in this.

It is essential that we have an accurate record of who is authorised to collect your child and their photograph in order to make an ID card. We will not release a child to the custody of a different adult unless we have received notification from the child's parent.

If you need to collect your child during the school day, please call the Kalandar reception and request a 'Leave of Absence' for your child, we do not allow any student to leave the school site without direct contact from a

parent/guardian. Parents are not allowed to go up to classrooms to collect their children and must wait at reception. Early Release slips will need to be collected from the front desk before leaving the school premises and shown to security. Please try and keep absenteeism down to a minimum and only in emergencies. *(Please note; birthday parties and trips to the mountains are not reasons to remove students from school for the day.)*

Extra-curricular Activities

The Extra-curricular Activities (ECAs) programme offers a wide range of activities including sports, music, art, science, creative learning. The opportunity for students to develop interests beyond the classroom is an integral part of the school. ECAs are on Mondays and Thursdays after school. The activities are organised by staff members and outside instructors. Generally, there is no charge except when they may take place off site or are run by external tutors. The students will be notified of the clubs on offer in advance so that you can assist your child in choosing the preferred activities.

Once an activity is chosen for each term, it is important that the student remains committed to that activity. Students and families will, of course, be made aware of the requirements of the activities that they select.

School Uniform

School uniform is compulsory for all students attending the school. We believe that wearing school uniform in a proud and smart manner promotes positive self-esteem and, therefore, is integral to the ethos of the school. All students are expected to arrive at school every day in clean clothes, which are to be worn in a tidy manner. We expect our students to take pride in their school uniform.

Blazers may be worn any day but are compulsory for assembly days when all students will be required to wear their blazers every week.

Under non-Covid 19 circumstance, all students should bring PE uniform to school on PE days to change into and out of the start and end of each lesson. PE uniform is not to be worn inside the classroom. You will be informed about these days at the beginning of the academic year. At the discretion of the PE staff secondary students will be required to shower and change after their PE lessons. *However, whilst health and safety protocols relating to Covid 19 are in place, students are to attend school in their PE uniform as change facilities will not be available due to safe social distancing and sanitisation standards being followed.*

Below is the set uniform for Secondary students:

Boys Uniform

Summer Shirt

Short Trousers

Summer/Winter Polos

Winter Shirt

Long Trousers

Black shoes/
trainers

Dark Socks

Optional

Blazer

Senior Tie

Girls Uniform

Summer Shirt

Skirt

Summer/Winter Polos

Trousers

Winter Shirt

Skirt

Dark/White socks

Black shoes/
trainers

Navy tights

Optional

Blazer

Senior Tie

PE Uniform

PE T-Shirt

PE Shorts

Tracksuit top/
Zippered tracksuit

Tracksuit bottom

House T-Shirts

Scarf

Romans

Saxons

Vikings

Normans

Other items

Footwear is an important aspect of the school uniform; the correct socks and shoes complete the uniform (see above). Shoes should be made of black leather, be business-like style and worn each day.

On PE days, students must wear appropriate footwear for the activity on offer - normally training/sports shoes. All students should wear regular PE uniform for lessons and house colours for competitions and events only.

Use of coats and anoraks are encouraged during cold and rainy days, and sunhats on sunny days. A pair of indoor and outdoor shoes is also required throughout the year and is essential during the winter months. Girls may wear tailored trousers in winter.

We encourage independence in our students. This does mean at times that items can go temporarily missing. With this in mind, please label all items of school uniform with the student's name and class.

General Appearance

For safety reasons the wearing of earrings (except studs), or other jewellery (metal or plastic) must not be permitted during sporting activities, PE or swimming. They represent potential hazards to all participants. Medical, professional and occupational safety advice confirms that they should be avoided at all times.

Hair should be worn in a neat style. Please note that extreme styles including 'tramlines' and bright colours are not considered appropriate hairstyles for school. If a student attends school with a hairstyle that is deemed inappropriate, the Head of Secondary will inform the parents and request a more suitable style. Makeup and nail varnish are not permitted in school. Furthermore, a student may be required to wear hair tied back and/or to remove jewellery if it is deemed hazardous to an activity.

What your child will need for School

Please note that this information will be updated in line with COVID-19 protocols and updates shared separately.

Water Bottles

- Each student will be asked to bring their own reusable water bottle to school
- The bottle should be individual and never shared with others
- It should be clearly labelled with the name and class of the student
- The bottle will be returned home at the end of each day to be washed
- Only water should be contained in the bottles - no juice, carbonated drinks or flavoured drinks
- Water dispensers will be available at school for refills whenever required

Storage & Usage

- Please note that students may not be permitted to use water bottles in locations which are deemed hazardous, e.g. in the vicinity of ICT and/or electrical equipment

Resources

All Secondary students are expected to bring a pencil case to school every day with personal items needed for the school day. These items include black, blue and green pens, a ruler, pencils, coloured pencils, rubber/eraser, pencil sharpener, compass and protractor, and a scientific calculator. This pencil case should be brought to school in a bag where other personal items may be kept.

Prohibited Items

It is school policy not to bring the following items to school:

- chewing gum and sweets
- toys or games unless at the request of a teacher
- Only electronic devices as per the BYOD policy are allowed. This is to ensure that students' belongings do not get damaged or lost. If a parent needs to contact a student urgently, a message can be passed through the school office.

Mobile phones are only allowed using the following guidelines:

- The student is solely responsible for the phone. School will not be responsible for lost or damaged phones.
- The phone may be used for educational purposes only and with the clear permission of a teacher. If a student is found using a phone, for other purposes including, using social media, playing games, listening to music or taking photographs, during school hours, including break times, without the permission of a teacher, it will be confiscated. Parents will be advised and the privilege of having a phone in school will be withdrawn from the student.

School Lunch

School meals are freshly prepared daily on the school premises. A hot and nutritious lunch is served to all children in school. School lunches are paid for in advance along with tuition fees. If you have not already informed the school that your child has dietary restrictions (whether for health, religious or allergy reasons), please do so immediately. We will inform the school kitchen and special arrangements will be made to provide proper suitable alternatives.

Snacks

A healthy selection of snacks is provided for students by BST as part of the designated lunch fees. They are available at break time. **Please be aware that BST is a nut-free zone.**

Behaviour

Positive Behaviour and Code of Conduct

Our school's Code of Conduct aims to achieve a positive atmosphere in which more time is spent on teaching and learning. We recognise that the school has a critical role to play in developing self-discipline in students. We aim to establish acceptable patterns of behaviour and to encourage students to develop a sense of responsibility, self-respect and a respect for other people, property and the environment.

It is essential for parents and the school to work in partnership so that the values encouraged by home and school are mutually reinforced. The following outlines the key expectations we have of students:

- treat everyone with respect and courtesy
- behave in a way that aids learning during lessons
- walk at all times when indoors
- walk on the left in corridors and staircases
- hold doors open for others
- remove coats, jackets and hats during lessons and at lunch
- make sure that classrooms and playgrounds are kept clean and tidy; litter should be placed in bins
- greet the teacher and guests in the school
- speak and listen in turn
- always look after classroom resources and ensure that furniture and resources are tidy at the end of lessons
- knock and wait to be invited into the room if late for class
- do not leave the classroom without the teacher's permission
- no eating and drinking in the classroom – except water, and with the teacher's permission
- students are responsible for clearing trays, plates, etc., after break and lunch

All students are encouraged, taught and expected to demonstrate high standards of behaviour. We value highly the qualities of self-discipline, self-respect and respect for others and their property. We encourage all students to act as positive citizens and anti-social behaviour including bullying and fighting will not be tolerated at our school.

Members of staff will reinforce positive behaviour using praise, House Points, positive emails home amongst other methods. Whilst we endeavour to focus on the positive, the use of verbal warnings and detentions (breaktime and lunchtime) are the main sanctions employed where necessary. Please note that we will always give 24 hours' notice if a student is expected to stay after school for a detention.

House System

On entry to the school, each student will be allocated a house, with members of the same family being placed in the same house. We always seek a balance of male and female students in each house. The house names and colours are as follows:

Normans

Romans

Saxons

Vikings

The House system comprises two parts:

1. House system, where students gain house points for individual awards relating to their progress and efforts in all aspects of school life.
2. Inter-house competitions such as sports days, swimming galas, poetry and music competitions.

We celebrate achievement throughout the school year, recognising excellent attendance, citizenship and student leadership, and certificates are awarded regularly in assemblies.

Attendance

Regular daily attendance is essential if students are to achieve their potential. Good attendance is set at 95% of the school year. This means that a student can have several days absence each year for illness and still achieve excellent attendance. There is a clear and proven correlation between attendance and exam performance and we ask that parents support attendance at school wherever possible to support the success of their child in their learning.

Absence from school for reasons which are neither health-related nor involving an emergency are strongly discouraged and should be kept to a minimum. Parents who are aware of such future absences should inform the class teacher/tutor and seek permission from the Head of Secondary as far in advance as possible.

Our School Nurse calls the parents of every child, on the first day of their absence. This is to confirm the absence and clarify the details.

Please note that it is not school policy to provide work for students who are absent unless it is planned and teachers have been notified. Attendance of each child is monitored weekly by Form Tutors and School Leaders and parents will receive notification of the number of absences in the student's school reports. Where there is significant concern arising during a term, parents will be asked to attend a meeting with their child's Form Tutor and/or Head of Secondary to discuss the nature of the absences and how attendance can be improved.

Absence Through Sickness

While regular daily attendance is important, sometimes absence is unavoidable through sickness. Please inform the school if your child is unable to attend school for health reasons. Please telephone as early as possible after 8:00am and leave a message for the form tutor.

In order for us to ensure the health and safety of your son or daughter, please advise us of any medical problems your child may have when there is an allergy to materials or food. Please ensure that the health questionnaire has been completed.

If your son or daughter becomes unwell and the class teacher/tutor feels that s/he may not be well enough to participate in lessons, the student will be referred to the school nurse on site. After further observation, if the student is clearly not well enough to return to class, you may be telephoned to collect your child. The Head of Secondary authorises a child to be sent home due to ill health in school. Please be aware that it is the responsibility of the parents to collect an unwell child, and that the school cannot provide a driver in such circumstances. Please ensure that school always has updated contact phone numbers.

A minimum of 90% of the school year is required to ensure that the student has attended school regularly enough to successfully complete the year and make reasonable progress. When attendance falls lower than 90%, learning and progress can be affected and over time this will have an accumulative detrimental affect on a student's exam results.

Health and First Aid

Please note: the health and safety protocols in school are monitored daily and are updated regularly in response to Covid 19 and the local requirements and Nord Anglia Education advice.

The school employs a full-time qualified nurse on each site. In the unlikely event of a more serious accident, emergency services will be called to the school and parents will be telephoned immediately. In consultation with parents, transportation will be organised to a hospital or international clinic.

Medicine for Students

Academic and administrative staff are prohibited from giving any medication to students whilst on site. School nurses require a prescription from a doctor with the doctor's signature and stamp in order to administer any medication to a child. If this cannot be provided, a family representative known to the school will need to give medicine to the student. If a student indicates having a minor condition such as a headache, the school nurse may contact the parent to request permission to provide a mild painkiller so that the student may recover and remain in school.

Role of the Parent

At BST we recognise the importance of involving our parents in their child's education and we encourage the support of parents throughout the school.

Parents are often invited to support class assemblies, activities, open days and curriculum days in order to be involved in school life as much as possible.

In addition to your role within school we also encourage your support with your child's learning at home. At BST we consider homework to be an excellent way to review or reinforce work taught in school rather than a way to extend learning.

Home/School Communication

At BST we greatly value working in partnership with parents and guardians to ensure the very best for your children. As part of this, we place a strong emphasis on opening up many avenues of communication between parents and teachers. Please take the time to read the following to help you understand the different ways that we can share information with each other.

- **Email.** Critical/individual communication can also be maintained by email, though we ask you to do this selectively and concisely so that email communication remains manageable for teachers in order that they can focus on their classroom work. The subject teacher should be the first point of contact with any subject based issues. The Form Tutor should be contacted with general queries. When appropriate, they will refer any important issues to the Senior Leadership Team. If you wish advice on administrative aspects of school our admin team are always happy to help.
- **School news** will be published via email and the Telegram group. It includes articles from staff and students and photos celebrating what the children have done throughout this period and updates on important events.

- **School Reports.** Each term you will receive a full written report on your child's progress and attainment. (See the section: Reporting Procedures)
- **Parent Teacher Consultations.** These take place twice a year and give you the opportunity to talk one-to-one with the teacher about your child's progress, development and targets.

Target setting and reporting procedures

Teachers report progress data in each term and this is shared with parents in a report.

The progress data is mapped to targets set in each subject for each student that are based upon Cognitive Ability Tests (CAT) completed early in the Autumn term. The CATs profile a student's ability in 4 key areas and provides important data to the student's teachers that informs lesson planning and teaching.

Each report to parents will indicate the current progress their child has made, as well as their attitude to learning and whether they are currently performing in line with, exceeding or falling below expectations of progress.

Parents' Evenings are held twice a year and they provide an essential opportunity for the parents and student to discuss progress with each teacher, identify areas of strength and areas for improvements and the strategies used to accelerate progress.

Student planner and homework

Each student in KS3 has a 'planner' and a homework timetable. The planner is used to record homework, due date and its completion as well as provide parents with an opportunity to write any comments or feedback to form tutors and subject teachers. Parents are asked to check and sign the diary each week. Missing/incomplete homework will result in sanctions.

A new Homework App called Sachel has also been introduced to help parents, students and staff follow-up on homework that has been set.

Homework in the Secondary school is organised to take account of the variety of requirements across subject areas. For example, frequent short homework is ideal for reinforcing techniques in mathematics, whereas longer project style work is better suited to geography or history. In Year 10 and 11, 'GCSEPod' learning is set (www.gcsepod.com) to close gaps that have emerged in a student's learning, support revision and exam preparation.

An important aspect to homework learning is to train the students into a form of time management so it is important that students tackle homework early to avoid accumulation on one night. Form tutors will monitor this

during Academic Review, and students are encouraged to take on the responsibility for the organization of work as they progress through school. The aim is to build independent learners and a key aspect to this is incorporating into lessons the need to develop self-study skills.

Homework should be:

- manageable for parents, students and teachers
- directly related to students' class work and the school curriculum
- regarded as important and monitored by parents and teachers
- clearly understood by all students in term of objectives and feedback

Expectations

- *Key Stage 3 (Years 7, 8 and 9)*

While homework is seen as an integral part of studies here at BST, the school is conscious of the need for a balance between academic work and home life and recreation. Consequently, subject teachers set homework that should be easily completed independently by the student.

Staff will try that no more than 3 subjects set as homework each day and each piece should be approximately 30 mins in duration. However, this is not a rule and more homework can be set if staff feel it is needed.

- *Key Stage 4 (Year 10 and Y11)*

Homework at Key Stage 4 is

English	2 x 60 minutes
Maths	2 x 60 minutes
Science	2 x 60 minutes
Option subjects	1 x 60 minutes

- *Key Stage 5 (Year 12 and Y13)*

Independent study in school should combine with additional homework to ensure that research, additional reading, exam preparation and revision is completed each week to the required standard of the level of qualification being studied and in accordance with the expectations from the teacher.

Parents are requested both to monitor their son/daughter and to ensure that they have a quiet place to work without distractions. While internet research may be required for the completion of certain assignments, parents should check that their son/daughter is not simultaneously accessing online communication sites and/or programmes such as Facebook or Telegram messenger. A student who fails to produce a piece of homework punctually or produces work which is incomplete or well below their capabilities will be given a verbal warning which will be noted on ISAMS and in their planner. On the second occasion, a written warning will be noted, advising that there will be a lunchtime detention should a third instance occur. A third instance of unsatisfactory homework

will result in a lunchtime detention. Thereafter, if the matter has not been satisfactorily resolved, the form tutor will contact the parents to arrange a meeting in order to discuss further strategies.

Educational Visits

These are under continuous review due to Covid-19 restrictions.

Educational visits are crucial opportunities to learn beyond the classroom and each secondary department is encouraged to take learning beyond the walls of the school through curriculum-related trips and visits. In the secondary school, we offer the opportunity for our students to enjoy a range of trips and visits which include participating in Nord Anglia activities in other countries, as well as broadening and deepening their learning closer to school. This opportunity is of great benefit in supporting independence, maturity and self-esteem and for many students is the highlight of the academic year.

Every effort is made by the organising staff to share information and costs at an early stage. We will advise on the needs for visas, flights, and other services that the school may not be able to take payment for directly so that parents can be organized and timely in securing their child's place on the trip.

Meeting Student Needs

At BST every effort is made to meet the individual needs of all learners in each lesson and in their experiences at the school. Learning is differentiated accordingly by all subject teachers and additional support provided where it is appropriate and reasonable.

EAL (English as an Additional Language)

We embrace and celebrate the many languages of students at The British School of Tashkent. We have a well-established system developed by our EAL Department to assess, target, track and promote a student's linguistic proficiency. Where the need is detected, students join high intensity, small group lessons to develop social and functional language.

All students who speak English as an Additional Language have individualised language targets which support their continuing language journey, especially in regard to academic and cognitive language skills. Our teachers are very aware of how best to support not only meeting the curriculum requirements, but also developing language objectives to develop bilingual students.

Learning support

Our aim is for all pupils to access the curriculum independently and with success in our secondary school. A small number of students may benefit from support with their levels of English or to meet a specific learning need. We maintain registers for both English as an additional language (EAL) and moderate special educational needs and disabilities (SEND) and provide support in line with our school admissions policies.

Using English in school

English is the first language of the school and we encourage it to be used as much as possible by all secondary pupils. It is the one common language that all pupils will share and therefore has the capacity to unite all pupils. Students in secondary school are therefore expected to be using English throughout the day.

"Bring Your Own Device" Policy

English throughout Technology is an integral part of life, and this is no less true in education. At BST we are dedicated to a learning environment that gives access to appropriate technology in order to enhance learning, unlock potential and connect students locally and globally. We ensure that all students and staff have access to high-speed internet in all areas of the school and they may bring a device of their own to access this.

The students at BST are digital-natives. For them, technology is part of the environment in which they are growing up. The BYOD policy has been designed to ensure that all members of the school community are given the opportunity to develop the necessary digital literacy skills to thrive in the digital age.

Student-centered learning is a key value of any International School and BYOD helps support this philosophy by giving students more opportunities to take responsibility for their own learning and to develop the attributes of the Global Learner Profile. Our aim at BST is for students to learn with technology, rather than learning from technology.

The use of BYOD supports key contemporary learning skills including:

- Accessing, filtering and processing information
- Planning and organizing
- Making choices and decisions
- Facing challenges and problem solving
- Risk-taking and overcoming challenges
- Collaborating and sharing
- Communicating
- Being creative and innovative
- Reflecting This policy applies to any device that is not school owned or supplied, and is used to access the school wireless network.

The purpose of this policy is to establish clear guidelines and procedures when students use their own devices in school, to ensure safe use and the integrity of the BST network.

Which devices are suitable for BYOD ?

At BST our BYOD model is based upon The Bring Your Own Standard Device, **where the students have to procure a device from a limited selection of standardised requirements dictated by the school. Fully funded and owned by the student, but managed by the school.** This allows for both parent and student to choose a device which meets their budget and needs, while meeting the requirements of learning at BST.

The devices “of choice” at BST are as follows.

Year Group	Preferred Device
Year 3 to 4	Suitable Tablet/iPad
Year 5 to Year 11	Suitable laptop/MacBook or Tablet
Years 12 & 13	Laptop/MacBook

School iPads and other devices will be provided to Early Years, Years 1 & 2 as younger students are not expected to carry their own devices between home and school.

Please note that smartphones are not considered a suitable device due to screen size, storage limitations, and function restrictions.

Please look at the below specifications for the device you would like to bring in.

Windows Device

- My device is not older than 4 years, or was purchased during or after 2017
- My device has at least 8GB of RAM
- My device has Core i5
- My device has 1tb HDD
- My device has a 4 + hour battery life
- My device has working Wi-Fi
- My device has Windows 10 Operating System
- My laptop has up to date Anti-Virus Software

Apple Laptop

- My laptop is not older than 4 years, or was purchased during or after 2017
- My laptop is running OSX Yosemite version (free to install)
- 3. My device has at least 8GB of RAM
- My device has Core i5
- My device has 1tb HDD
- My laptop has a 4 + hour battery life
- My laptop has working Wi-Fi

Tablet/iPad

- My tablet is less than 4 years old, or was purchased during or after 2017
- My tablet is running the most up to date OS it is capable of
- My tablet has a 4+ hour battery life
- My tablet has working Wi-Fi
- A 10” screen or more (this automatically excludes mobile phones)
- A Protective case

Software/Apps

- Word processing (word, pages, google docs)
- Spreadsheet capabilities (excel, numbers, sheets)
- Cloud Storage (GDrive/Dropbox/OneDrive)
- Chrome web browser
- Voice recording capabilities
- Video recording/editing

Students with tablets will be required to download Apps to suit the learning situation within their classroom. This may also include a Mobile Device Management software.

Are there restrictions on the use of my device?

The use of a personal device in the school is for instructional use only and at the teacher’s discretion. In addition, the wireless access is for internet use only, and users will not have access to other school systems or printers. Any use of the wireless network entails personal responsibility and compliance with all school rules and policies.

Will I receive technical support?

All students will be given the necessary help and guidance to set up passwords and access the internet. However, due to the large number of devices in the school, maintenance and technical support is the responsibility of the user.

The BYOD Partnership Agreement

We have read and understood how the BYOD policy will enhance student-centered learning at BST. We will work in collaboration with the school as per the agreement below. We recommend that parents ensure that devices are fully insured, serial numbers are recorded and where possible tracking/location software is used.

Please Tick

We agree that students are responsible for the safety, security loss or damage of their device. The school cannot be held responsible for student devices.	
Devices should only be used for learning purposes, as instructed by a teacher.	
Using the device in a way that disrupts the learning of others will not be tolerated. Users must power off and put away personal devices if directed to do so by teachers or school administration.	
Users must abide by all BST school policies when using their own devices.	
Users are responsible for the use of their personal device on the BST network at all times.	
The school is unable to support any technical issues and/or upgrades of the device.	
Users should practice caution when allowing others to access their personal device.	
All liabilities remain with the user. It is expected that students arrive at school with their devices fully charged.	
It is expected that apps are downloaded at home and that iTunes accounts are not accessed in school, to protect parents and students financially.	
The use of private 3G and/or 4G (LTE) wireless connections is not permitted. In school students should only connect to the internet via the school WIFI.	
The use of a device to threaten the sense of security or well-being of others will not be tolerated on or off campus.	

Failure to adhere to the partnership agreement may result in the student being removed from the BYOD programme

INFORMATION AND COMMUNICATION TECHNOLOGIES ACCEPTABLE USE RULES (AUR)

The school community is required to follow the acceptable Use Rules when using information and communication technologies to ensure the appropriate use, security and accessibility of the computing environment and equipment essential to the work of the community.

Network

Scope

The school network is considered to be any central storage system, servers, printers, devices to be used by multiple users and school approved cloud platforms. Mobile data connections, WiFi, NFC, Bluetooth or any other means of data communication within the school’s premises, shall be considered to be part of the school network.

Purpose

The school network is primarily for the purpose of school related study and work. Its use for personal matters should be limited, incidental and under no circumstances impinge on or detract from its use in school as a tool for work and study.

Appropriate devices

Only school-approved devices may be used on the school network.

Oversight

The school reserves the right to monitor the network to ensure its proper use. All information traveling through the network or stored on the network can be monitored by the school.

Software & apps

In the interest of protecting the school network from viruses and malware, the user may only install software and apps from sources authorised by the school. If in doubt, users must err on the side of caution and check with the school whether a source is authorised.

Parental approval

Pupils can only use school devices outside of school with parental approval. Pupils must also seek parental approval before installing any software or app that is not directly related to schoolwork.

Responsible Use

Back ups

It is the responsibility of each user to back up their devices on a periodic basis. The school is not responsible for loss of important data or material as a result of the user not performing a backup.

Passwords

Users should ensure they keep usernames and password safe and should only communicate them on request to members of the ICT team. Users must log off from the network and/or platforms when not in use.

Good care

Mobile devices, such as tablets, laptops or peripherals should not be left unattended and should always be stored in secure locations. Devices should have protective covers. Food and beverages should not be left in proximity of a device.

Preparedness

Users of mobile devices should ensure batteries are sufficiently charged at the start of the school day. They should also ensure that enough memory space is available.

Conduct

General conduct

The same rules of conduct and behaviour that apply to any instance of school life apply in the use of ICT. Every member of the school is expected to uphold the highest levels of honesty, decent behaviour and care towards others when using ICT.

Communication with outsiders

Pupils are strictly forbidden from using their devices during school time to communicate with anyone outside the school unless the matter is related to work or study and has the explicit consent of a member of staff.

Hacking

All users of the school's network are responsible for all material accessed under their account. Accessing or attempting to access another user's account without permission is strictly prohibited. Users may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to the school or other users on the Network.

Disciplinary action

The misuse of ICT devices or the school network will be considered a disciplinary matter and will be addressed according to the school's disciplinary policy.

In Summary

We hope that this handbook provides an informative introduction to our school. If you should need any further guidance, please feel free to look at our website or contact the appropriate member of the school for further advice. All relevant contact details are available on our website, from Reception or by contacting the Head of Secondary simon.porter@britishschool.uz who are all happy to help. In the meantime, we look forward to you joining our community!
