

Dear Parents

This letter has been sent home to inform you about your child's learning for **next week**.

In **Literacy**, children will be producing a well-planned story of an alien encounter. They will be learning how to plan effectively and they will be up levelling their work.

In **Numeracy**, the students will order 3-digit numbers and find the number between. Then the students will solve subtractions of 3-digit – 3-digit numbers using the counting up method to work out the answer.

In **Science**, students will be investigating magnets and magnetism. They will investigate which materials a magnetic force can travel through and learn about magnetic poles.

In **IPC**, students will be beginning their invention process. Last week we identified annoying problems in modern day life. This week students will be designing an invention to solve one of these problems. They will plan by creating detailed diagrams. Then they will identify materials needed to make a prototype. Students will need to collect these material from home, bring them into school, and build a prototype of their invention.

In **Art / Technology**, students will begin a project on designing, creating and evaluating their own photo frame. You can help your child by examining together any frames that you may have at home.

In **ICT**, students will be continuing their work on emailing and sending attachments.

For **PSHE**, students will be considering what makes them feel safe or unsafe.

Notice & Reminders:

- If you are not receiving the Home Learning Menu **each and every week**, please notify Reception, who can update our email records.
- Thank you for all of your support with assessment week. It has been very successful and we look forward to sharing progress with you in our parent / teacher meetings.
- Please ensure your child is wearing the correct school uniform. All children must be wearing a school tie if they wear our white shirt, and the shirt must be

tucked in.

- PE kit, including trainers, should only be worn on PE days.
- Please sign up for a Parent Meeting using the link provided if you wish to meet with your child's class teacher. The meeting will be a chance for you to discuss the report which you will have just received, if you wish to.

Sunday 25 March: <https://form.jotform.me/80504449573460>

- Wednesday 28 March: <https://form.jotform.me/80542112673450>
- Please remember that learning starts at 7:10. Reading and phonics starts the day so any late arrivals miss valuable learning time. Please ensure students arrive promptly at **7:00**.
- Please continue to bring in and recyclable material to be used in our IPC topic in the coming weeks.

Have a lovely weekend!

Yours faithfully

Year 3 Team
